**Wanted—To Do Your Typewriting.** Phone 470R or 150L. 23-51-p.

## SIXTY BUS LINES ASK CHARTERS TO OPERATE

**Twenty-Five Others Are Expected to** File Applications. Raleigh, March 25.—More than 60 inter-city bus lines located in all sections of the state have filed application for franchises to operate in North Carolina, and 20 or 25 others are expected to file before the corporation commission sets up its system of regulations and issues the grant for operating privileges under the bus regulation act of the 1923 general assembly.

The record of bus lines filing with the commission for franchises, indicated that the business in North Carolina has become of considerable extent. The lines serve every section and practically every county in the state and in the centers of population there are several competing lines.

The commission has not yet granted a franchise to any line. It is awaiting to receive all the applications. After that it will inquire into the responsibility of the various lines, the convenience of their service, etc., and license lines which must conform to strict regulations promulgated in the interest of public safety and service.

Each company applying for a franchise must make payment in the amount of \$200 for the franchise fee, and additional fees are charged for drivers' licenses and other privileges. In addition, the state will levy a tax of six per cent. of gross earnings. Over \$300,000 is expected to be raised the first year from the tax and license charges.

Among the lines applying for charters are the following in this section: Royal Bus Sansit Co., Greensboro; Dixie Motor Coach Line, Charlotte; Dixie Bus Line, Statesville; Kirk's Auto Bus Service, Salisbury; Love-Love-Bus Line, Charlotte; White Bus Line, Inc., Concord; Love-Rowan Bus Line, Charlotte; Charlotte-Concord Bus Line, Inc., Concord; United Stage Lines, Inc., Greensboro; Charlotte-Raleigh Bus Lines, Charlotte; Piedmont Stage Lines, Inc., Salisbury; J. Marion Washam, Mooresville.

**I. I. Davis—A Remarkable Record.** Morganton News-Herald.

The picture we are using in this issue of the first brick store in Morganton suggests in connection with the changes that have come since that photograph was made reflections on the long and remarkable record of one of the builders of that building, Mr. I. I. Davis, who is still at the head of one of the town's most successful stores.

Mr. Davis came to Morganton in January, 1868, and has been in the mercantile business here continuously since that date, more than fifty-seven years. More than half a century ago a merchant in the same town is certainly a remarkable record. Back of the time record, and more important than that, is the man himself. Clean, upright, generous, God-fearing, forbearing, broad-minded—we could go on with a long string of adjectives and probably not then name all of the fine qualities that belong to Mr. Davis. He is the patriarch of Morganton merchants and all classes and kinds, young and old, rich and poor, appreciate his worth and goodness. In the evening of his life the knowledge that he holds the affection and admiration of such a wide circle of friends must be indeed gratifying.

(Mr. Davis is the father of I. I. Davis, Jr., of Concord—Editor).

**Carolina Motor Club Head Here Monday** For Conference.

A special meeting of the Chamber of Commerce and the Merchants Association will be held next Monday morning at 10:30 in the Y. M. C. A. at which time C. W. Roberts, president of the Carolina Motor Club, will confer with the local men in regard to automobile legislation, the routing of highway and other matters.

"This meeting," said H. W. Blanks, secretary of the Chamber of Commerce, "is of vital importance to Concord and every man who possibly can should come to the meeting."

**Y Tour to Washington To Be Held in** June.

The educational tour to Washington which the Y is planning to conduct in the early part of June is now opened to and who wishes to go.

The Washington trip is being taken this year in place of the regular encampment which the Y has, usually at some lake in North Carolina. Ten days will be spent in Washington and environs, the trip being made in buses.

A Chicago man wants \$50,000 because another man took the wife he treated like 30 cents.

## KANNAPOLIS WINS FROM CONCORD IN VOLLEY BALL

**State Champions Forced to Extend** Themselves When They Get in Tight Places.

Five hot matches of volley ball were played Thursday night at the local Y when the Concord valley ball team was beaten in straight sets by the State Championship Kannapolis team.

Kannapolis did some work as pretty as has been seen on the Concord court. Their drives were made with lightning-like speed and the placekicks had deadly accuracy. The team showed the stuff that made it a state championship organization.

On the other hand, the Concord team was playing good ball and forced the Kannapolis six to extend themselves on several occasions to win. The games were by no means one-sided. All of the Concord players performed in a creditable manner. The Concord players seemed to lack the necessary punch to win the game after they had reached the 15 mark.

The score by games was 15-7, 15-13, 15-12, 15-9 and 15-9. Playing for Kannapolis were: Dr. Frank Flove, R. R. Allison, Lewis Cole, Tom Widenhouse, H. A. Alfred, Henry Brown and R. T. Saunders. For Concord: Dr. S. W. Rankin, Josh Goodman, Miles Wolff, Homer Bolinger and Harry Nims.

**HOMK OF SAM BLACK BURNED** AT 3:00 O'CLOCK THIS MORNING

**Legislator Barely Escaped With Life—** House Over Hundred Years Old.

Information was received in Concord early this morning to the effect that the home of Hon. Sam Black, at Harrisburg, was burned and that Mr. Black himself barely escaped with his life.

When Mr. Black was awakened at about 3 o'clock this morning, the entire home was in a mass of flames. He was forced to make a hurried escape in his night clothes and had no time to get any of his personal effects.

Not only was the house burned and with all of Mr. Black's belongings, but about \$100 in cash which he had in a pocket, was consumed by the fire.

The home was over 100 years old. The loss, about \$2,000, was covered by insurance. A number of the out houses were burned but the barn and the store were kept from burning.

Mr. Black, who has recently returned from the state legislature at Raleigh, was alone at the time of the fire.

**QUILTING PARTY HAS VERY UNUSUAL FEATURE ATTACHED**

Fifteen Women Present, Seven, by a Strange Coincidence, Are Named Mary.

Old time quiltings are now the vogue in the China Grove neighborhood, according to reports which have sifted from that section of Rowan to The Tribune. One of the most recent of these quiltings was held at the home of Mr. and Mrs. P. M. Yost.

At this quilting party, which was enjoyed by all present, there were fifteen women who quilted seven of the coverings and also hemmed them. This, say all who are learned in matters relative to quilting, is a good evening's work.

However, the most unusual part of this party was not the number of quilts that were finished nor was it the number of persons attending. The strange thing was that of the fifteen women present, seven were named "Mary." "If any other crowd can beat that," says one present, "we would like to hear from them."

**The Old-Time Thresher's Bugle.** The Uplift.

The Albemarle News-Herald, interviewing one of its citizens, finds out his greatest regret, occasioned by development, advancement and invention. Hear the News-Herald:

"With the exception of my discovery of the Santa Claus delusion, the greatest disappointment of my life was when they took away the old-time horsepower and bugle from the threshing machine and substituted in their stead the steam engine and the steam whistle," said Mr. S. J. Horton, manager of the Bell Shoe Store, to the News-Herald the other day.

It is fact that Sam Horton is a native of No. 10 township, Cabarrus county. Way back in 1885 when he was a school youngster at the neighborhood school, during threshing time, two larger pupils were delegated to watch him. Lawyer Jake Newell and his brother, the present presiding elder of the Winston district, were specially delegated to hold Sam Horton to books whenever the sound of a bugle was heard. That youngster could not resist its call, and he was sure to break away at its very sound and follow it.

It was real music, those thresher bugles and it marked a great time in the child's life.

## THE LURE OF SOUTHERN BEAUTY

Tired, overtaxed pores become weak in functioning, and then we wonder why they become large. Some accept this condition as natural "to her skin," but those of us who really care find a way to refine the pores. Every skin requires an astringent to render it pliant and firm. Keep your skin immaculately clean, free it of black-heads and other excess pore secretions and refine the texture by having "Electric facials" once a week. Nestle Lanoil Permanent Wave \$10.00 to \$20.00. WE MAKE HAIR SWITCHES

## A Comparison.

Chatham Record. That State salary list is a revelation. Men are getting more without a moment's worry as to the source of their income and without the risk of a dollar of capital than they could make, to save their lives, in any business of their own and with the risk of failure, loss of capital and with constant vigilance and worry to meet competition. There is no question that the man who is not required to manifest initiative, to plan and scheme to make a go of his enterprise, but may calmly go through his day's regime assured that nothing can prevent his drawing his wage, should be satisfied to work for less than a man of the same ability who risks capital and the chances of failure in his own business. The responsibilities are not comparable. That whole bunch of University and State College professors are having a virtual picnic. They may work hard, but the worry element is lacking. No floods or droughts threaten their living. Governor McLean's commission should find plenty to do in standardizing salaries. Let the tax eaters fare more equally with the great majority of taxpayers.

## Johnny—Why did you quit working for that memory expert?

Willie (a baseball fan)—"Cause he remembered that all my grandmothers died last year."

## Davis—How's the fishing in this lake?

Kober—The best possible. I never saw any one anywhere else in the world to do as much fishing as they do here, in proportion to the fish they catch.

## REAL SHOES for REAL MEN
