

SOCIAL & PERSONAL

A Masculine Negligee

THIS type of negligee is very popular with the practical girl, although the idea is very obviously stolen from a man's dressing gown. Of printed-silk in shades of blue, it is bound and belted with plain blue of a darker tone. The wash makes any other closing unnecessary.

War Mothers Meet.
The Cabarrus War Mothers will hold their regular meeting this afternoon at 3:30 o'clock at the home of Mrs. George B. Means on South Union street. Joint hostesses with Mrs. Means are Mrs. D. L. Boat and Mrs. R. A. Brown.

Stork Visits Woman As She Walks for Train.
New York, April 12.—While crowds of Easter travelers thronged the Grand Central station early today the stork paid a visit to the terminal—one of the city's busiest spots.

Waiting for a train to take her to her home in Hartford, Conn., Mrs. Jessie Anderson, 20 years old, suddenly became ill and was removed to the station's emergency hospital, where a five-pound son was born. Later she was removed to Bellevue Hospital, where it was said that both mother and child were doing well.

The crying need of our female population seems to be spring clothes.

PERSONALS

Misses Dorothy Roberts, Virginia Moses and Leona Brown have returned to Lenoir-Rhyne College after spending the Easter holidays in Concord.

Mr. and Mrs. John G. Huff and children of High Point, spent the Easter holidays here with Mrs. W. W. Gibson and Mrs. Archie Gibson. Mrs. Huff and Mrs. Archie Gibson spent Sunday in Charlotte with friends and relatives.

J. B. Sherrill will leave Wednesday afternoon for New York to attend the annual meeting of the Associated Press, which is held in April each year at the Waldorf-Astoria Hotel.

Mrs. Dan Isenhour and Mrs. T. B. Sturgis are leaving this afternoon for Wilmington to attend the Woodman Circle Convention on Wednesday. Mrs. Isenhour is going as a delegate from Elm Grove, N. C., and Mrs. Sturgis as one of the state officers.

Mr. and Mrs. A. C. Wolfe, of Charlotte, are in the city today.

Mr. and Mrs. J. O. Alexander, of Fremont, Ohio, have been touring the south this winter and stopped a few days in our city on their way home. Mr. Alexander is the author of a magnificent little book of poems, "Golden Thought In Rippling Rhymes."

Mr. and Mrs. Walter Ritchie and children have returned to their home in Raleigh, after spending the holidays with relatives in the city and county.

Rev. W. H. Eubanks, former pastor of Poplar Tent Church, is spending the day in Concord.

Rev. L. A. Thomas is in Hickory today attending a meeting of the board of trustees of Lenoir-Rhyne College.

Charles Meis, Jr., and Clarence Winecoff spent the week-end in No. 6 township at the home of George Cress.

R. R. King, of Nashville, was a visitor in Concord Monday.

Mrs. Luther Kestler and children are returning to their home in Charlotte after visiting relatives in the city over the week-end.

J. G. Parks and Ed Sherrill left Monday evening for New York.

Miss Grace Royster has returned from High Point, where she spent Easter with relatives.

Mrs. Victor Bell and little daughter, Jane Kestler, are returning to their home in Raleigh after visiting at the home of her parents, Mr. and Mrs. G. Ed Kestler.

Ford Starts Air Freight Service From His Factory.

Detroit, April 13.—The "Maiden Dearborn" landed at the Ford airport, Dearborn, at 5:30 p. m. today on the return flight of the trip to Chicago which inaugurated what is said to be the first commercial air line to be established in the United States.

The trip from Chicago was made in 2 hours and 50 minutes, exactly the same time as was required for the flight to Chicago. The aircraft was loaded on the return trip with 1,000 pounds of freight.

There was no demonstration here on the return of "Maiden Dearborn," only a few of the officials of the Ford Motor Company and of the Stout Metal Airplane Company, builders of the craft, being present.

LOCAL Y TRAINING HERE TOTS AS WELL AS SCHOOL CHILDREN

(Continued From Page One)
Hartsell Mill club with 12 members; Winecoff School with 25 members, Harrisburg where two clubs are held, each having around 20 members, and Rocky River with 30 members. It will be noted that the work of Mr. Johnson is not altogether in the city. On the contrary, he carries the Y. M. C. A. to the country districts.

These clubs hold organized meetings in which they take up Bible study and have talks on character building. They are also taught the value of Sunday School and church attendance. In addition to the religious work, they are taken on hikes, where they are given lessons in nature study. One club, the Wildfires of No. 2 School, are now building a hike several miles out from Concord and are having the time of their lives in doing so.

The clubs now have a baseball league, each team playing two games a week. Clean sportsmanship is stressed and the excellent manner in which the boys deport themselves on the field has occasioned much comment, one of the school principals stating at one of the games recently that he had never seen such a change in any group of boys as had come over his boys since clean sportsmanship had been taught by the Y there. There are approximately 210 members in the 12 organized clubs.

Another work into which the Y has branched during the last year is the teaching of expression. Miss Ethel M. King of the Queens College faculty at Charlotte has come to Concord and trained her class of 15 pupils several times during the week. In a recent recital, the pupils performed in a very creditable manner and entertained a large audience.

In giving an account of the work which the Y does for the children, it is impossible to leave out the May-Day Festival which trains over 100 children. In this celebration little folk dances and elaborate pageantry are taught by volunteer leaders. A work of this sort is training in the aesthetic and cannot be underestimated.

Negro children are also given a small amount of training. No very extensive training is done at the present because of a lack of leaders to take charge of this work but it is probable, according to Y officials, that in the near future, a Negro Y secretary will be secured who will devote his entire time to the work among the members of his race, under the supervision of Mr. Blanks, the general secretary.

One club is at the present conducted by Prof. Logan who directs their religious work and helps them in their games. During the summer of 1924, the negro boys had a baseball league which occasioned much interest. It is likely that another league will be started later in the spring.

DEMOCRATIC PRIMARY

A Democratic primary will be held in the city of Concord on Saturday, April 18th, for the purpose of choosing the party's nominee for mayor, the second primary being made necessary by reason of the fact that no nomination was made in the first primary last Saturday. The primary on Saturday will be between the hours of 2 p. m. and 6 p. m., voting to take place at the regular voting places in the city.

E. F. WHITE, Chairman, Democratic Executive Committee.

TAXPAYERS ATTENTION

Notices for listing your property, which according to law should be done in May, have been posted at different places in each ward and township. The taxpayers will please meet the list takers at times and places named.

All dogs owned by anyone must be listed for tax according to law.

ROWDY BALL PLAYERS TO GO TO DISCARD

High Standard of Sportsmanship Provided This Year.
Durham, April 14.—"The rowdy ball player is going to find his conduct expensive," said President W. G. Bramham, of the South Atlantic, Virginia and Piedmont baseball leagues, in a message to managers. "It is not a pleasure, I assure you, to suspend or fine ball players," continued Mr. Bramham, "but we are going to have the highest standard of sportsmanship this year."

The triple president told the managers of the three leagues that umpires had to be respected and issued the warning that "small financial penalties are a thing of the past." He added, "They have advanced in keeping with salaries."

"With full warning in advance, there is no excuse for violating the rules under no circumstances will fines imposed be remitted." He emphasized this last assertion.

President Bramham cited rules from the National Association as to umpire decisions.

Further, he declared:
"There is seldom any excuse for a game lasting more than an hour and forty-five minutes, and most of them should be played in an hour and thirty minutes."

"Players do not work but two hours a day, and dragging the game along by failing to hustle on and off the field and take their place at bat should not be tolerated by club owners and managers."

In other words, President Bramham's

advice-warning is:

Make it snappy!
Umpires can call upon players to hustle, he concluded, "but only the owners and managers can make them do so."
"The fans pay for and demand action on the field and I hope you will see the games does not drag."
This felicitation to the managers from President Bramham:
"I hope you and your club owners will have a most successful season and the flag will be on by the club house play merits it."

Some Human Body Statistics.

We have more than 600 muscles in our bodies and there are about 1,000 miles of blood vessels with over 500 important arteries. If the skin on one person's body were spread out in one sheet it would cover approximately sixteen square feet. In the skin are more than two and a half million sweat glands. The lungs are made up of tiny cells similar to those of the honey comb. There are over seven million of these and if their surfaces could all be spread out on something flat they would cover a space of about 2,000 square feet. When a person has reached his allotted 70 years his heart, it is claimed, has given over two and a half million beats and has lifted over 500,000 tons of blood.

The average crop of hair is said to contain a quarter of a million hairs. Inside of the head, is the brain and running out from it is the nervous system. This system contains about three billion nerve cells. The number of white corpuscles in the blood is estimated to be 30 billion while the number of red corpuscles is thought to be more than 180 trillion. The average person's skin throws off about a quart of sweat on a cool day, and almost twice as much in ten minutes if the person is terribly frightened. The kidneys dispose of from one to three quarts of fluid daily. It may not seem possible but almost three pints of saliva are swallowed every 24 hours and the stomach generates from five to ten quarts of gastric juice every day.

The Rose Tree Fox Hunting Club in Media, Pa., organized in 1766 as the Gloster Fox Hunting Club, is believed to be the oldest hunt club in the United States. The club has a pack said to be bred down from General Washington's pack.

Gene Tunney, the American light heavyweight champion, has announced that he will engage in no more bouts until he battles Tom Gibbons next June.

What Theft Prevention Devices?

A retarded spark and rich mixture will heat the exhaust manifold "white hot." It may set fire to your car—first igniting the gasoline under the hood. You may prevent the total loss of your car by going over the carburetor adjustments regularly.

There are other common causes of fire, some of which cannot be easily detected. Even a minor blaze in your car or garage means an outlay of cash for repairs. It is wise to insure your car against such loss.

Get automobile insurance from John K. Patterson & Company covering fire, theft, collision, liability and property damage.

BROWN'S Will Take Care of You!

Most stores urge early Easter buying—they like to get the Clothes out and the money in as quickly as possible.

This store is different. We are catering to you—and if you are not on the dot—we don't turn in—we sit up and wait for you.

Another thing; you can come here the Saturday before Easter and find rugged instead of ragged assortments.

There are new goods unpacked here with every mail to take care of the men who have waited until the last minute. Take your time—and take our word that we'll be here when the time comes with the suit, the hat and everything else you need—and that includes the big values that we take it for granted every man is enthusiastic over.

Roberts-Wicks Easter Suits \$30.00 to \$45.00
Bates-Street and Eclipse Easter Shirts \$1.50 to \$5.00
Cooper Union Suits \$1.00 to \$3.00
Knox Hats for Easter \$7.00 to \$8.00
