Lumber and Brick For Sale at St. Cloud Hotel building. 7-41-p.

IN AND ABOUT THE CITY

DAIRIES IN COUNTY ARE GIVEN THE ONCE OVER

Reported That Conditions at Some of The Dairies Are Very Unsatisfactory.

An inspection of the dairies of Concord and Kannapolis milk supply, conducted some weeks ago by Dr. T. N. Spencer, City Food Inspector, and Dr. S. E. Buchanan, County Health Officer, has revealed a condition of affairs among the dairies that is far from satisfactory, say the doctors making the investigation.

The inspection was conducted without any preliminary notice and caught most of the dairymen off their guard, with the result that many of them were found with places that were not up to standard. Many of the grades were low, so low that it was thought best by the two doctors making the investigation not to publish them. It was learned, however, that the highest was around 84 and the lowest in the neighborhood of 35.

In giving his reasons for not publishing the grades, Dr. Spencer declared it was impossible to do so because the comparison with other cities would give Concord a black eye which was by no means deserved. "Our milk here is no worse than it is in many of the other cities in close proximity. For instance, the milk in Charlotte is not of higher grade than it is in Concord. At the same time, Charlotte inspectors are giving their ratings of the dairies as high as 98 and 100 and not lower than 85."

"With our ratings at such a low grade, it would mean that Concord would be looked upon as a place where filthy milk was pushed off on the consumers which is really not at all true. As a matter of fact, we have rated the dairies as they should be rated with no thought of sparing any of them."

Dr. Spencer then went on to give an outline of the plans which were to be presented to the new Board of Aldermen after their election in May. The scheme was one which had been adopted by Wilmington, Greensboro, High Point and other cities.

The milk is sent in from the dairies daily and is graded by means of a bacteriological count. After six months of grading the different dairies are then given labels of "A," "B," "C" and "D" which they have to put on their milk bottles. "A" milk will designate the best quality and "D" will be the worst. Nothing will be done to force dairymen to better the quality of the milk. Public opinion and lack of customers is supposed to do that.

From time to time, gradings will be changed as is deemed necessary from the bacteriological counts. An inspection will continue daily and will insure persons who want good milk that they will get the best.

If the Board of Aldermen adopt the ordinance, Concord will be placed on a parity with the other cities of the State in this health measure. Every bottle of milk will be labeled, not only with the grade as noted from the bacteriological count, but it will be labeled as to whether or not it has been pasteurized, whether or not the contents are raw and the percentage of fat the milk contains. Grocery stores, restaurants, cafes, soda fountains and similar establishments must then state, on a card furnished by the health officer, "the grade of milk at the time when delivered and whether same is raw or pasteurized."

For Sale—Corn and Oats. Phone 729W. H. C. Ridenhour. 7-41-p.

Gold Seal Rags, Large and Small Cheap. Covington. 7-31-p.

Lost—Grandfathers Love Letters May be lost in some old trunk or hidden away somewhere, but that's no reason why they can't be FOUND. JUNIORS WIN INTER-CLASS TRACK MEET AT HIGH SCHOOL

Roy Litzker Leads Individual Scores With 27 Points—David Crowell Second.

The juniors jumped away with the inter-class track meet held at the High School Tuesday afternoon, taking a total of 72 points as compared with 37 for the sophomores, 23 for the freshmen and 16 for the seniors.

High scores in the meet was Roy Litzker, a member of the junior class who made 27 points, more than the total for the seniors and almost as many as the total for the freshmen. Litzker made first in the one-half mile, the broad jump, the discus, and placed in other events. David Crowell, sophomore, was second high scorer, winning three firsts and placing in one other event. Crowell showed up well in all the dashes, leading his opponents in the 100-yard dash, the 220-yard dash and the 440-yard dash. His total in points was 20.

Other men who made high individual scores were Hal Jarratt, 17; Kermit Morgan, 10; Eugene Hoover, 8; Louis Misenheimer, 6; Ralph Beaver, 6; Frank Misenheimer, 5; and Ernest Groff, 5. Scoring was made giving the first four men who finished an event points. First place was given six points, second four points, third three points, and fourth one point.

The events were as follows, with the men in the order of their placement: One hundred-yard dash—Crowell, Morgan, Widenhouse and Litzker. Time, 10 and 7-10 seconds.

Two hundred and twenty-yard dash—Crowell, Saunders, Groff and Misenheimer. Time, 26 seconds.

Four hundred and forty yard dash—Crowell, Saunders, Groff and Misenheimer. Time, one minute, three and 7-10 seconds.

Eight hundred and eight-yard run—Litzker, White, Goodman and Benfield. Time, two minutes and 37 seconds.

One mile run—Beaver, Misenheimer, Widenhouse and Litzker. Time, five minutes and 50 seconds.

Discus—Litzker, Crowell, Hoover, and Sullivan. Distance, 88 feet and four inches.

Shot put—Hoover, Litzker, Howard and Crowell. Distance, 31 feet and 10 inches.

CLARENCE WINECOFF RETURNS FROM SOUTH AMERICAN CRUISE

Is On Board Ship That Carries General Pershing to Peru For Anniversary Celebration.

Clarence Winecoff, son of Mrs. Laura Winecoff, of this city, relates an interesting story of the tour he has just completed around the coast of South America. He was on board the ship which carried General Pershing to Callao, Peru, to assist in the celebration of the 100th anniversary of the independence of the country.

General Pershing was Ambassador Extraordinary from the United States and represented this country in all the state functions in Peru.

After leaving this country, the ship went to the Panama Canal where it crossed to the Pacific Ocean and proceeded down the west coast of South America until Callao was reached. The party remained here for three weeks. This was prior to the United States' Award in the Chile-Peruvian controversy and the ill feeling was not strong toward this country at that time as it has been since, said Mr. Winecoff. However, the feeling against Chile was so strong that all persons on board ship were cautioned not to even mention the name of Chile to any Peruvian.

From Peru the ship went to Valparaiso, then through the Straits of Magellan, and on up the east coast of South America. Rio de Janeiro was the prettiest place he had ever seen, declared Mr. Winecoff. It was like a fairyland.

After leaving the South American coast, the ship went to Cuba and then into New York.

In June Mr. Winecoff will go on the shipman's practice cruise to the Panama Canal, San Diego, Los Angeles, San Francisco and Seattle. He graduated last June from the United States Naval Academy at Annapolis with the rank of midshipman. On the South American cruise he was an assistant engineer on the ship. His headquarters is in Boston.

REMEMBER PENNY ADS ARE CASH

For twelve or fifteen years before her death Mrs. Bost was a suffering invalid, seldom ever being able to leave her room, but those who knew her best say that she bore all her suffering without a murmur or complaint.

She was a devoted mother, a faithful wife and devout Christian. Her body was laid to rest in Cold Springs cemetery Monday, April 6, 1925, in the presence of a host of sorrowing relatives and friends. Rev. R. N. Richardson, a former pastor, assisted the pastor, Rev. M. A. Osborne, in conducting the burial services.

Marine Recruiting Party Visits City to Return Saturday.

Sgt. W. E. Atchison, of the U. S. Marine Corps Recruiting Force, District of Charlotte, was in the city today. He will return to the city Saturday for a short time. He will make the Postoffice his headquarters while in the city.

The Marine Corps is quite high. Only the most desirable men are accepted in the corps. Men between the ages of 19 and 30 and 65 to 74 inches in height are urged to try the examination. Sixty different trade and academic courses are taught in the Marine Corps Institute. Marines are stationed in all the naval bases in the U. S., abroad all dreadnaughts and cruisers in the navy and have bases in over a dozen foreign countries.

The fellowship, travel, education and pay offered by this attractive branch of the service is hard to beat.

The corps has a brilliant history dating back 150 years. They fought with Washington at Trenton and following on up through the years distinguished themselves in all our nation's battles. Their motto is "Semper Paratus" or "Always Faithful" was proved in the late world war.

At the Theatres.

"The Snob," starring John Gilbert, Conrad Nagel, Phyllis Haver, Norman Shearer and Hedda Hopper, is being shown today at the Pastime.

The star today is showing "The Marriage Cheat," featuring Adolphe Menjou, Loretta Joy, Percy Marmont and Laska Winter.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Booknight, of this place, gave the following account of his use of Theodor's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time."

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, nervousness, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-154
