Miss Pearl Krimminger, of No. 11 township, was in the city today and informed The Tribune that she has a hen ten years old which lays an egg a day during the laying season, and wants Venus to "trot" out, his hen if he has one that can beat this.

No session of the city recorder's court was held Friday afternoon. Several cases were originally docketed for trial but as they were of little importance they were continued until the next regular session of the court. Police officers report that everything has been quiet during the week.

Mrs. Richmond Reed, city librarian, announces that she has ordered 200 children's books for the library which she expects to be in during the early part of next week. These new books will replace the large number of volumes which have worked out during the past year and which have not been replaced.

The Gibson mill baseball team is opening the 1925 season here this afternoon with a game with the Badin team. Sid Basinger is manager of the Gibson team this year and he has secured a fast team for the opening of the season. The team plans to play here often during the season if attendance warrants the scheduling of games.

Rumors heard on the streets here Friday indicate that C. H. Barrier, Democratic nominee for mayor, will have opposition in the city election on May 5th. It is said that an independent ticket will take the field in opposition to Mr. Barrier and other Democratic candidates. The rumors were very faint Friday, and many think they will not materialize.

Results in the major league Friday were: Chicago beat Detroit, Philadelphia defeated Boston and Cleveland defeated St. Louis in the American League. In the National League Boston defeated New York, Brooklyn won from Philadelphia, Cincinnati won from St. Louis and Chicago won from Pittsburgh. In the South Atlantic Charlotte won from Spartanburg.

Friday was perhaps the hottest April 24th in recent years in Concord. No official weather record is kept in Concord, but old-timers declare they have never known it to be hotter in April than it was Friday. Thermometers here registered 90 during the afternoon and at places where the mercury was directly exposed to the sun, the temperature was higher. It has been unseasonably hot again today.

According to a deed filed Friday J. A. Kimmons has sold to M. R. Dry property on Academy street for \$3450. Two other deeds filed Friday record the sale of property on Cedar street by W. W. Flowe, A. Concord's quota in the American Legion Endowment Fund campaign is \$1,700. It is planned to conduct the drive next Tuesday and members of the various teams in the campaign hope to complete the drive here in one day. The money will be for orphans of men killed in the war and those men who were wounded in conflict. Every person in the city will be given an opportunity to subscribe to the fund.

Special Officer Honeycutt, who patrols the Gibson Mill section of the city, took part in the raid during the night that resulted in the seizure of 15 gallons of liquor. With another officer Patrolman Honeycutt was on the lookout for something when he saw a man come from a cotton patch. The officers back-tracked on the man's trail, saw some fresh looking dirt, dug in the ground and found the liquor.

P. G. Sherbondy, manager of the J. C. Penny Company Store, will be in Atlanta, Ga., for eight days, beginning Monday next, where he will be in attendance at the regional buying convention of the managers of the organization. TOM SIMS SAYS

In Chicago a man with \$300,000 in his pocket jumped into the river, but things are very high in Chicago. A real live wolf got shot in a Wisconsin town, but we don't know whose door he was hanging around. An airship without a rudder landed in Bellevue, Ill., without even one person mistaking it for a congressman. Ship building concern is being sued for 11 millions, which is enough money to spend at a summer resort hotel.

If you are planning a trip to New York, now is the time to go, before they build another subway. The world gets better. You see the signs everywhere. In Los Angeles a crossword puzzle contest has ended. There is talk of Jackie Coogan's retiring to go to school instead of to take up golf.

Most people expect something for nothing, which is why many people expect medicine to keep them well. Procrastination is the thief of success. Real estate men now are known as realtors; undertakers as morticians, and bootleggers as financiers. Musicians say the harmonica will displace the saxophone, perhaps because you can hide a harmonica.
