CONCORD BUNCHES HITS AND BEATS MONROE RATHER EASILY

Union County League Fall to Put out a Concord Man at First Base.—Widehouse and McInnis Get Triples.
Bunched hits and errors by their opponents gave the Concord Highs the decision over Monroe Highs for the second time this season when they defeated the Union County team Monday in a good game by the score of 9-5.
The locals continued their heavy hitting by getting 8 hits, two of which went for three bases and one for two bases. Widehouse, who injured his hand several weeks ago, celebrated his return to the game by getting a triple. McInnis also got a triple and a single while Williams made three safe blows, two singles and a double.
Sullivan kept the Monroe team eating out of his hand up to the ninth inning. He had allowed only one hit and one scratch hit prior to that inning and after striking out three consecutive men in the eighth, Coach Hite ordered him to let up. The state eliminations start in the latter part of the week and it was thought best not to work him too hard.
A rather singular record was made by the Monroe team who failed to put out a man at first. Only one assist was registered by this team during the contest, this being credited to the catcher who pegged a man out at second. The high balls Stewart, the Monroe pitching ace put over the plate seemed to have the local batters puzzled, because 15 of them struck out in the eight innings he pitched. Sullivan struck out ten men.

ALBEMARLE TO HAVE AN OFFICE BUILDING

Dr. W. I. Hill Lets Contract For Five-Story Structure—County School Contest.
Albemarle, April 20.—Ground has been broken today for the construction of a five-story office building near the corner of Main and Second streets in the main business section of Albemarle. The first floor of this building will be occupied as stores and the other four stories will be occupied entirely as offices. Dr. Hill stated to your correspondent today that the building is to be modern in every respect and that the work of the construction would be rushed as rapidly as possible. James D. Howard, a local contractor, will have charge of the construction work.
Ex-Senator J. M. Boyett has just completed two splendid brick apartment houses at the corner of third and South streets. Each of these apartment houses have six apartments and all are finished in the most up to date manner and will be heated from a central steam heating plant. These apartment houses are located two blocks from the main business section and no doubt will become popular at once.
Supt. C. A. Reap, of the county public schools, is highly pleased with the success of the county commencement which was held here last Saturday. A large crowd was present, representing all the high schools of the county, Oakboro and Newwood entered two debating contests and Oakboro was successful in both. The recitation and declamation contest also created a great deal of interest and enthusiasm.
The recently constituted Stanly county highway commission is coming in for considerable criticism for its action recently in selling \$100,000 bonds at private sale, within one week after its organization. Some are contending that the present board is not legally constituted, therefore had no authority to sell bonds. Others contend that only the regular board of county commissioners has the right to issue such bonds.

Thieves Jailed

Thursday evening of last week, about 9 o'clock, two men and a woman in a Ford touring car, stopped at A. C. Small's garage on Wadesboro avenue and asked for gas and oil. After seven gallons of gas and half gallon oil had been furnished the occupants of the car left without paying. Mr. Small jumped into his big service car and gave chase, overhauling them near A. H. McLarty's four miles east of town. The party would not stop, and Mr. Small ran around them and ditched them, damaging the radius rods and steering gear to such extent that they could not proceed further. The two men wanted to pawn their overcoats or anything they had in payment for the gas and oil, but Mr. Small suspected them to be a bunch of thieves and he had Mr. McLarty to call for the officers. The two men started to run, but the woman prevented them not to desert her. Rural Policeman Frank Niven and Will Armfield were soon on the scene. The two men and the woman were brought to jail and locked up. Friday Sheriff Fowler learned the Ford car had been stolen from Will Elm, at China Grove. The men gave their names as George Tate and Monroe Tate, and their home Camp Braze. The woman was Minnie Mangum and her home Rockingham. Sheriff Crowder, of Rowan county, came Friday and carried the men back with him. The woman went to her home at Rockingham as there was no evidence that she was implicated in the theft of the car.

Nightshirt Returning, Says Paris

Paris, April 21.—Nightshirts for men are replacing pajamas, say the arbiters of fashion in Paris. They base their assertion upon the fact that more nightshirts have been sold during the past winter than at any time since the vogue of pajamas became worldwide.
