Reunited by Radio

In 1901 Mary McIlvain, of Wilmington, Del., was kidnapped by an unknown woman. Mary was then six months old, and as the years went on she had no reason to suspect that the woman who was taking care of her was not her real mother. In a Western city Mary was brought up with every comfort and was given a liberal education. Not so long ago Mary's supposed mother disclosed her secret on her death-bed in Atlantic City and the girl immediately started a search for her parents. She resorted to the radio and one night an uncle living in Maryland, Pa., recognized her from her story. The uncle got busy and arranged the reunion of Mary with her father which took place recently at Philadelphia. Mary is a big girl now. A German national dish is carp cooked in beer.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Baltimore, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found." Eating too fast, too much, or eating too late, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164

Theford's BLACK-DRAUGHT LIVER MEDICINE

Quart of Water Cleans Kidneys

Take a Little Salts If Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver-troble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so that you no longer cause irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

Former Minister Is Now Engaged in Mending Shoes

Milwaukee, Wis., April 25.—Cecil McKay, one time minister, today is a shoemaker, happily engrossed in managing a business of his own at 2811 Clybourn street, this city, a human "war wreck" that has been salvaged. It is the sort of salvage that the American Legion, in securing, for government agencies, is securing, for hundreds of disabled veterans, and is one important purpose for which the Legion is inaugurating an Endowment Fund of \$5,000,000.

McKay enlisted in the navy as a second-class seaman, after quietly informing his congregation in southern Virginia that he was leaving to join the colors. He hoped to do his duty as inconspicuously as possible, and return to the ministry, if possible. "Vocational training made a self-supporting citizen out of me. Today I employ a man and pay him the top wages. My business is prospering. I am performing useful and necessary work for that section of the city in which I live."

Most World Make Good. "Vocational training transformed me from a hopeless, despondent, morbid, nervous wreck into a hard working business man. From my association with other disabled veterans during my training period, I have come to the conclusion that most of the men would make good if they were properly placed in vocations where their disabilities would handicap them the least."

Complete Nervous Wreck. Then the navy, two years and one month after he enlisted gave him another degree, "C.N.W."—complete nervous wreck. McKay tried to preach, and ended up in a few months in a government hospital. Veterans Bureau nerve specialists told him the blunt truth. He must quit his mental struggles to solve deep theoretical problems, and learn a trade that requires the constant use of his hands.

12-YEAR-OLD DEAF GIRL ATTACKED BY A NEGRO. He is Found in Her Bed at Morganton Institution.—Attacked Her at Night. Morganton, April 24.—A horrible crime was perpetrated on a 12-year-old deaf girl at the school for the deaf here this morning by Arthur Montague, a negro employe of the school, who was found about 6 o'clock asleep in the bed which has been occupied by the child.

The negro was immediately placed in the county jail but excitement became so tense the officials thought it wise to remove him to another county for safe keeping. Sheriff Michaux hurried him off to Catawba county but later information is that Solicitor Huffman ordered him taken to Raleigh.

Los Angeles Back Home. Lakehurst, N. P., April 24.—Exactly 20 hours and 43 minutes after she had sailed from Bermuda, where she went on Wednesday, the big United States dirigible Los Angeles came to her berth at her home here at 5:40 o'clock this morning.

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles' Mentho-Sulphur from any good druggist and use it like cold cream.

CHARLOTTE HAS 70,452

New Directory Estimates Annual Population Growth of 7,127. Charlotte has gained 7,127 in population since this date a year ago according to the new city directory out Thursday. This directory conservatively estimates the population of Charlotte and suburbs at 70,452, the corresponding figures for a year ago being 63,325.

Business Manager C. O. Kuester of the chamber of commerce has been figuring that Charlotte was growing at the rate of 500 new residents per month, or about 6,000 yearly. The new directory indicates that while Mr. Kuester was not far wrong, he was a little short in his estimates.

The city directory's estimate is well supported on the estimate based on the city school enrollment, the two figures being approximately the same. There are 12,557 children in the city school at this time, a gain of 640 over the same date a year ago.

Population estimates based on an accurate new city directory and the school enrollment come the nearest to being an authoritative census available outside the regular government census every ten years. It is believed by those best informed on this subject in the city that 70,452 is the most accurate population estimate of Charlotte and suburbs available at this time.

HAVE DARK HAIR AND LOOK YOUNG. Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

TOWERING TITAN OF SPEED SEEN AS NEW YORK OF '75

Architects Predict Tubes for Auto Traffic With Moving Roads. New York, April 25.—H. W. Corbett, president of the Architectural League of New York, said today before the Architectural and Allied Arts Exposition at the Grand Central Palace, that New York of 50 years hence will be a titanic city half a mile high, 75 miles long and 50 miles wide.

"All automobile traffic will disappear from the surface of thoroughfares," said Mr. Corbett. "New York will be a titanic city, with traffic moving through tubes, movable platforms and escalating galleries. People will be shot through tubes 50 miles long in 30 minutes."

Pat Crawford Asked to Quit Coaching For Church. Gastonia, April 23.—Clifford R. (Pat) Crawford, for the past two years teacher and director of athletics in the Gastonia high school and third base-

men with Charlotte last year has been elected by Main Street Methodist church officials as a full-time director of the young people's work of that church, it was announced today. His new duties will begin September 1, provided he accepts which, it is understood, he has practically decided to do though he has authorized no statement to that effect. School children and the local public in general regret that Crawford is leaving the school here, but rejoice at the same time that he is not leaving the city. After a summer of semi-pro baseball in Union, S. C., Crawford will return here to take up his new work for which he is well fitted. It is probable that his playing with Union, S. C. this summer will be Pat Crawford's final baseball season. His new duties will keep him on the Sunday school job full time. He is now owned by the Chattanooga club in the Southern league.
