"I am quite convinced that there is more downright joy in honest mediocrity than in any other state" says Bruce Barton, advertiser, in the March tesue of the newly combined Hearst's International and Cosmopolitam Magazine. "You remember the story of the old maid who confessed that single life is not so bad after one has ceased to struggle. It is so with us average men; our real comfort comes when we get to the point where we forget to think about ourselves. "How much more interesting our chil-

If Kidneys Act **Bad Take Salts**

Says Backache Often Means You , Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When you't kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, chainels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia; and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, can not injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.

dren are than we can ever be! What wonderful promise in ther lives! What a miracle in the unfolding of their minds! How pleasant to enjoy the success of other people when you can do it without a touch of envy. What satisfaction in the little private plans of life, the warmed-over dish, the good old half-soled shoes, the trip to Europe that has to be saved up for, the mortgage and the golf seore that you are gradually whittlling down."

Medical scientists say that red-haired women suffer less from scrious diseases than darker women. This is put down to the fact that the skin of red-haired people is usually quicker to function than that of other folk. In other words, it shells poisons more rapidly than a dark skin.
