AFFERS REWARD OF \$400 FOR EACH MUTILATOR
State and County of Martin Will Pay Sum For Needleman's Assassins.
Raleigh, April 3.—Proclamation by Governor McLean, his first today, offering a reward of \$400 for each arrest and conviction in the Martin county mob's mutilation of ceena Needleman, is expected to stimulate the interest in that case.

Governor McLean asks the county commissioners to offer a similar amount and on the capture of each accused man he asks that these prisoners be delivered at the state's prison because from what he can learn and in the light of what has recently happened his excellency does not believe the Martin county jail is a safe place for prisoners.

Governor McLean tonight received a message from the chairman of the county commissioners, saying he had followed the governor's advice and offered the \$400 reward. That makes a premium of \$800 on each mutilator.

DEMOCRATIC PRIMARY IN THE CITY NEXT SATURDAY

Voters Will Nominate Candidates For Mayor, Aldermen and School Commissioners.

A week from today Democrats of Concord will go to the polls and nominate their candidates for the city election which will be held on May 5th. If they fail to nominate in the first primary they will vote again on Saturday, April 18th.

Various candidates have entered the race for the nominations and a heavy vote in the primary is predicted. While the race for all nominations has aroused some interest, greatest interest centers in the mayoralty race. Three candidates are seeking the nomination and each is expected to poll a large and representative vote.

Mayor J. B. Womble is seeking the nomination for the third time and he is opposed by J. L. Miller, former postmaster and C. H. Barrier, popular merchant of the city. Each candidate is known to have been actively at work in the interest of his campaign and this contest is expected to prove so close that a run-off vote will be necessary.

For places on the aldermanic board there are many candidates, all of the present aldermen except W. W. Flowe being candidates. In Ward One A. R. Howard has no competition and the same is true of W. A. Wilkinson in Ward Two. However, in Ward Three there are two candidates, Alderman C. M. Ivey being opposed by former Alderman H. C. Hahn.

In Ward Five there is also some competition, Alderman R. A. Hüllerer being opposed by B. E. Crouch. In Ward Four there is no candidate against the incumbent, James G. McEachern.

J. T. Sapp, present alderman at large and former alderman from his ward, is seeking the nomination at large again, and as he has no opposition he expects to be his party's nominee.

In three wards the voters are to show their preference for candidates for school commissioners. The wards being Two, Three and Five, J. A. Cannon, is the present commissioner from Ward Two, and probably will be renominated as he has no opposition. New commissioners will be chosen from the other two wards, however, as both commissioners have resigned. E. H. Brown, who served from Ward Three, recently moved from Concord and William Walters who served from Ward Five, resigned several months ago.

So far the Republican leaders of the city have not indicated what policy they will pursue in the election on May 5th. Two years ago the party offered no opposition to the Democrats and four years ago the opposition was so weak it amounted to nothing.

In view of the big Democratic majority rolled up in the city last November in the general election it is possible that the minority party in Concord will offer no candidates again this year. The Democrats have carried the city even in the leanest years when the county was Republican, and now that the county is Democratic again it is felt certain that the Republicans will offer no real opposition to the candidates chosen in the primary. Even if the G. O. P. enter a full ticket its candidates are not expected to poll a very big vote.

Validity of Game Commission Order Closing Open Season.

Acting pursuant to a law giving the game commissioner power to close any open season and open any closed season, the game commission of Oregon closed the open season for hunting deer with horns during 1924. The validity of this order occupied the attention of the Supreme Court of that state, which decided that it constituted legislation, and consequently was void, in Winslow v. Fleischer, 228 Pacific Reporter, 101.

The opinion of the court, which was written by Mr. Justice Coshaw, discusses the power to delegate legislative functions very thoroughly, and in regard to the order under consideration it was said:

"It thus appears that the game commission assumes the power to substitute its judgment about the proper time for the closed season for the year 1924 for the judgment of the Legislature as expressed in section 10, c. 153, Laws 1921. The order assailed in the instant case is not subsidiary to the statute, but is contrary thereto. The order is substantive legislation."

Favor Unification.
Kinston, N. Y., April 3.—The laymen's Association of the New York Conference of the Methodist Church today voted unanimously in favor of unification of the Methodist Church, north and south.

North Carolina Federation of Women's Clubs.

Raleigh, N. C., April 2.—Mrs. T. Palmer German, president of the North Carolina Federation of Women's Clubs, today made announcement of speakers from outside the state who will address the annual meeting at Pinehurst, May 4, 5 and 6.

Included in the list of visitors is Dr. Louise Stanley, head of the household economic bureau of the United States Department of Agriculture, Washington. She will tell her North Carolina

hearsers something of the work she is undertaking.

Another prominent visitor will be Ida Clyde Clarke, an associate editor of Pictorial Review, New York. Her subject will be, "A New Woman Looks at An Old World."

There will be numerous North Carolina women on the program, which is now being put into definite shape.

Mrs. German indicated that she anticipated a large attendance at the Pinehurst meeting.

SAYS NEXT WAR WILL THREATEN CIVILIZATION

Fosdick Predicts Present Generation Will See Another Great Conflict.
New York, April 2.—This generation will experience another great war which will threaten the permanence of modern civilization, Raymond B. Fosdick, trustee of the Rockefeller foundation, predicted today before the New York Rotary Club.

"There is no such thing as a permanent civilization," he said. "The same pallbearers who carried out the coffin of 'Tut-Ankh-Amen are waiting outside our doors for the remains of our civilization."

A permanent court of international justice provide the only preventive for the dangers that threaten, he said, in a plea for American entry into the existing court.

Modern world conditions make victory in warfare impossible for any nation, he continued.

"England," he said, "was called one of the victors in the late war. What empty words! England has 15,000,000 persons on the borderline of want today, seven years after the war."

Only a few men are holding up America's entry into the world court, he declared. He criticized these opponents

LAKE MATTAMUSKEET MAY AGAIN BE DRAINED

Col. W. B. Rodman's Proposition Regarding Mortgages is Accepted.
Raleigh, April 1.—Easterners, notably Col. W. B. Rodman, of the Norfolk Southern, who have been here this week see in today's official acceptance of Colonel Rodman's proposal to state board of education, the early hope of Lake Mattamuskeet's redemption and a new prospect of great arable lands in Hyde county.

The old drainage project which broke sundry North Carolinians is totally unrelated to the new. The vast domain exploited never panned because so much greater was the interest in selling preferred stock than in the actual development of the lands. The lake was drained but the water would not stay out. About 48,000 acres or 75 square miles are now covered.

The Hawaiian Islands were named Sandwich by Captain James Cook when he explored them in 1778, but the name did not remain.
