TWO DETECTIVES TRAILED WOMAN TO THIS CITY

Woman Was Wife of Man Who Killed Joseph McDonough in Charlotte Hotel Last Night.

Two detectives, said to be from Greensboro, were in Concord yesterday, trailing Mrs. Thomas I. Watson, whose husband shot and killed Joseph E. McDonough in the Seltyn Hotel in Charlotte last night, according to reports made to the Charlotte police after the shooting. The detectives were trying to locate McDonough, it was reported, Watson having been informed that his wife had been unfaithful with McDonough. It was reported here this morning that Mrs. Watson was seen around the St. Cloud Hotel here for several hours yesterday and that she left the city about 4 o'clock in a Charlotte-bound bus. It is supposed that she joined McDonough here. It was also reported that her baggage had been sent here and that it was still at the local depot this morning.

According to Watson's story to the police he had been informed that his wife had been unfaithful to him. For that reason he engaged the detectives to follow her. They came to Concord soon after she got here, it said, and later followed her to Charlotte.

According to the Charlotte story, Watson had a warrant sworn out for his wife and McDonough. Accompanied by the manager of the hotel and a detective he went to the hotel last night about 11 o'clock to have the warrant served. His wife at the time was in the bathroom of the room where she and McDonough were staying, but McDonough was in the room. Without warning of any kind Watson whipped out a pistol and shot McDonough through the heart. The detective then snatched the pistol from Watson who acted as though he intended to shoot his wife, also. Watson and his wife were lodged in jail.

According to persons who saw Mrs. Watson while she was here, she is an attractive looking woman, with blue eyes and dark brown hair. It is reported that she has been teaching school in Greensboro, she and her husband having made that town their home for the past two years.

PENNEY'S STORE ENTERED BY ROBBERS

Goods Valued at Over \$100 Taken by Thieves in Tired Recent Theft.

For the third time in so many weeks, robbers entered one of the downtown stores last night, making as usual, a very small haul. The latest victim of their depredations, is Penney's, following the Atlantic and Pacific and Piggy Wigly in the order named.

A rather ingenious method of gaining access was employed in last night's robbery. The thieves, who had "borrowed" tools belonging to one of the workmen at the new apartment house which is being constructed by J. E. Cook, tried first to bore a hole through the door with the auger they had. For some reason, probably that it made too much noise, this was stopped and one of the windows was next tried.

Protecting these windows is a grill work of heavy iron bars. This did not stop the robbers who took one of the bars, bent it and then slipped it out of its place and opened the window.

Goods valued at very little over \$100 was taken. These goods consisted of a suit of clothes, an overcoat, several pairs of shoes and some less valuable goods such as garters, hose and ties.

Officials at Penney's were surprised that more was not taken since there was every opportunity to get a large amount of clothing in the raid. They were of the opinion that the thieves must have been frightened while at work since they did not take more.

The robbery was discovered just a little before two o'clock when Officers Sloop and Robinson were making their rounds of the "back lots." They found the window bars tampered with and at once called P. G. Sherbondy, manager of the store, who came and went with the officers for an investigation. By that time the work had been done.

DUKE TO RELEASE HOWARD H. JONES

Executive Committee Will Recommend That Coach Be Allowed to Break His Contract.

Durham, Feb. 15.—Howard H. Jones will be released from his contract with Duke University as director of athletics in order that he may accept the position as football coach offered by the University of Southern California. This announcement was made, officially, last night at the termination of a meeting of the executive committee of the Duke alumni council. The committee, which is composed of Denn W. H. Wannamaker, and Attorney R. N. Gantt and H. G. Hendrick, will recommend to the athletic council at the next meeting, that this step be taken. It is believed that the acceptance of the recommendation by the council will be but a matter of form.

A telegram was dispatched tonight to Coach Jones, who is now in Los Angeles, California. In a telegram received today by the Duke executives Coach Jones expressed regret at having to request that his resignation be accepted, stating that he will leave Duke at a financial loss to himself. Although it is not generally known, Mr. Jones desires to remain in the West is due partly, at least, to the fact that he is involved in financial activities there which have no connection with athletics, but which require much of his attention. No indication as to who will succeed him as head coach at Duke has yet been made by officials here.

The telegram from Coach Jones was received Saturday morning, sent from Los Angeles on Friday, it follows: "H. G. Hendrick, Chairman Athletic Committee, Duke University.

"With a full realization of the great possibilities of Duke University, and with a sincere belief that it will develop into one of the leading institutions of the country, it is with extreme regret that due entirely to personal reasons I have found it imperative for me to resign my position. I respectfully ask out of courtesy to me that your athletic council accept my resignation in view of the fact that I am impelled to make a change at a financial sacrifice. In resigning my position, I wish to emphatically state that it has not been due to any cause whatever that could be attributed to any attitude or action of your athletic council or the administration of Duke University.

"They have been of the highest quality. Personal reasons only are the cause of my resignation."
