

**Post and Flag's Cotton Letter.**  
New York, Jan. 20.—Continued apathy is the chief if not the only feature of the market and nothing in the way of news whether bullish or bearish suffices to ruffle its calm exterior. The ginning report due on Friday is expected to show about thirteen and a quarter and will have to vary sharply from that to be an influence. The trend appears to have settled down to the conviction that pending further developments present prices are about right and either there must be a sharp improvement in business conditions or strong indications that what has taken place is going to flatten out completely before trading on either side will become aggressive enough to produce more than a passing flutter in prices.

Arguments for one side or the other have been worked over so often and so earnestly that nothing is left but the shell and not much of that. What was bullish in the situation appears to be growing more so and if anything bearish theories need to be bolstered up but the situation is not yet tense enough to create any strong desire to discount the possibility of any tight pinch later and intensity of conviction has never been a safe index of the accuracy of any opinion. The market apparently could be forced lower with comparative ease but there is no indication that that will result from pressure from surplus supplies.

POST AND FLAG.

**Wife of "Bill" Hart Wins Right to Return to Films.**  
Los Angeles, Cal., Jan. 20.—Winifred Westover Hart today won a victory over William S. (Bill) Hart, motion picture actor, and obtained legal right to return to screen work under her full name until such a time as she could obtain a divorce, by a decision in the superior court here.

Judge Albert Lee Stephen held that a separation agreement entered into between the Harts was illegal and in contravention of the code. The case was a suit by Mrs. Hart for cancellation of the clause in the separation agreement by which she had agreed not to return to screen work.

**OLD FOLKS MADE NEW**

"It is now five months since I took a course of your medicine for gas and stomach trouble and I am feeling entirely well. My friends all tell me I am looking twenty years younger and I certainly feel as they say. I am recommending May's Wonderful Remedy to all ailing with stomach and liver trouble." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Gibson Drug Store and druggists everywhere.

**In and About the City**

**NEGRO HELD BLAMELESS IN ERNEST FETZER'S DEATH**

**Sam Haskins Acquitted at a Hearing at Powhatan, Va.**  
Richmond, Jan. 20.—According to advices today from Powhatan county, Sam Haskins, negro truck driver, was acquitted at a hearing in that county of blame in connection with an accident on Coleman highway, December 18 in which Ernest W. Fetzer, business man of this city, formerly of Concord, N. C., was killed. The evidence showed conclusively, it was stated, that Haskins' truck was parked on the side of the road and when it was wrecked in the collision, it was shown. Two Richmond women and J. Thomas Ramsey, Richmond real estate man, formerly of Jackson, N. C., who were also in the Fetzer car, escaped serious injury. A report that there had been drinking in the Fetzer car was found to be without foundation in the investigation.

**"The Gorilla" Friday Night.**  
"The Gorilla," an attraction for Friday night of this week at the high school, will be, according to all advices received here, one of the best plays presented in this part of the state. The play is based on the book by Jewell Boothwell Hull and is presented by a cast of competent actors and actresses. The following gives an inkling of the kind of play which may be expected.

Handed down to us by our cave-dwelling ancestors is an instinctive fear of the unknown. We face fearlessly the seen and tangible, but when some mysterious phantom attacks in the dark our blood turns to water and our bones to jelly.

Of all the beasts the gorilla seems the most mysterious and terrifying. Half man in form and walk it is credited with more fearsome deeds than any other.

Picture then a western lumber camp amid rugged rocky hills and miles of towering pines that crowd to the very door yards of the simple cabins. Unlit nights of inky blackness; roads mere paths where threes are less, thickly grown.

Bring into this setting a "thing" seen hazily in the gathering dusk, or shadowy moonlight; large of form and "hairy." Instinctively imagination gives to it gigantic size and every evil deed committed in the neighborhood is charged to it. Teams take fright and plunge down high cliffs; children scream at the sight of shadows, and need no rod or other threat than the mention of "the gorilla."

A woman in a lone cabin is found dead, with fright pictured in her staring eyes; a woman is shot, and someone standing near him feels a hairy form brush against him. Padded footsteps are heard in a room where windows are sealed and there is no outside entrance. Terror reigns.

"The Gorilla" abounds in thrills and tense moments as you can easily imagine; but is relieved by snappy comedy. You are kept guessing until the last few moments of the play as to the identity of the mysterious "thing" which frightened to death poor "Nanny" and brought terror to the entire camp.

There is a pretty love story woven into it, and loyalty and unselfishness triumph in the end over selfishness and criminal greed.

A movement for the abolition of the convict leasing system, whereby the work of convicts in the State penitentiaries is leased out to a corporation, which sells the product on the public market, has been started by the Missouri State Federation of Labor.

**GRANGER ROUGH CUT PIPE TOBACCO**

Its coolness and mellow "body" are a revelation to pipe smokers

Back about 1870, James N. Willman developed a secret tobacco process which won instant and widespread favor. It yielded a fuller-bodied richness, mildness and fragrance which just seemed to "go" with a pipe. No one else ever knew his secret until we acquired "Willman's Method" and by its means made Granger Rough Cut.

**Save Gas and You Save Money**

The gas flame under the first teakettle is correct. It burns with a steady blue flame. If your gas burners show a white or yellow flame, gas is being wasted. Call us up at once.

The second teakettle shows a wasteful, extravagant use of gas. Much of the heat is going out into the kitchen and the sides of the kettle are liable to be smoked. The water would boil just as rapidly if the gas were turned down. Once water reaches the boiling point it can boil only so fast. A low flame is more economical and just as effective.

Warning—Don't turn gas part way off at meter. This lowers the pressure and greatly hinders your cooking.

**Concord & Kannapolis Gas Co.**  
"YOU CAN DO IT BETTER WITH GAS"

We have installed a Cady Brake Lining Machine that drills and counter sinks the rivets so that the rivet heads will not cut the brake drum. We also use a riveting machine that places the tubular rivet in place just like factory equipment. Don't forget we carry a full line of accessories. Genuine Ford Parts.
