

Tests Show Seed Corn Is Poor

The imperative need of testing corn before planting to insure a normal yield was vividly demonstrated at the National Seed Corn show, held in Chicago under the auspices of the Sears-Roebuck Agricultural Foundation. More than 27,000 ears from forty-five states were exhibited and the tests revealed the fact that more than 25 per cent of the ears showed poor germination and these were the best ears which more than 27,000 corn growers could find. The winning ear, which captured the \$1,000 prize, which was grown by Mrs. Elsa M. Pulaska of Waverly, Ill., proved up 100 per cent in germination power and disease resistance. The tests were in charge of Joseph Naylor.

The big lesson of the National Seed Corn show to the farmers of America was tersely told by Samuel R. Guard, director of the Foundation, as follows:

"The lesson of the corn show could be found on almost any county table. Take the best dozen ears and the poorest dozen. A dozen ears will plant an acre of ground. At the end of the season the best dozen seed ears will yield 70 bushels on the acre, or maybe 80 or 90. The poorest dozen will yield 35 bushels. Same land, same work, same weather, same overhead, same cost. And yet the 12 good seed ears yield twice as much crop as the 12 poor ears. That is the big lesson of the show."

Local busses will be discontinued between Concord and Kannapolis beginning Wednesday, it was announced today. The reason for this action is that the Greensboro-Charlotte busses which are to run every half hour will pick up the Concord-Kannapolis passengers.

A mail collection box has been placed at the intersection of Tribune and Union streets for the convenience of the persons living in that section of the city. Several of the collection boxes have been placed at various points in the city in recent weeks.

The regular meeting of the Cabarrus Black Boys chapter D. A. R. will meet at the home of Mrs. Chas. A. Cannon, North Union street, Wednesday afternoon at 3:30. Mrs. W. M. Sherrill and Mrs. R. K. Black were hostesses with Mrs. Cannon.

Elm Camp Woodmen of the World will hold an old-time spelling match tonight at their regular meeting. Webster's blue back speller will be used to give the old-timers a chance to show what they know about English. All members are urged to be present to get in on the match.

Regular work was resumed in the public schools of the city this morning following a one day recess for Easter. The schools of the city closed Friday afternoon, Easter Monday being given as the holiday. The holiday Monday was the last scheduled one during the present term of school.

Some of the public schools of the county will close their work this week, according to reports reaching Concord, while others will wind up their affairs next week. County Commencement will be held this year on the twenty-fifth of this month and many of the schools will have completed their work by that date.

Burks Withers and Amos Davis, of Norfolk, Va., and Winsboro, S. C., respectively, returned Monday to their homes after being called here by the illness and death of their mother-in-law, Mrs. M. L. Brown. Mrs. Withers and Mrs. Davis will remain in Concord several days longer.

The Baptists took another step toward the State baseball title Monday when they defeated the State players 5 to 4 in 12 innings. At the same time the Carolina team was winning rather easily from Davidson by an 8 to 3 score. The Wake Forest team now has defeated State, Guilford and Trinity.

Police officers of the city again today reported little activity. No session of the city court was held Monday afternoon and Chief Talbirt this morning stated that members of his department had little to do Monday and Monday night. "Easter was quietly observed here so far as we have been able to learn," Chief Talbirt stated.

"Play ball," will sound in the major leagues this afternoon as the sixteen teams line up for the 1925 season. Managers of all the teams expect a better brand this year than was offered last year and the race for the pennant in the two leagues is expected to be close throughout the season. Many radio fans here plan to get the scores of the opening games early this evening.

After keeping it for eighty years, Miss Susannah Barlow, of Windsor, England, was buried in a nightgown which was made for her trousseau. She was, however, disappointed in love, and the garment was never worn.

It is quite a usual thing to see Filipino mothers puffing away at cigarettes, or even cigars, while they nurse their babies.

WANTS EVERY ONE TO KNOW ABOUT IT

Suffered From Stomach Trouble and Indigestion. HERB JUICE Gave Relief After She Had Lost Fifteen Pounds.

"I am most pleased that it was my good fortune to learn of HERB JUICE in time to save me from further suffering. I never knew what it was to have a well day on account of constant pains which I suffered as a result of stomach trouble and indigestion. Such would be my condition today if it were not for HERB JUICE," said Mrs. Lucy Nichols, of 406 East Sixth St., Charlotte, N. C. in a recent interview with the HERB JUICE demonstrator.

MRS. LUCY NICHOLS

"In my opinion, HERB JUICE is the greatest medicine on the market today, and I am most eager for all to know what a truly wonderful cure it is for stomach trouble, constipation and indigestion. I could not eat anything; in fact, not enough to give me strength to stay up and do my work. Everything I ate disagreed with me and gas would form on my stomach, which made me feel as if I was suffocating. My liver was sluggish and I felt tired and worn out all the time. I could not sleep well at nights and would awake every morning with a terrific headache. My whole system was out of order, for I needed a thorough cleanser and regulator. In HERB JUICE I found what I was looking for. I have gained eight pounds since taking the herbal remedy.

The experts of the HERB JUICE Laboratories, has established headquarters in Concord at Gibson Drug Co., and will gladly tell you without any cost just what benefit you can obtain from HERB JUICE. Also sold in Kannapolis by F. L. Smith Drug Co.

"Don't you want to try it on, first?" we asked.
