VON HINDENBURG IN POLITICS.

General Von Hindenburg, the officer who sent thousands of Germans to their deaths, now wants to be President of the German Republic.

Although he was always a right-hand man with the former Emperor, Von Hindenburg has remained popular with a certain element in Germany.

However, certain reports from Germany indicate that his strength will not be enough to win.

"I TOLD YOU SO" AGAIN.

Again there have been choruses of "I told you so," from various parts of the country for Dorothy Ellington has been found insane by a jury.

And her conduct in this matter probably had great weight with the jury. Many have contended all along that her lawyers told her to put up a protest against the examination.

As was to be expected, alienists were found who judged the girl insane, and at the same time the State produced other alienists who judged her sane.

Hunt's Washington Letter

BY HARRY B. HUNT  
NEA Service Writer

Washington, April 11.—Ways and means of getting through the next presidential campaign without a deficit already are being considered by the optimists among the Democrats.

One survivor of the late Democratic debate, who was attached to national headquarters through the recent campaign, suggests that the period of the active campaign be shortened from six months to six weeks.

A properly conducted radio campaign, he suggests, over a period of not to exceed one month, would be equally if not more effective in getting votes than the old-time barnstorming political bathhouse, and wouldn't cost anywhere near as much.

Instead of holding the nominating convention in midsummer, he'd have it along about the time of the first frost.

Pictureque profanity is always alluring. A straight oath nearly nearly the effectiveness as one that is distinctive and unique.

Senator Carter Glass, of Virginia, who has a hot Southern temper that is always set on hair-trigger, vents about the most jarring imprecations heard around the capital.

continue to hold their primacy in the manufacture of staple... but the real genius of the future for the industry in this section is in the diversification of cotton manufacturing products.

the plaudits of the people, albeit they will be denounced and bemoaned by those who have been too profligate with the public funds.

AUTOMOBILE KILLING DECLARED MURDER

Jury Brings in Such Verdict For First Time in State, Says Stack.

Newton, April 9.—The jury in the homicide case against Wilford Trott and Robert Michael for the killing in an automobile collision of Miss Evelyn Rowe on February 9th, brought in a verdict at 8 o'clock tonight of murder in the second degree.

Sentence will be passed on the two young men Saturday afternoon. They were turned over to the sheriff with instruction to put them in jail pending sentence.

Judge Stack says this is the first time a jury in North Carolina has rendered a verdict above manslaughter for killing a person by an automobile driver.

More interest was taken in this case than any that has been tried in Catawba county in the past ten years.

Needless to say the roar of laughter from my fellow passengers brought me to my senses and caused a hurried exit at the next stop.
