IN AND ABOUT THE CITY

CONCORD AND MONROE HOLD
"HIT AND RUN" AFFAIR

Locals Beat Union County Leads by a
Score of 16-10.—**McInnis Uses Three**
Pitchers.

For the person who enjoys the hit and
run type of game, Tuesday's exhibition
between Concord and Monroe was fine.
There was plenty of hitting and plenty
of running and a few errors thrown in
for good measure. Incidentally, Concord
had the edge on the visitors, taking them
to camp by the count of 16-10.

Both teams started early in the fray.
Monroe grabbed off one run in their first
trip to the bat but Concord came back
immediately and made two. In the next
inning Concord made three more which
gave them what appeared to be a safe
lead.

Monroe then proceeded to make a run
in each of the fourth- and fifth innings
which was retaliated by Concord when
made four in the fifth. The visitors in
the next inning got next to McInnis for
a bunch of hits and scored four, almost
catching up with Concord. Concord staged
a counter offensive, making five mark-
ers in the same inning.

Monroe used three pitchers with equal-
ly unfortunate results during the game
and McInnis' lead to be relieved in the
seventh, Sullivan taking his place.

Simpson, Williams and Watt all per-
formed well at the bat, Williams having a
perfect day getting three hits in three
trips to the plate. Ayscue, Stewart and
Brewer all batted well for Monroe.

CONCORD FIRMS CONTINUE
CHANGING OF LOCATIONS

Musette to Move and the Browns Cannon
Company Takes New Place in Main
Room For Woolworth's.

The general shifting of locations which
Concord mercantile firms have been un-
dergoing during the past year, continues
unabated. Announcement was made to-
day of a change in the site of two stores
in order to make a place for the third,
a new firm.

The Musette, which for the past three
years has occupied one of the rooms in
the Cannon building, is making ready to
move into the store on 72 South Union
street, formerly occupied by the Will-
iamson Undertaking Parlor. The work on
the interior of the store is being rushed
in order that the Musette may move in
by the first of May.

Brown's Clothing Store will occupy the
space in the Cannon building as soon as
it can be made suitable after the Musette
Company moves out. It is understood
that extensive work will be done on this
interior.

To occupy the store left vacant by
Brown's, Woolworth Five and Ten Cent
Stores will put in a branch store. A
large addition will be constructed at the
back of the present building. The part to
be added will be thirty feet long and
nearly three feet wide.

Land Sale on South Union Street Very
Successful.

The sale of land on lower South Union
street which was conducted Tuesday
by Linker & Barnett, was very successful,
all of the lots being sold readily with the
bidding running higher than was ex-
pected.

The lots were 75 by 400 feet, having
been on the old R. B. Little property. The
average sale price was about \$1,000 an
acre.

During the last several years, there
has been a rapid growth in this section
of the city and despite the fact that the
property sold is some distance from the
city limits, it is considered a most at-
tractive location for home building.

Executive Committee Selected for Cam-
paign Next Week.

The executive committee, selected to
take charge of the Y. M. C. A. campaign
for funds which is to be held during the
early part of next week, has been chosen
and is as follows:

T. H. Webb, General Chairman, with
E. W. Banks as his aide, Dr. S. W. Rau-
kin, Assistant to the Chairman, with Har-
ry Lee Johnson as his aide; C. A. Can-
non, A. G. Odell, E. J. Haywood, G. E.
Patterson, Ed. Sauvais, C. B. Wagener,
T. D. Maness, W. M. Linker, J. G. Parks,
W. G. Caswell, A. R. Hooper, A. F.
Hartsell, C. S. Stuart, W. W. Flowe, and
A. R. Howard.

Revival at McGill Street Baptist Church.

A revival will begin Sunday, the 19th,
at McGill Street Baptist Church. A
special program will be given this eve-
ning at the church at 7:30 o'clock. Also
prayer meeting at the home of Mr. and
Mrs. M. A. Carpenter Thursday night,
153 Buffalo street.

Dr. Joseph A. Gatis, of Charlotte,
will deliver the sermons during the ten
days' meeting. It is hoped that the
people will come and aid in every way
to make the meeting helpful to the general
public.

J. R. PENTUFF, Pastor.

New York City is to have a ninecen-
nary women's clubhouse, to cost more
than \$5,000,000.

DEATH OF NICHOLSON,
SHOCK TO COMMUNITY

Had Been Identified With Paintless Life
of the Community For Many Years.

Salisbury, April 14.—W. S. Nicholson died at his home on North Ellis Street early today, death being caused by heart trouble from which he had suffered occasionally for some time. He was taken ill last Friday, and while he did not rally very fast, his death came as a complete surprise to his friends.

Mr. Nicholson was a native of Lynchburg, Va., but had lived in Salisbury 27 years. For some time he was in business and was prominently connected with the business life of the community. But in recent years, on account of his health, he had not been very active. He was 62 years old and is survived by the widow and five children, the latter being Mrs. H. C. Wall, of Rockingham; Mrs. Douglas Walters, of Tampa, Florida; Miss Mary Nicholson, of St. Mary's College, Raleigh, and Robert and James Nicholson, of Tampa.

None of the children were here when the father died, as his condition was not thought to be serious. The funeral will be at 10:30 Thursday morning at St. Luke's Episcopal Church. Interment will be in Chestnut Hill cemetery.

On a Hunt for Bromine.

Wilmington, Del., April 15.—The steamship Ethyl, former the Lake Harminia, of the United States Shipping

Board, sails from this port today on what is described as one of the strangest voyages ever undertaken by a vessel of commerce—to extract bromine from the ocean. A world shortage of bromine, which is extensively used in medicine, photography and the making of motion pictures, and as a constituent of the ethyl fluid of motor fuel, has caused the Ethyl to be fitted out as a factory for recovering bromine from the sea water. The project is sponsored by the American Chemical Society.

On its strange cruise the vessel will call at no port, but will roam the ocean and extract from its waters a cargo of bromine. According to chemical experts an average of one pound of bromines contained in each 17,800 gallons of sea water. Through a new process it is believed that the Ethyl will be enabled to obtain something like 100,000 pounds of bromine each month. Much interest is taken in the venture, as its success would probably lead to the equipping of a fleet of bromine ships and the creation of floating laboratories for the recovery from the seas of "other valuable constituents to enrich mankind."

With a view to the safety of women who patronize the so-called beauty parlors, the Chicago city council has ordered a thorough inspection of the electrical appliances used in such establishments.

The moon looks so romantic; if there are people on it we don't know when they have time to work.

TRACK MEET TO BE HELD
FRIDAY AT HIGH SCHOOL

High School, Y. M. C. A., Brown Mill, Hartsell Mill and Rocky River All Entered.

In continuing the track season which opened last week with an interclass meet at the High School, a meet will be held on this Friday between the Y. M. C. A. team, the High School, Brown Mill, the Hartsell Mill and Rocky River. It is expected that there will be entries from Salisbury and Charlotte in some of the events.

The meet is open to anyone in Concord, says J. W. Denny, who is promoting the affair, and a number of old track men are likely to be out to strut their stuff. Care has been taken so that there will not be the usual long waits between events that has been so characteristic of past meets.

Events for weights up to 110 pounds include the 10-yard dash and the standing broad and the running high jump. For over 110 pounds, in addition to the aforementioned events, there will be the pole vault, running broad jump, discus, shot put, 220 yard dash, 440-yard dash and the mile run.

Bicycle races will be run, one event having been planned for the younger boys and another for the younger girls.

Winecoff School Commencement.

The following invitations have been received in Concord:

The senior class of Winecoff high school requests the honor of your presence at its commencement exercises Monday evening, April 27th, 1925, at 8 o'clock, high school auditorium.

Baccalaureate sermon by the Rev. W. A. Hollins at Mt. Olive Church on April 26th, 11 a. m.

Class Roll:

Albert Barnhardt, Edith Fink, Charles Furr, Gladys Goodman, Frank Litaker, Ruth Phillips, Fred Litaker, Sara Winecoff, Paul Tucker, Clarence Stewart.

Colors: Old Rose and Gray.

Flower: Sweet Pea.

Motto: "Climb though the rocks be rugged."

Midland Commencement.

The Midland school commencement will be held during the latter part of next week, beginning Friday night, April the 24th, when the grammar school grades will present the play, "Midsummer Eve." On Saturday night, April 25th, the high school play "Home Ties" will be given.

The Childs Cup race, which this year is to be rowed on the Harbison River course, is the oldest triangular boat race in the world. Back in 1878 George W. Childs, of Philadelphia, offered a cup to be contested for by Pennsylvania, Princeton and Columbia, who formed an association under the deed of gift and held the first race in 1879 on the Schuylkill.

Wouldn't the farmers be a happy bunch if they could find an insect which eats nothing but weeds?
