BIBLE THOUGHT FOR TODAY
Bible thoughts suggested, will prove a precious heritage in after years.

PRAYER: We rejoice, our God, to know that thy commands are not grievous to those that love thee.

AS TO CHILD LABOR IN THE SOUTH
When proponents of the proposed child labor amendment were spreading their propaganda they delighted in making the absurd assertion that the South voted against the proposal because Southern people wanted to preserve an unfair advantage in competition with New England textile mills.

While stability of southern industrial labor does not depend upon the exploitation of children, it is true that this competitive advantage has caused some New England mills to move south, has driven others to the manufacture of specialties, and in other instances has caused widespread industrial stagnation, idleness and suffering.

New England finds its labor ruinously costly not only because it is so largely foreign-born, not alone because of strikes, not alone because of agitators and clashing elements and a lack of sympathy and interests in workers. These defects are notable for their absence among the native white labor of southern mills, but they are after all symptoms rather than causes. New England labor cannot produce as cheaply as that in the south because it cannot live so well or so cheaply.

The shortest name in the world is possessed by Mr. T. native of Hangchow, China, who is a medical student in Johns Hopkins Medical School.

not enough. He needs to use sledge-hammer strokes of leadership to get his party which now has things its own way in Washington, to do something that is worth while.

President Coolidge can control Congress now if he can just arouse enough spirit to do it. His New England coldness is a handicap all right, but since he talks so much about the world court it does seem that he could be able to get up enough enthusiasm on the subject to fight Congress to the finish.

JOKING IN THE FACE OF DEATH
Numerous Stories Recalled of Criminals Who Joked Before Execution.

One of the best of these stories, whether true or not, relates to the late Senator Blackburn, of Kentucky. When a candidate for Congress, Mr. Blackburn had to attend an execution in an official capacity. The condemned man was asked if he had anything to say.

GOV. McLEAN SEES NO NEED FOR PESSIMISM

Thinks State Institutions and Schools Will Continue to Forge Ahead.
Raleigh, March 6.—Governor McLean does not believe that any state institution, consolidated office, University, State College, North Carolina College, East Carolina Teachers' College, the equalizing fund, or any other will have to stand still, stagnate or retrograde by reason of the economies instituted under his first sixty days of governing.

The governor, moreover, believes that they will make their best progress. They will live within their allowance and learn something about personal economy, a lesson that the whole populace needs, he feels. His excellency said nothing this afternoon that confirmed the legislative stories of his slashes on the appropriations bill. He had been quoted two ways and he denied that either representation was correct.

Doctor—Are you married?
Much-banded Patient—No; I got run down by an auto speed artist.

Protect—What's all this I see in the papers about "common stock" and "preferred stock"; what does it mean?
Dismuke—Why, don't you know? Common stock is just the ordinary stock that farmers feed and take care of without ever makin' any profit on it.

SCRAP THE TIME-WASTERS AND INSTALL A HOOSIER

When you clean house this spring, why not clean it thoroughly? Why not reform it and make it a truly modern kitchen, not only clean, but easy to keep clean?

You can do it by installing HOOSIER EQUIPMENT.
You can do it if, when cleaning the kitchen you take out the old fashioned work table, the old fashioned work table, the old fashioned pantry and the old fashioned methods.
