BELIEF IN CHRIST WILL SAVE PASTOR TELLS GRADUATES

(Continued From Page One)

after perfection? The student who says, "If I can pass—get promoted by any margin—I am satisfied," is not speaking the language of Christianity. The teacher who says to the students, "That's all right," when much of it is wrong, is not speaking the language of Christianity. That language would not go well in a banking house—much less will it go with God. Within a few cents of a balance is no balance. We, as Paul, must follow after perfection. My next reason is this: Some time ago I was asked to offer a prayer in a lodge room. I prayed in the name of Christ. After the prayer a friend of mine who was a professing Christian said to me, "Rowan, since many of our members are Jews, if I were you, I would not pray in the name of Christ." Another friend of mine, who was a Jew and an old Confederate soldier, heard the conversation, stepped up and said, "Well, if he didn't, I wouldn't have any respect for him; for he wouldn't be anything but a hypocrite and a traitor." My next reason is this: Paul, a Jew and the greatest Christian that ever lived, said, "I am not ashamed of the Gospel of Christ; for it is the power of God unto salvation to every one that believeth; to the Jew first and also to the Greek." My last reason is this: I must try to be true to myself and true

to you—every one of you. I can not and will not preach in the spirit of hypocrisy.

"What must I do to be saved?" Why did the Philippian jailor ask Paul and Silas that question? Doubtless the consciousness of not being saved had something to do with it. Doubtless the earthquake which shook the foundations of the prison, and jarred the doors open, and loosed the bands of the prisoners, and awoke the jailor had something to do with it. Something else, however, entered into that question. At midnight Paul and Silas prayed and sang praises unto God. To impress others with Christianity, you must show them that Christianity means something to you not only in the light but also in the darkness, not only when all is going to suit you but also when much is going against you. That entered into the question. Again when the jailor started to kill himself, Paul stopped him. To impress others with Christianity, you must show them that Christianity makes you interested in them. That entered into the question.

Let us look, in conclusion, at Paul's answer to the question—the most quoted and misquoted passage in the New Testament. Listen! "Believe on the Lord Jesus Christ, and thou shalt be saved." We must believe in the humanity of Jesus. Nobody has any trouble here; so I shall pass on. We must go, however, a great deal farther. Again, we must believe on Jesus Christ. We must

Singers' Convention

The singers' convention met yesterday with Mt. Zion Reformed Church, as previously announced, bigger and better in every way conceivable than any previous meeting. The convention used both Mt. Zion and Luther's Chapel churches. The choir sang at Mt. Zion, then went to Luther's Chapel and rendered the same numbers. In this way more of the large crowd was very agreeably accommodated. The interest is still growing as manifested by the great number of new choirs joining into this movement and by the much larger crowd present. Choirs present from China Grove, Faith, Kannapolis, Harrisburg, Hickory. All old choirs have made wonderful improvement since the last meeting. The new choirs were

Concord Painter Overcomes Stomach Trouble—He Gives HERB JUICE Credit For Better Health.

"It is truly wonderful the way your HERB JUICE restores me to health and strength after I had suffered so long with stomach trouble and constipation, and to show my appreciation and gratitude for what it has done for me, I gladly give this statement that others may be helped thereby," said Mr. E. A. Plummer, a well-known and efficient painter, residing near Hartsell Mill, Concord, N. C. in a recent interview with the HERB JUICE man. In speaking of his condition prior to the time he had used HERB JUICE, and the benefits he has secured from its use, Mr. Plummer further remarked: "For a number of years I had suffered with stomach trouble, and it was no simple case of indigestion I had, for it had become chronic and I would have terrible gas pains and bloating, especially after eating and had about reached the point where I was afraid to eat any solid food for fear of suffering for hours afterwards with indigestion pains. Nothing seemed to agree with me. My stomach was completely upset all the time, I was also very constipated and no laxative I took seemed to regulate me. I was hardly able to do my work when I noticed in the paper about HERB JUICE, highly recommended for such ailments as I had. I lost no time in buying a bottle, and to my surprise I began to improve from the first few doses, and since I have continued taking this medicine for over a month, my health was soon restored and today I am feeling fine. I can hardly realize now that I had stomach trouble so badly, for now the gas and indigestion pains do not bother me any more. I have a wonderful appetite and the best part of it is I properly digest what I eat. HERB JUICE is a great system regulator, for through its natural action I have been entirely relieved of constipation, bowels and liver are now in excellent working order and I feel like my former self. Now I can hardly wait for mealtime to come. In my opinion, HERB JUICE is the best medicine made today for stomach trouble and constipation, and I am glad to recommend it to anyone."

Hundreds of Concord and Kannapolis people are now calling at Gibson Drug Company, Concord, N. C., to see the HERB JUICE Expert to learn more of the great medicine that is relieving so many thousands of Concord people. Also call in Kannapolis by F. L. Smith Drug Co., and leading druggists everywhere.

Months and Marriages

Marry when the year is new, Always loving, kind and true. When February birds do mate, You may wed, nor dread your fate. If you wed when March winds blow, Joy and sorrow both you'll know. Marry in April when you can, Joy for maiden and for man. Marry in the month of May, You will surely rule the day. Marry when June roses blow; Over land and sea you'll go. They who in July do wed, Must labor always for their bread. Whoever wed in August be, Many a change are sure to see. Marry in September's shine, Your living will be rich and fine. If in October you do marry, Love will come, but riches tarry. If you wed in bleak November, Only joy will come, remember. When December's snows fall fast, Marry, and true love will last.

Balloon Tire Controversy

The act of the government in granting a patent on balloon tires to Alden Putnam, of Detroit, has precipitated a rumormongering that invites a complication of lawsuits. The patent office upholds Putnam's patent on three technical points. He filed his application two years ago. Tire men and other interested individuals doubt the value of the patent. Officials of the Goodyear and Firestone companies are planning to institute action to protect their business. "The history of the cord tire was not properly brought to the attention of the patent

Citizens Complain of Immoral Motorists

Use of the roads in the county by motoring couples for immoral purposes has been a matter of complaint, but the residents of a section of the county between the central highway and Linwood are indignant over the persistence with which the practice is reported to be followed on the road leading toward Linwood from the Palmer place on the central highway. Residents of that section say that evidence of immoral conduct has been numerous, even to the extent of becoming a nuisance. Several couples are said to have been run away by farmers living in that section, but this is said to have proven no deterrent to others. County officers have been appealed to and will co-operate with citizens in the effort to free this road of the immorality alleged to be practiced there. The community is people by as good folks as live in the county and until now has never been bothered with disorder. Some of the residents say that they will make every effort to identify persons found using this road for immoral purposes and will bring the offenders into court. Automobiles from Lexington, Salisbury, Spencee and other places are reported to have been among those seen parked along this road or nearby. Some of the offenders are reported not to have hesitated to drive out into wheat fields to turn around, damaging the grain considerably.

There are women in fur coats who think it cruel to catch wild animals in steel traps.

From this, it is asserted, the modern balloon tire was evolved. Some tire companies built the low-pressure type as early as 1916. At first the motorist did not take to them. It seemed as if the tire was doomed to failure because people were reluctant to try it out. But about two years ago the tire people got the auto manufacturers to help them out by equipping new cars with these tires. The experiment was successful; the tire seemed to spring into favor overnight. Its widespread use has done much to cut prices on the other type and otherwise threaten the latter's future.
