STRIKE IN PROGRESS AT FISK UNIVERSITY

Negro Students Quit as Result of Recent Disturbances on Campus. Nashville, Tenn., Feb. 9.—Only approximately 50 persons, including members of the faculty and officers, attend chapel services at Fisk University, negro institution here Sunday, according to a statement by Dr. F. A. McKenzie, the white president of the university, giving emphasis to the fact that a majority of the 400 enrolled students are joining in the "strike" which started Thursday morning. Attendance at chapel services is compulsory. Supporters of Dr. McKenzie declared the purpose of the "strike" is to depose the president of the university rather than to force a re-instatement of four students, who were expelled on charges of having incited a turbulent demonstration Wednesday night.

Dr. McKenzie has been at the head of the institution since 1915 and cannot be removed except by vote of the Board of Trustees. Some of the members of the board live at distant points and an immediate meeting of the trustees is impossible, university officials declare. In resolutions adopted Friday, the complaining students demanded they be given the right to form a student council.

IN AND ABOUT THE CITY

MR. MERIWETHER TO RESIDE IN CONCORD

Has Accepted Position as Manager of Theater For Lexington Theater Company. Winston-Salem Sentinel. Miller Meriwether, for the past two and a half years manager of the Ideal Theater, this city, has resigned his connection here to assume the management of the new Concord Theatre, at Concord. He will go to that city about February 15th to direct preparations for the opening of the new house on March 1st. The Concord theatre has been leased by the Lexington Theatre Company, of Lexington, of which H. B. Varner is president, and every arrangement is being made to assure a theatre for Concord that will rank with the best in the state. Latest and most modern equipment has been secured and this is now being installed.

The announcement that Mr. Meriwether has accepted the management of the Concord playhouse will be received with much interest, not only in this city, but throughout the state, as he is widely known in theatrical and business circles. Since coming to Winston-Salem as manager of the Ideal, he has won a large circle of friends, his genial nature and perpetual cordiality being an attraction for establishing immediate friendships. He has been most successful in the conduct of the local moviehouse, this fact being evidenced in its steadily increasing popularity. The theatre was inaugurated by five several weeks ago and work of reconstruction is now in progress, the house to be re-opened within a few days.

Mr. Meriwether has had many years' experience in theatre management and prior to coming to Winston-Salem was associated with playhouses in Charlotte, Columbia and other cities. He is well equipped and his friends predict for him a his new connection the continued success that has attended his efforts in the past.

STIRRING WAR PICTURE DRAWS BIG AUDIENCES

"Powder River," Which Is Here Today and Tomorrow, Drew Big Crowds in Charlotte. The Charlotte News had the following to say about "Powder River," which is being shown at the Pastime today and tomorrow by the American Legion: "Hundreds are being attracted by the stirring war picture, 'Powder River,' now showing at the City Auditorium under the auspices of Hornets Nest Post, American Legion. The picture, which opened Wednesday, will be shown through Saturday.

"As the reel unfolds it paints with striking realism the grim and terrible story of the world war. There is enough of lovely women into the picture to relieve the horror and tragedy of the battlefields. "By using official pictures made by members of the U. S. Army Signal Corps on the battlefields of France the picture is a graphic story of the life of the American soldiers overseas. Many of the pictures were made during actual battles.

"Powder River," shows the business of war in all of its varied activities. It pictures tragedy on the battlefields and it shows the soldier at rest or engaging in sport behind the lines. It shows the U-boats and the transports at sea, the troops landing and en route to the front. Nothing could be more realistic. "Powder River" is a cross-section of the great war caught by the camera's eye and released to show what war is like.

84 ARRESTS IN THIS CITY DURING YEAR

During Last Six Months of 1924 Police Collected \$2,672.75 in Fines, Records Show. Figures made public here today by police officers show that 84 arrests were made in this city during 1924 by the officers, the corrected report being submitted by Chief of Police Talbirt in view of the fact that a minister here recently was informed that 1488 arrests had been made.

Chief Talbirt has recently submitted his financial report for the year, the report showing that during the first six months of the year the police court collected \$3,488.05 in fines and during the last six months \$2,672.75 was collected. This amount does not cover those cases in which judgment was suspended upon payment of costs or chain gang or jail sentences were given.

During the last half of the year, the report further shows, 104 defendants in police court were charged with violations of the prohibition laws and of this total 90 were convicted.

Wineoff Hands "Y" Team First Defeat of League Season.

In a game in which Wineoff played some real basketball and in which the "Y" went up in the air, Wineoff beat the "Y" team for the first time of the league season. The score was 30-20. The "Y" was somewhat handicapped with the loss of several players, having only Dick and Morrison of the regular string with them. Wineoff played the best game of the season, however.

The Wildcats won their second game of the season when they trounced Harrisburg by a score of 20-10. A large crowd of spectators was on hand for the two games, especially from Wineoff. Harrisburg was also well represented.

Services at New Gilead Church. Divine service and Sunday school will, D. V. be held in the New Gilead Reformed Church next Sunday at 3 o'clock, and 2 o'clock p. m., respectively, and at the Keller Reformed Church at 11 o'clock and 10 o'clock a. m. A cordial invitation to attend is extended to all.

The meeting at the court house seems to be in great progress. There were a number held up their hands for prayer Tuesday night. Rev. R. G. Short was with us and Rev. Mr. Mars preached the sermon. Service tonight. Come. H. T. BLACKWELDER.

DR. D. BURT SMITH

Dr. Smith will be heard each night at the Sunday School Institute, which opens in the First Baptist Church here tonight at 7:30 o'clock.

PAGE SAYS HE IS FROM MISSOURI

Far Road Commissioner Would Like To Be Given Some Good Virginia Roads. Raleigh News and Observer. "I wrote by friend Shirley that if he had all those roads why didn't he put them out on the ground where folks could use them," said Frank Page, state highway commissioner, yesterday, referring to a statement made by Governor E. Lee Trinkle that Virginia has 1,735 miles of hard surfaced roads to North Carolina's 1,692.

Governor Trinkle based his statement on figures prepared by the North Carolina Highway Commission and H. G. Shirley, chairman of the Virginia Highway Commission.

"I haven't anything to say about Virginia roads," Mr. Page said. "I try to know everything I can about North Carolina roads, but I don't know about the roads in Virginia."

"I imagine that we've torn up better roads in North Carolina than some of these Virginia roads," he declared. Governor Trinkle, in his statement said that in fairness to the people of both States it should be remembered that North Carolina owes \$65,000,000 for its roads, while Virginia owes approximately \$7,500,000, but that practically all of the North Carolina mileage was of modern construction whereas a good percentage of Virginia's is of ancient type. Some of the Virginia roads were built before the Civil War.

Actually Governor Trinkle's figure on North Carolina is too high. The State's total is 1,600 miles including every finished mile, some on projects which have not yet been completed opened to traffic. The State's total including only finished projects is only 1,238 miles, which includes 1,012 miles paid for by the State, 54 built by Federal aid and 172 miles built by the counties and taken over upon the establishment of the State Highway Commission.

Excellent Cast to Sing in the Chimes of Normandy.

The high school is fortunate in being able to present such an excellent cast in "The Chimes of Normandy" Friday night at the auditorium. As "Serpolette," the good for nothing, Miss Elizabeth Woodhouse, has a wonderful opportunity to show her beautiful soprano voice as well as her dramatic qualities. Miss Mary MacLaughlin will sing the part of Germaine, the lost marcheress. The many admirers of Miss MacLaughlin's voice will hear her at her best in this part as it brings out the low qualities in her tones as well as the high. She will be supported by Price Doyle, as Henri, Marquise de Cornwell. Mr. Doyle, as the leading man, carries the baritone parts in all duets and quartets, and has a number of solos that he sings with as much ease as a professional opera singer.

Wallace Moore, as the old miser, has the character lead. Those who have seen Mr. Moore in character parts know that this role will be well taken care of.

Misses Louise Simpson, Miriam Coltrane, Kathleen Smith and Evelyn Goodman, as village maidens, have been selected to carry the minor lead, because of their fresh young voices and dramatic qualities.

Walter Sullivan, as the bailiff or sheriff of the village of Cornwell, and John McInnis, as the notary, are two hits of the play.

Jennings Bolton, the director, as "Greenchamus," the fisherman, will play opposite Miss Woodhouse and sing the tenor lead.

Concrete Base of Mt. Pleasant Road Finished At This End. The concrete base on this end of the new Concord-Mt. Pleasant road has been completed and work will be started in about ten days laying the asphalt top. There are still approximately two and a half miles of concrete base to be laid near and in Mt. Pleasant. Engineers in charge of the construction of the road are of the opinion that it will be mid-summer before the highway is finished. However, parts of it will be opened to the traveling public very soon. The road out of Concord as far as the Geth Hill road is to be rushed to completion in order to do away with the detour by way of East Depot Street. Other sections are to be finished as soon as practicable.

At the Theatres. "Powder River," an ancient motion picture as taken by the United States Army signal corps in France, is being shown at the Pastime today and tomorrow. Pola Negri in "East of Suez," supported by Edmund Lowe, Noah Berry, and Rockliffe Fellow, is the feature being shown at the Star today and tomorrow.

The first consumers' co-operative society in America is said to have been a buyers' club organized in Boston in 1844. The average yield of sugar beets, under ordinary conditions, is about ten tons to the acre.
