## Begin Rebuilding Road to Beatty's Ford

Work of rebuilding, widening and hardsurfacing the road from Charlotte to Beatty's Ford bridge, a distance of about sixteen miles, has been started by county highway forces. The improvement has been started at Gilead Church at Hicks crossroads and is being pushed toward the city.

This stretch of highway, now regarded as Mecklenburg's prize bad road, soon will be made the equal of the best roads in the county, if present plans mature. General Supervisor R. L. Brown says the rebuilt road will be one of the county's least expensive hard surfaced boulevards and one of the best. Plans call for completion of the project by early winter.

The highway between Alexander's store on the Albemarle highway and Mint Hill, a distance of about six miles, is also being rebuilt. These two projects are the largest on the county's program of road building and improvement at this time.

## Should Not Be Hasty

The Raleigh News and Observer quotes Judge Walter Neal of Laurinburg, as saying, while in Raleigh the other day: "I don't think we should take sides in the Stone Mountain controversy before we understand it."

"We talk a lot about artistic temperament and pay lot of attention to artists. I noticed the attention paid to Borglum here is the hotel last night. I know Randolph and some of the other members of the board of the Stone Mountain Memorial Association and I know they are men of such character that they didn't dismiss Borglum without a reason."

"I think we people in North Carolina ought to find out both sides before we express ourselves about it."

"Something Behind It" Says One of State's Ablest Men.

Charlotte Observer.

"Archibald Johnston, of Charity and Children, has a good idea about the Borglum row, said a Charlotte Baptist yesterday. In his paper he said: 'Blame for the Borglum row is now laid at the door of the Ku Klux Klan. That order is said to be opposed to the great Memorial on Stone Mountain, because it will perpetuate the memory of the leaders of the Confederacy, who sought to divide this country so that the Catholics could the more easily gain control of America. Of all the piffling we have ever read, this wild statement takes the cake. But that there is something behind the strange movement that has never been disclosed, there is no doubt in the world.'"

## MEMORY CONTESTS FOR RURAL SCHOOLS

To Cultivate in Children an Appreciation For Music.

The chairman of the music department of the Concord Woman's Club has received from the music department of the North Carolina Federation of Women's Clubs data concerning musical memory contests for rural schools. The contest will be conducted in an effort to cultivate in the children an appreciation and love for good music.

The attached list of 23 compositions has been selected for the contest numbers from the works of some of the best composers. Miss Hattie S. Parrot, assistant state supervisor of rural schools, is cooperating in the promotion of our plans.

The rules and regulations for holding the music memory contest are given below. Correspondence relative to the contest should be addressed to Mrs. E. E. Randolph, Music Chairman, Raleigh, N. C.

The rules and regulations for rural schools follow:

1. The contest in rural schools will be in charge of the county rural school supervisor. If there is no rural supervisor the county superintendent or a capable person who is endorsed by the superintendent may conduct the contest.

2. Pupils from the fifth to the eighth grade, inclusive, are eligible. To secure the full educational benefit of the contest all of these children should take part.

3. Individual school contests must not be held before the last four weeks of school and may be held any time during that period. The five children winning highest scores will represent their school at the county commencement of final contest.

4. A. County contests must be held at the regular commencement or county-wide finals. The child winning the highest score will represent his county at the state contest. (Time and place will be announced.)

B. Each winning county contestant must be accompanied by a teacher to the state contest.

C. The name of contestant must be registered with the music chairman immediately following the final or county contest.

Rules for contests in small towns:

A. Rules are same as county rules except two contest must be held. The first shall eliminate all below a 50 per cent grade.

B. A final contest will decide the winner for the state contest.

## Greatest Picture Ever Made

James Cruze, producer of the Paramount picture, "The Covered Wagon," which will be at the Star Thursday and Friday. It is certainly a pretentious screen offering, the story of which deals with the love trials of a young couple while traveling across the continent in a wagon train. Indian attacks, the fording of swollen streams, a genuine buffalo hunt, are big scenes.

## At the Theatres

The Star is again today showing Buster Keaton in "Sherlock, Jr.," Reginald Denny in "The Reckless Age," and a comedy, "Sahara Blues," are the features being shown at the Pastime today.

About Wrist Pins

A wrist pin knock is a danger signal all too often neglected—your motor can be wrecked by a loose pin. If you are traveling fast at the time, you will be lucky if you do not ram an approaching car or one parked by the road, or hurtle into a crowd.

Properly adjusted wrist pins break at times, and make trouble. Insurance will make good your loss, both for damage to your car and to the person or property of others if involved in a mix-up.
