Such delightfully feminine Aprons, and so practical, too! The styles are "different" and you will like them. There are several styles—choose one of each!

Staunch, well-woven gingham and percale are the materials. The gingham is the favored Amoskeag as well as fine, imported weaves. Scout percale.

Effective Trimmings

If you like the dainty, lace-trimmed apron frock, or if you prefer the neat, tailored type—whatever you want, you can surely find it among these Bungalow Aprons. Some are trimmed with eyelet embroidery, with rick-rack, piplings, or with plain or patterned bands.

The Educational Club of the Community held a very interesting meeting last week. An appropriate program was given in honor of Washington's birthday. Mr. Furr reports that through the help of the club many swings have been put up on the play grounds for the children. They were certainly appreciated and we hope to add more to the playground equipment. The next meeting will be held March 10th. Everyone who is interested in the school and community is requested to be present. NEWS REPORTER.

ROCKY RIVER

Farmers are taking advantage of the nice dry spell to get quite a good lot of plowing done. A good deal of oats and clover have been sown. Mrs. Sim Hagler recently returned from a Charlotte hospital, very much improved in health, it is said. Clifford Wilson and Mrs. Jno. Russell received a telegram Monday stating that their sister, Lucile, in Florida, was dead. Mr. Wilson left at once for Florida to attend the funeral. The program of our Community Club meeting last Thursday night, though short, was very good. Several numbers were rendered by the school children, namely: recitations by Lawrence McCathren, Agnes Boger, and a dialogue by four boys, Allen Boger, Paul Linker, Ed Platt and Wilton McCathren; a song by the large girls, a reading by Miss Barnett, a piano solo by Miss Albright. Then there was a duet by the Misses Blackwelder, of Farview. All of these did most excellently but we feel quite sure that the very large crowd present was attracted by the report that Miss Mary Louise McCathren would recite the Bible story with which she recently won the prize of a trip to Europe. She was present and was listened to with wrapt attention as she told, in her own words, some of Paul's experiences. The pupils of Miss Barnett and Mrs. Boger enjoyed a wrennie roast down on the creek in A. J. Linker's pasture last Friday evening. Our H-Y basketball quint beat Company E's team last night in a score of 20 to 12. A SCRIBBLER.

A Great Cathedral.

Charity and Children. A mighty movement is on foot to raise millions of dollars to erect a cathedral in New York City that will challenge the admiration of the whole world. Bishop William T. Manning, of the Episcopal church in the territory embracing the city of New York, is directing the movement. Contributions are asked from the people of all denominations and from Catholics, Jews and unbelievers—everybody in fact except Dr. Guthrie, of St. Marks-in-the-Bowery, who a little while ago, instituted the sacred dance in his church and with whose policy D. Manning bitterly disagrees. A contribution of \$500 from Dr. Guthrie was recently returned to him by Bishop Manning on the ground that until St. Marks comes in line with the policy of the denomination, no money from that quarter will be accepted. On the other hand, Mr. John D. Rockefeller, Jr., whose breadth is greater than his height, sent the bishop \$500,000 with the suggestion that it would be wise policy on the part of the Cathedral authorities to put a few men of other denominations on the board of trustees in order to prove to the world that the Cathedral is to be built for all who love the Lord. Bishop Manning accepted the contribution very graciously, but positively declined to entertain for a moment the suggestion of Mr. Rockefeller that any other than regular Episcopalians be appointed on the board of trustees. Rockefeller's money is very acceptable but Guthrie's money is tainted. We are glad Dr. Manning told young John D. to stand with the goats and make way for the sheep. John D., no doubt, would love to sit with the managers of the great institution, but he has learned that seats on that board of trustees are not for sale. The money is rolling in. The metropolitan papers are behind the movement and New York is the richest city in the world. But Baptists, Methodists, Presbyterians, Jews and Catholics, heathen and common sinners are right good looking, but they can't come in.

Good bakings are becoming a matter of fact in this country. Years ago, the woman who had success on bake day was rare. Now, most anyone can be proud of their bakings,—the young bride, the school-girl and all.

Calumet Baking Powder has made all this possible, it is sitting on the pantry shelf in millions of homes, that's the secret of baking success—the real reason for uniform and wholesome food.

If you are among the few who are not familiar with the results obtained from using Calumet, try it—learn the difference between the results that come from using a perfect leavener and those that are experienced when using unreliable brands.

To follow the directions on the Calumet label is to invite success. You must not use as much as you do of many other kinds. You know Calumet has greater leavening strength than many other brands—it goes farther—makes more bakings—the last spoonful is as good as the first.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.
