Answer to Yesterday's Puzzle.

MARTIN BOST'S NEW TRIAL DUE TO ERRORS BY JUDGE

Judge Stack Held to Have Erred in Charge to Jury—Bost Admitted the Killing.

W. T. Bost in Greensboro News. Court opinions today give to Martin Bost, old man of Cabarrus who admitted the killing of Jesse Vanderburg, September 15, 1924, a new trial for errors in the charge of Judge A. M. Stack.

Eight cases were decided and errors were found in five of them. This is an uncommon percentage of hard luck for the trial justices.

Chief Justice Stacy, writing the opinion, rehearses the circumstances detailed by Bost. There had been a wine party, but there was no evidence of women and song about it.

Chief Justice Stacy, writing the opinion, rehearses the circumstances detailed by Bost. There had been a wine party, but there was no evidence of women and song about it.

Bost's first exception grew out of the fact that Juror J. W. Driskill had committed a homicide and that the pre-emptory challenges having been exhausted the defense could not make use of that circumstance.

No Merit in Court's Exception. The juror admitted killing a man and being placed in jail for it, but he was never tried and the grand jury never found a bill.

There is something in this, however: "Before he can set up that plea," Judge Stack says, referring to the contention of self-defense, "he must satisfy you that he did not provoke the difficulty, because when a man brings on a difficulty and is forced to kill, he cannot set up the plea of self-defense, because he provoked the trouble."

This is plain error to the court. It might be made to fit a state of facts, but not those of the record.

Thrilling Sensation in "Never Say Die." "One thousand dollars if you get me to the steamer in twenty minutes!" No wonder he made it a whole thousand!

Cincinnati Special to Make All Local Stops. Raleigh, May 13.—Southern train No. 21, the Cincinnati special, running between Goldsboro and Cincinnati, via Winston-Salem and Asheville, will make all local stops between Goldsboro and Greensboro, it was announced today by the Corporation Commission.

More than half the destructive pests in the United States are of foreign origin.

SERIOUS CHARGE BROUGHT AGAINST DELINQUENT BOY

Jack Wilson in Jail Charged With Attack at Criminal Assault on a Little Girl. Charlotte Observer.

Jack Wilson, 20-year-old Mecklenburg boy, was locked in jail at 9 o'clock last night with no privilege of bond, charged with attempted criminal assault upon little Virginia Knox, eight-year-old daughter of Mr. and Mrs. J. W. Knox, who live in the Seversville community.

The felony is alleged to have taken place in an outhouse on the farm of Frank Knox, at Caldwell, four miles north of Hundersville, late yesterday afternoon.

Wilson was an inmate of Stonevale Jackson Training School, near Concord, until January, when he was taken to Mr. Knox's farm as a probationer. He said his home is in Mecklenburg county and has many relatives here.

Virginia and her six-year-old sister were visiting with their uncle. Their story, as told to their aunt, Miss Violet Knox, and related by her to the officers, was that Wilson invited the little girls to do with him to pick strawberries, which they agreed to do.

Chief Fesperman said that he found Wilson sitting alone at the supper table eating. After sharp questioning, he said, Wilson admitted the girl's accusation.

A physician was called to administer treatment to the patient who was in bed and highly nervous. He reported that she was not seriously injured and that the assault did not pass beyond the stage of attempt.

Chief Fesperman says the matter will be referred to Solicitor John G. Carpenter this morning for his disposition.

Germ Killing Power of Sun Proved by Tests.

Rays of sunlight have been imitated and tested for their effect on various germs by the bureau of standards. The beams, produced in small quantities and projected into colonies of microbes, killed some of the germs in less than a second after the light struck them.

Is Your Health Slowly Slipping Away?

Concord People Advise You to Act in Time.

Is failing health making you uneasy and unhappy? Are you tired, weak and dispirited? Suffer daily backaches and stabbing, rheumatic twinges?

Mrs. Sallie Little, 40 Crowell St., says: "My little boy had awful kidneys and could not control them either during the day or night. His kidneys acted too freely all the time and I gave him Doan's Pills. His kidneys were regulated and he is not troubled now."

PAINS ALL OVER

Lady Says She Took Cardui and Never Saw Such Improvement—Was So Weak Couldn't Stand.

Weatherby, Miss.—Mrs. James M. Hall, of this place, writes that she was "getting weaker all the time" when Cardui, the woman's tonic, was first brought to her attention.

"I suffered all the time and had pains all over," says Mrs. Hall. "I was so weak I could not stand. My skin was cold and flabby. I did not have any color. I had always been a very active woman—used to outdoor exercise, walking and going where I pleased, and to get down, not able to get myself a drink, was indeed a hardship."

"Nothing seemed to help me, till I began on Cardui. The first bottle seemed to strengthen me, and I sent for five more. By the time I had taken these, I was on my feet, going around, doing my work, gained in health and strength."

WOMAN'S MISSIONARY UNION OF BAPTISTS

A Total of 17,773 Study Classes Attended Last Year. (By the Associated Press)

Memphis, Tenn., May 13.—Under the direction of the Women's Missionary Union a total of 17,773 mission study classes were attended by the Baptist women of the South during the past year, it was reported to the annual convention of the Union opening here today as a part of the Southern Baptist Convention.

As a result of examination upon the courses covered by the classes, a total of 113,884 small seals, 4,163 official seals and 258 honor certificates were awarded by the organization. During the year a total of 2,118 local societies attained the A-1 Standard it was shown in the report.

A large number of the societies and organizations showed growth, the report stated. The total number of women's societies was given as 10,646 and those among young people 12,191 bringing the grand total of organizations to 22,837.

In the field of personal service, 1,409 societies engaged in Red Cross work or sewing for the poor, 308 in the conduct of Good Will centers, 554 in the operation of mission Sunday Schools, 10,223 in the conduct of cottage prayer meetings, 426 in carrying out work of various types of clubs in settlement districts, 61 operated industrial schools, 690 were engaged in rescue work, 102 did Americanization work among newly arrived immigrants, 388 engaged in prison work, 338 conducted kindergartens and day nurseries in needy communities, 261 held daily vacation Bible classes and schools and 387 did work among the negroes.

As a result of this personal service effort a total of 2,061,525 visits were made to the sick and needy, 7,464 conversions were reported, 13,900 Bibles were distributed, 3,418,608 pieces of literature were sent out, 325,914 garments and 404,987 baskets and trays were distributed while 342,806 hours were devoted to nursing, the report stated. A total of 7,242 societies engaged in personal service representing 73,717 personal workers.

Before the convention adjourns it will consider the advisability of changing the annual date of the meeting to January, changing the fiscal year to conform with the calendar year and meeting in a separate city from that where the Southern Baptist Convention meets. These changes would be, it was stated for the purpose of simplifying the records of the body and enabling more women to attend the sessions of the Southern Baptist Convention of which the Women's Missionary Union is an auxiliary, that are now able to do so because of clashing sessions.

Cheap Homemade Tractor.

A good serviceable tractor, which does the work of four mules, was built by a Georgia farmer from parts costing only about \$250. Of his discarded Ford automobile—which was worth about \$50—he used the engine, front wheels and steering apparatus, and purchased a pair of regular tractor wheels for \$165. A homemade frame was then made and the engine shaft cut off to fit. This tractor can turn around in a seventeen-foot circle and is useful for all kinds of heavy hauling and farm work.

Tuberculosis Soon to Vanish, British Doctor Says.

Twenty-five years from now tuberculosis will be as uncommon in the British dominions as leprosy is today, according to Dr. C. W. Saleeby, of the London medical institute. He also predicts that infant mortality will be reduced to almost nothing and that successful wars will be discovered to combat cancer. Largely through preventive methods, the death rate from tuberculosis has steadily decreased in the United States. In 1910, the fatalities from this affliction of the lungs were nearly 140 for each 100,000 population and in 1922, less than one hundred.

"Mr. Mampus, I fear you are ignoring our efficiency system." "Maybe so, Mr. Gump," responded the clerk addressed, "but somebody has to get the work done."

One advantage the boss has is when he is too lazy to work he can think he is thinking.

The quadrennial national conference of the United Brethren in Christ assemblies in Buffalo, N. Y., today.

Montreal is to be the meeting place today of the annual convention of the Canada Tuberculosis Association.

The foreign diplomatic corps in Berlin will be officially received today by Field Marshal von Hindenburg, the new president of the German republic.

A notable wedding in New York today will be that of Miss Abby Rockefeller,

daughter of Mr. and Mrs. John D. Rockefeller, Jr., and heiress of one of the world's greatest fortunes, and David Merrivweather Milton, Jr., a young New York lawyer.

Florida Requires Bible Reading In Its Schools.

Talassie, Fla., May 13.—By a vote of 76 to 2 the Florida house of representatives today passed a senate bill requiring daily readings from the Bible in the public schools of the state. The house had previously adopted a bill including a penalty for violation. The senate bill does not provide a penalty. The measure provides that the reading is not to be accompanied by comment.

"I must see the doctor today—I don't like the looks of my wife."

"I'll come with you, old man; I can't bear the sight of mine either."
