

Mr. and Mrs. Archie Cannon Entertainers For Miss Hempel.

Miss Frieda Hempel, who gave her own and the Jenny Lind concert in combination at the high school auditorium Friday night, was wonderful and the program was acclaimed as the loveliest ever heard in Concord. The combination of concerts, according to Miss Hempel, has been given only twice in America, in New York and Concord.

She is just back from an English tour and the London papers were enthusiastic in their praise of it.

Concord fell hard for the beautiful Diva—her audience was entranced by her graciousness and charm and her golden voice was applauded to the echo. She said she had rarely sung to a more appreciative audience and could feel its sympathy like waves, coming up to her.

A number of delightful dinner parties, for out of town guests, were given before the concert and Mr. and Mrs. Archie Cannon invited about fifty people to meet Miss Hempel immediately afterwards.

Mrs. Cannon's charming hospitality is well known to her friends and she was at her best Friday night. Gowned in peach colored satin, she seemed to enjoy the unusual privilege of entertaining a great singer, who, with Mr. Bos, an accompanist of unusual ability, and Mr. Fritz, the flutist, whose notes were as sweet as a bird's, had just given a large audience so much pleasure. The Cannon home, gay with flowers and candles and prettily dressed women, gave a warm welcome to the three artists, and they were as much pleased with their private reception as they had been with their public one.

They expressed themselves as anxious to come to Concord again and when they do, it will take even a bigger place than our new auditorium holds the crowd that will be there to greet them.

Braxton Snider Entertains a Few Friends. Braxton Snider entertained a number of his friends at a chicken stew at his home in No. 11 township Friday night. The supper was cooked by Mr. Snider and his guests after the arrival of those invited.

A sumptuous supper with chicken and accessories was served, which was very much enjoyed. An amusing part of the evening was the fact that one of the guests pulled a joke on arrival, having slipped on the ice and his moans and groans caused much excitement, but after some "doctoring" his arm was restored to its natural position, and the arm of this guest was kept busy at the table trying to keep pace with his appetite. Among those present from Concord were "Tots" Corl, "Tob" Boyd, "Lone" Archey and Walter Lee Smith.

WIDOW OF VICTIM OF HERRIN KILLING PLEADS FOR PEACE

Weapons Have Been Tried and Failed, Mrs. Thomas Tells Jury.—Urges the Christian Plan.

Herrin, Ill., Jan. 29.—Pleading for a peaceful settlement of the Klan and anti-Klan strife in Williamson county, Mrs. Ora Thomas, widow of the deputy sheriff slain with S. Glenn Young and two others Saturday night, told the coroner's jury today that guns had been tried and failed.

"I want to say that as far as the Klan is concerned many business men who formerly were opposed to Ora on account of this thing came to him the week before the shooting and buried the hatchet."

The widow told how she had gone to the Herrin City Hospital with a sister and Mrs. Fielding, a neighbor, when told that her husband had been wounded. At the hospital, she said, they found two armed men.

"One, she declared, attempted to strike Dr. J. T. Black, owner of the hospital and a known anti-Klan man, over the head with his gun, when Mrs. Fielding intervened.

Eulogizing the work in Williamson county of S. Glenn Young, the Rev. E. B. Lee, pastor of the First Baptist Church here today declared at the funeral of the slain liquor raider that he was "more responsible than any other for cleaning out the dives and joints of this county, and every foe that he had knew it well."

"Conditions in Williamson county were almost beyond description two years ago," he said. "More than thirty public saloons were active on the main street of Herrin. Scores of smaller joints were open in all parts of the city, open gambling houses were numerous, and there were many road houses throughout the county."

"Conditions were steadily growing worse, the dives were multiplying and there was a large element in the county that included the rankest softaws, bootleggers, gamblers and prostitutes.

"Today the saloons are closed. "The public saloon has become a thing of the past in Herrin only in the last fifteen months. The same may be said of the public gambling houses. All of the county's notorious road houses have been closed.

"Where have our law violators gone? Some have left the county. Many are still with us. Many have reformed, and I believe they will make good citizens.

"Who brought this reform? "If Williamson county had not had some of the best of the nation's citizenship she would have decayed beyond redemption. And while many have had a part in this work there is one name that comes to every mind first when they think of the Williamson county cleanup."

"S. Glenn Young. "A man who did his work thoroughly and made the supreme sacrifice in doing it. He has done more than any other one man to make law and order paramount in Williamson county."

"We are hoping and praying for peace—the peace founded upon law and justice to all. Perhaps the day of that peace is at hand. If not, may God speed the day."

Two Ku Klux Klansmen will stand guard at the tomb of Young for a year and perhaps longer, according to a statement by a prominent Klan leader. The guard will be maintained as a token of respect for Young.

Bradstreet's Trade Review. New York, Jan. 30.—Bradstreet's tomorrow will say:

"Trade is fully fair and industry is better than that, classing as fair to good, but there are numerous irregularities in different cities, areas and industries, indicating cross currents in buying demand or in supply. Retail trade has seemed to slow down in most sections, this partly reflecting unfavorable stormy weather, and partly the passing of the after-holiday sales stimulation.

As this has been a fairly normal winter, with all that this implies in the way of snow and cold, however, a very fair volume of final distribution has been recorded. In wholesale and jobbing trade for spring, the progress has been leisurely, in some sections indeed disappointing when contrasted with the relatively higher speed of industry, which has scored a very marked degree of recovery from the depression of mid-year of 1924.
