Judge John Montgomery Oglesby. The Uplift. A great compliment has come to Concord in the selection by Gov. McLean of Mr. John M. Oglesby for the judgeship of the Fifteenth District...

There are few men whose record in life, with all its hardships and struggles, reads more like a romance. He was not born with a silver spoon in his mouth...

Mr. Oglesby became a lawyer through hard and devoted study while he was engaged in the business of making a living. He has always moved about with his eyes open. The record he made at the Chattanooga Law School attests his legal turn of mind...

The Uplift, while not a lawyer, has abiding faith that Judge Oglesby, by dint of his high character, his splendid intellect, his studious nature and his love for the profession of law, will make an efficient and able jurist...

The Uplift. James Franklin Crowell, the manager of King Tut filling station just out of the incorporate limits on the road to Charlotte, is a lover of nature and nature's contribution to the beautiful.

We are proud to regard men as the result of three forces—heredity, environment and will. Young J. Frank Crowell is a product of all three on about equal terms. His Daddy, Col. G. T. Crowell, like Col. Badly Boyden and Col. A. Fairbrother, always sports a rose in his coat lapel if a flower is at all available...

It's in the blood. The whole Crowell family is fond of flowers and green a half chance they'll have flowers, even though potatoes have to be cut out. A cousin of young Frank Crowell—by the way, we saw Frank not long ago pick up a dirty, half-clad urchin on the streets, carry him into a barber shop, treat him to a bath and a clean shirt and under clothes, and bid him well—Boone Crowell (not named for Daniel Boone, who carries daily a rural route and comes home and devotes the balance of the day to a small nursery. His home yard tells in what direction this Crowell's mind runs.

Anybody that can take a rough, undeveloped place and throw it into order and embellish it with flowers, has a heart—and that counts in life. You couldn't get one of these Crowells to go sprawling about in the woods, breaking the dog-wood when in bloom, or ruthlessly destroying the beauty of a tree or a shrub along the highway. But there are many vandals, who will rob these cheering natural gifts of their beauty by breaking limbs and otherwise mutilating them—this spirit, too, 's in their blood.

Senator Foil Talks Roads. Stanley News-Herald. Senator W. A. Foil, of Concord, who was a brief visitor in Albemarle Tuesday says that Cabarrus is going right ahead with the work of hard surfacing that county's part of the Albemarle-Concord highway. "We mean to pave the road right up to the Stanley line," he told a friend here, "and now we want you Stanley people to meet us there with a hard surfaced road from Albemarle."

Inspire not men with fear, else God Christmas card in the year 1846. will fight against thee in the same manner. Let one provide sustenance for them in the way of peace: it will then be that they will freely give what has been torn from them by terror—Precepts of Par-Hoten, 2,500 B. C.

Johns Hopkins, in 1880, was the first great American university to open its doors to woman medical students.
