## Harvey C. Sloop Honored on His 68th Birthday Anniversary.

On April 19th the friends and neighbors of the entire community, as well as relatives and acquaintances from other communities from a distance gathered at the home of Harvey C. Sloop, to celebrate with him the 68th anniversary of his birth. The coincidence of this occasion was that he was born on Sunday and his anniversary fell on Sunday this year and this celebration on Sunday added much to the interest of the occasion. There were present friends and acquaintances from Mooresville, Hickory, Salisbury, Faith, Rockwell, Mt. Pleasant, Charlotte, Concord, Kannapolis, Landis, Millbridge. Everybody that we heard express their opinion was that it was the largest crowd they ever saw present at a birthday celebration. The estimate ran from 500 on up. Nobody knows how many were present.

After a long table was constructed the good ladies loaded it down with good things to eat, that only such good women know how to prepare. When all were ready to eat A. E. Sloop, a son of Harvey Sloop, acted as master of ceremonies, and in a very short and fitting way welcomed everyone present. He told us how much he and the family appreciated our coming and joining in with them in the celebrating of their father's 68th anniversary and that there were present three ministers, and that he would call on each of them for a short talk. He then called on Rev. Paul L. Miller, of the Organ pastorate, who is pastor of one of the sons and his family. Mr. Miller made a good, timely talk which was appreciated by all. Then Rev. C. A. Brown of the New Grace Pastorate, and also an ex-pastor of Harvey C. Sloop, was called, and made an interesting talk, speaking of Brother Sloop's life in church work for the 17 years that he had been privileged to be his pastor. He assured the people Mr. Sloop was a true friend to him and he to him, and that Mr. Sloop was a warm friend to the church.

Then Rev. E. F. K. Roof, the present pastor, was called. He made a good talk that was appreciated by all. Then Rev. C. A. Brown was called upon to invoke the divine blessing on the occasion, after which he instructed Brother Sloop that the dinner was spread for him and for him to go and fill himself first. Then some friend led Brother Sloop to the table and asked him if he had anything to say. He said he was too full of emotion for utterance but he asked all to help him partake of the dinner spread, that he could only enjoy them if they would help him. All he said was in poetry as always. But we don't remember them and can't find them. They would be very interesting, as his voice was very low and overcome with emotion.

The large crowd could not hear him. After the dinner it was requested that there be some music. A double male quartette sang "Don't You Love Your Daddy Too?" in a very impressive manner. They sang several selections which were enjoyed very much by the crowd present. At this time Bro. Sloop was called to the front, and was the happy recipient of many beautiful and useful gifts. Rev. E. F. K. Roof, his pastor, presented them in a very nice and fitting way. Then again Brother Sloop, overcome with emotion, a very low tone of voice in verse, thanked all who had presented him with gifts and with their presence on this occasion. After wishing Brother Sloop many more anniversaries and that all of them be just as happy as this one the large crowd departed for their respective homes, all being glad that they had been present.

### FINAL PLANS FOR THE NEW HOTEL IN CONCORD

Architect Stoddard to Arrive Here Tomorrow—Hotel To Be Six Stories High.

A telegram received today by the building committee of the new hotel announced that W. L. Stoddard, the architect for this structure, will arrive in Concord Wednesday with the final plans for the hotel and the Concord National Bank building.

Preliminary plans have been received by both the hotel committee and the bank officials and it is understood that both were almost completely satisfactory. The final plans are to be received tomorrow after Mr. Stoddard's arrival.

The new structure is to be six stories in height and will have on the ground floor five shops, to be used by local concerns. These five shops come in addition to the bank quarters which will be on the corner of their present site.

It is thought likely that only a short while will elapse before the excavation for the new building will be started since practically all the plans are now complete.
