WOULD DISCONTINUE CROP FORECASTS

The American Cotton Manufacturers Association in convention in New Orleans last week passed a resolution asking that the Federal crop reporting bureau discontinue during June, July and August the semi-monthly cotton crop forecast, on the ground that such reports disorganize the stability of values and react unfavorably on the textile industry.

Other organizations have protested against the government forecasts, most of the opposition being due to the fact that the forecasts of necessity cannot be very accurate. It is a fact that the price of cotton on the New York market, and in other cities too, is affected by the reports, and if anybody benefits from the forecasts it is the speculator.

EUROPE SEEKING CONSERVATISM

The fall of the Herriot ministry in France did not come as a great surprise and the Greenville, S. C., News says the fall was "presaged last fall when the complete overthrow of the Labor-Socialist party in England was regarded as a swing of European politics back to the Conservative policies of government."

The biggest problem in France today is a financial one and the country will benefit much if the new government leaders can give the people a sound basis for their monetary crisis.

FOR DEMOCRATIC "HARMONY."

From Washington comes the report that supporters of Governor Al Smith are ready to make a proposal to the McAdoo forces as a means of securing Democratic "harmony." The proposal suggests that both Smith and McAdoo make no effort to secure the Democratic nomination in 1928.

Hunt's Washington Letter

By HARRY HUNT
NEA Service Writer

Washington—Back of President Coolidge's insistence of "economy" in both public and private expenditures is his appreciation of the extent to which the nation's income is mortgaged for taxes.

Despite a 25 per cent reduction in federal assessments last year, taxes—federal, state, county and municipal—look 25 per cent of the national wealth. The fact is that public debts, state and national, have reached such enormous proportions that interest and sinking fund charges alone constitute a burden of approximately \$100 per family per year, on the average, for every household in America.

And while this is being paid, taxes for current government costs continue to pile up. If the total public debt, for instance, was prorated equally among the heads of families in America, each family would be called upon to meet an interest bearing debt of \$1,500. This is about six times the per family share of ten years ago.

C. M. Keys, president of the Curtiss Aeroplane Co., is not optimistic over the outlook for the development of commercial aviation in the United States.

Keys had been one of those who believed aerial express and passenger service commercially feasible. Some months ago, however, he had a careful survey made of just what might be expected in the way of patronage and revenue from an air passenger-express business and what the cost would be.

Al Smith as the Democratic presidential nominee could carry New York State and possibly New Jersey. He would get enough votes in the South to carry the "solid South" but that would be about all.

McAdoo could carry the South and possibly some of the smaller western States but he could not carry any of the more important eastern States. Certainly he will have no real vote in the East until the wranglings of the last convention are forgotten.

We are of the opinion that the Democrats will stand a good chance in 1928 if they can get into the convention without either Smith or McAdoo as a candidate. If the old war breaks out again, then the fate of the party will be much the same as it was last fall.

Unique Judgement in Catawba Court

Newton, April 11.—One judgment of Judge Stack in Catawba Superior Court today was unique. R. O. Abernethy, prominent Hickory man, was convicted for not paying his street tax in Hickory. Abernethy, as he has been doing in many terms of court in Catawba, both civil and criminal, acted as his own attorney, though he has no license to practice law.

Only two per cent. of the American farmers paid any federal income tax in 1920.

DINNER STORIES

Hub—I think, my dear, you have invited too many guests.
Wife—But, Richard, I had to invite those who lent me the things for the party.

Jackson—The idea of letting your wife go about telling the neighbors that she made a man of you! You don't hear my wife saying that.
Johnson—No; but I heard her telling my wife that she had done her best.

Tourist (doubtfully)—You're not going to tell me that you are the famous centenarian?
Native—Oh, no, it ain't me—it's my daughter.

Brigadier General—Now, Captain Timmarsh, suppose you found your company completely cut off from the rest of the battalion—impossible mountains around you—a raging torrent before you—hopelessly outnumbered and entirely surrounded by the enemy. What would you do?
Captain Timmarsh—By George, sir, but you are a pessimist.

I saw you just now at the information booth.
I wanted to find out something.
You can't find out anything at the information booth.
That's what I found out.

SAGE TEA KEEPS YOUR HAIR DARK
When Mixed With Sulphur, It Brings Back Its Beautiful Luster At Once

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold. Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.
