

DR. CHASE TURNS DOWN NEW YORK CITY OFFER

Wires Authorities of Institution He Doesn't Care to Consider It Further. Chapel Hill, May 1.—President H. W. Chase, of the University of North Carolina, has been asked to consider the presidency of an institution in the metropolitan area of New York city, as was reported yesterday, but he let it be known tonight that he had wired the authorities of that institution that he did not care to give the matter further consideration.

Character and Reputation

Avoid the common error of confounding these two words, for there is a clear and sharp distinction in their meanings. Your character is what you are, in moral nature, your abilities, etc.; your reputation is what your friends, your neighbors, the world, think of you. Your reputation may be ruined by a false accusation, but your character cannot be injured by any one but yourself.

SNAPPY SAYINGS BY BILLY SUNDAY Some Striking Utterances at Winston-Salem by the Famous Evangelist. I am not against all amusements. You can't feed a fellow on prayer meeting all of the time. He can't go around with a face looking like a fire escape. Enthusiasm for God is like the measles or smallpox; it is catching; and you bequeath it to the other fellow. Children are not trained to go to church. They are growing up like wild asses' colts today. And you need to rebuild your family altars. They are torn to shreds by the devil. I'm not going to keep anything back while here for the fear of anybody. I don't fear anybody on God's dirt. I am told that you can pack and crowd a room with a leg show or a dance—there is one institution that will rip from hell to breakfast and back again for lunch, for there is nothing this side of hell that causes the ruination and the outrage of the virtue of more girls than the damnable, rotten dance. I wish some of the religious pessimists would take the groans and the sufferings out of their prayers, shove in declarations of triumph, and salute the victor in the name of God in advance. Nearly 70,000,000 of the 114,000,000 people in the United States do not belong to any church. James said, "Faith without works isn't worth shucks." I'm from Missouri. Show me your faith. The most successful preachers against Christianity that I know anything about are the inconsistent professors. Do you know that bunch? If it isn't Bob Ingersoll, it's some of these fellows standing around spewing and spitting, and spitting out their unbelief and their infidelity and sowing seeds of discord and rebellion. I think it is hypocrisy to pray for a thing you are not willing to work for. I am no magician. I am not a slight-of-hand performer. I am an old-fashioned preacher of the cross of Jesus Christ, the Son of God to keep you out of Hell. Oh, I tell you—Hell won't loosen its grip on the crowd without the greatest fight and I will put up the finest scrap for Jesus Christ and decency that I

know how, and don't you forget it. After God made the rattlesnake and the vampire and the polecat he had some awful substance left that he didn't know what to do with, so he made the knocker out of it. A knocker is a two-legged animal with a crooked soul and a sewer-soaked heart. He's got a backbone made out of jelly and glue, and where others have a heart he has a tumor of rotten principles. Whenever a knocker comes down the street, honest men turn their backs, the angels take refuge behind their golden harps, and the devil locks his gate for fear he will get in there. Would Stay in Jail. The novel plan that he had been in prison so long that he was unfit to face the world was entered by Hugh Robbards, inmate of the Iowa state penitentiary at Fort Madison, after Governor Kendall had pardoned him. Robbards asked permission to remain in prison for life. He is seventy years old and feeble. Thirty years ago he was convicted of murdering two railroad detectives. Ten years ago, when a prominent Rock Island, Ill., woman died the prisoner said that she was his mother and that Robbards was not his real name. "I'm glad she died without learning where I am," he said at the time. Fire at China Grove. Salisbury, May 2.—Early at noon Salisbury sent two fire trucks to China Grove to fight a fire that was threatening to do great damage. The Salisbury firemen saved two residences near the burned district. The residence of William Boston, where the fire originated, was destroyed, as was also a nearby garage and a barn. If Back Hurts Flush Kidneys Drink Plenty of Water and Take Glass of Salts Before Breakfast Occasionally When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulate them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is used for years to help clean and stimulate clogged kidneys; also to neutralize the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness. Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

DREADFUL PAINS Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and is Now Well. Columbia, Ga.—Mrs. George S. Hunter, of this city, writes: "After I married, thirteen months ago, I suffered with dreadful pains in my sides during... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house. "I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve. "My side hurt less and I began to improve in health... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all. "I wish every suffering woman knew about Cardui." NC-150
