

HAVE YOU BOUGHT YOUR CHAUTAUQUA TICKET? DO IT NOW

Remember, the Money Paid For Single Admissions at the Door Does Not Help the Guarantors.

SEASON TICKETS ONLY \$2.50 EACH

The Program This Year Will Be the Best in Years.—Program for the First Afternoon and Evening.

Unless the people of Concord stir from the apathy into which they seem to have fallen...

Large numbers of people expected to take tickets for the performances, have declared that they are planning to go but that they do not wish to purchase a season ticket...

Although they have pointed out that the season ticket means a saving of money and the possibility of getting to see more of the attractions...

Miss Janie Klutz, president of the Woman's Club, stated this morning that they were going to redouble their efforts to go over the top in the matter of tickets...

The average cost of a performance, when a season ticket has been purchased, is around 18 cents, Miss Klutz added.

Mr. Rockwood, who pleased last year's Chautauqua audiences with his excellent work as platform manager, will return this year. There has been much enthusiasm over this announcement since Mr. Rockwood was one of the most popular managers that has ever been in Concord.

The following is the program for the first day: Thursday afternoon—Introductory Exercises. Grand Concert—Jugo-Slav Tamburica Orchestra. Admission 50c, children 25c.

Thursday night—Concert—Jugo-Slav Tamburica Orchestra. Lecture: "Science and the Future"—Dr. Hilton I. Jones. Admission 50c, children 25c.

Captured Schooner Retaken. St. Pierre, Miquelon, June 3. (By the Associated Press).—The French rui schooner Marie II, which was seized in this port yesterday by six British seamen who put to sea with a cargo of liquor, was recaptured at midnight by the French trawler Asie after a battle and is being towed to St. Pierre. A brief message from the Asie said the schooner suffered "some damage."

Condition of Secretary Weeks "Not So Favorable." Boston, Mass., June 3. (By the Associated Press).—The condition of Secretary of War John W. Weeks, who was operated upon for gallstones at the Massachusetts General Hospital last week, was described as "not so favorable" in a bulletin issued this morning by his physicians, Dr. Daniel Fiske Jones and F. Gorham Brigham.

The Cape Fear Channel at Wilmington. Wilmington, N. C., June 3.—The new Cape Fear River 30-foot bar channel has reached an average of 28 feet in the center of the route. The channel is expected to be completed by the middle of July.

SHANGHAI AN ARMED CAMP AS RIOTS ARE TAKING PLACE DAILY

Two Outbreaks During Day Caused Police to Open Fire, Killing Two Persons and Injuring Several.

TROOPS USED TO BREAK UP RIOTS

Banks Are Closed and the Fronts of Many Business Houses Have Been Boarded Up as Result of Riots.

Shanghai, June 3. (By the Associated Press).—Shanghai was an armed camp today, two outbreaks this morning caused the police to open fire resulting in the death of two persons and the injury of many others.

Banks were closed, store fronts were boarded, food was being rationed out by shopkeepers, while troops of several nations attempted to restore order after the series of uprisings started last Saturday by Chinese students protesting against the prosecution of strikers in Japanese owned spinning mills here.

Japanese students withdrew momentarily from their crusade against the foreign rule this afternoon and retired to their section of the city to bury with Confucian ceremonies several of their confederate dead who fell in the riots.

BROTHERS, 70 AND 83, MEET FIRST TIME IN THEIR LIVES

One Left Home Before Other Was Born and Fate Kept Them Strangers. Omaha, Neb., June 3.—Brothers, of perfect strangers, Joseph and Nick Lohlein, 70 and 83 respectively, met for the first time here Sunday.

Joseph comes from Thermopolis, Wyo., to help his brother, Martin, 71, celebrate his golden wedding. Nick came from Albany, Minn., for the same purpose. Martin introduced the two.

"Nick, I want you to meet your brother, Joe," he said. The two men scrutinized each other suspiciously and clasped hands for the first time.

Never before had the two brothers been in the same city at the same time or near the same locality. Never had a letter passed between them. Both were born on a farm near Sun Prairie, Wis., the sons of Mr. and Mrs. Adam Lohlein.

In April of 1872, Joseph left home to learn the harnessmaking trade in Baltimore, Md., at the age of 17. Nick was born in July of that year.

DECISION DOES NOT AFFECT BRIDGE BONDS Has No Reference to Special Acts by the General Assembly.

Raleigh, N. C., June 3.—Attorney General Dennis G. Brummitt indicated today that his recent ruling as to loans made by the State Highway Commission by counties did not affect the bond issues of \$1,250,000 for a bridge across the Cape Fear River at Wilmington and \$600,000 for the erection of a bridge across the Lower Chowan. Both issues were authorized by the General Assembly of 1925.

"The ruling had no reference to special acts passed by the General Assembly," said the Attorney General. He stated that he had not been called on for any definite ruling as to these two projects but indicated that, in the light of law cited and quoted, the ruling already made did not affect them.

SHRINERS MAKE TOUR OF THE CITRUS BELT Suspend Business Long Enough to Get Needed Recreation.

Los Angeles, June 3.—Nobles of the invading Shrine army having started the business routine of their annual convention fared forth beyond the city today in pleasure cars to inspect at their leisure the surrounding terrain and its inhabitants.

Members of the various temple bands, patrols and chanters went on a tour of the southern California citrus belt, pausing for lunch at Pomona. Other thousands of Nobles and their ladies spent the day on the ocean shore at Long Beach or crossing the channel to Santa Catalina Island.

Eight Hurt In Accident. Kokomo, Ind., June 3.—Eight persons were injured, two seriously, when two interurban cars of the Union Traction Company met in a head-on collision near Cassville, five miles north of here, today.

Mr. and Mrs. J. L. Thrower, of Florida, are spending a few days here at the home of Mrs. Thrower's parents, Mr. and Mrs. R. A. White, on North Spring street. They will soon go to Hendersonville to spend several weeks.

NEGRO IS CHARGED WITH THE MURDER OF FLORENCE KANE

William Brassfield Held Because He Answers Description of the Man Who Attacked Two Women.

ATTACKED WHITE WOMAN BEFORE

And Was But Recently Released on Parole From Prison Following Conviction for the Crime.

New York, June 3.—William Brassfield, a 43-year-old negro janitor, was locked up today charged with homicide in connection with the murder of Miss Florence Kane, a detective's sister, on a vacant lot in Brooklyn last Friday.

Brassfield is said to answer the description of a negro who attacked two other girls on the same spot prior to strangling and beating of Miss Kane. He was arrested at the apartment house where he worked; a mile and a half from the vacant lot.

Detectives said he had served time in Sing Sing for attacking a Harlem school teacher and had been released on parole three months ago. They noted specially his long arms as a point of resemblance described by the two victims.

Walter Johnson, a negro vagrant, has been held several days under suspicion. More Evidence Against Brassfield. New York, June 3.—Wm. Brassfield, negro janitor, was identified today as the man seen last Friday morning near the vacant lot in Brooklyn where the battered body of Miss Florence Kane was found half an hour later.

Identification was made at the Brooklyn police headquarters by Miss Irene Coyne, who passed the murder lot in an automobile with three companions about the time Miss Kane was killed.

Immediately after the identification Brassfield was arraigned in homicide court and held without bail for examination on charges of suspicion of murder.

Home trade buying also was reported and after opening firm at an advance of 9 to 12 points, active positions soon showed net gains of 18 to 22 points. (By the Associated Press)

Wake Forest, N. C., June 3.—Beginning with a meeting of the trustees this morning, the nineteenth commencement of Wake Forest College will continue through Friday morning. At 8:30 tonight Dr. Allyn K. Foster, of New York, will preach the baccalaureate sermon. Dr. Foster is secretary of student work with the Northern Baptist Convention and is a native of Virginia.

Tomorrow will be alumni day at the college. Dr. Joseph Fort Newton will speak in Wingate Hall at 11 A. M., and following his address medals will be presented to students who have won distinction. Dr. Newton is pastor of the Church of the Divine Fraternity, New York, is a native of Texas and an author of note. For four years he filled the pulpit at City Temple, London, Joseph Parke's famous church.

Class reunions will begin at 2 o'clock tomorrow afternoon. The classes of 1875, 1900, and 1915, also that of 1920, will be represented. There will be a report on the progress of the campaign to raise \$300,000 for a library as a memorial to the late Dr. Charles E. Taylor at 6 o'clock in the afternoon. Dr. Fred Brown, alumnus address in Wingate hall at 8:30 tomorrow night. Dr. Brown recently has been selected to deliver the sermon before the Southern Baptist Convention of 1925.

Graduation exercises will be held Friday morning at 11 o'clock. More than ninety make up the senior class this year. Prior to the address of President W. L. Poter, four seniors will contest for the Ward oratorical medal.

Bonds for Bridge Not Affected. Wilmington, N. C., June 3.—William A. McGill, highway commissioner of the third district, stated that, regardless of the opinion of the Attorney General that all loans made by counties to the State to be repaid by subsequent bond issues were illegal the bond issue for the new bridge at Wilmington was in no wise affected. He pointed out that the issue was the result of a specific act of the General Assembly. He also stated that the \$50,000 bonds for grading the Wilmington-Wrightsville highway were not affected by the ruling.

Efficient Light Airplane Can Be Sold for \$2,000. (By the Associated Press)

Corydon, England, June 3.—A light airplane built by a young Dutchman has been here for a week at the disposal of any pilot who wants to fly it. Several have taken advantage of the offer and have performed stunts of rolling, spiral diving and upside down flying, proving that it can be handled very easily and is suitable for flying clubs.

The machine costs \$2,000. It weighs 420 pounds, uses one and one-half gallons of gasoline and two and one-half pints of oil an hour, and has a maximum speed of 75 miles an hour.

Miss Janette Stanbridge, a pretty girl of twenty-two, is London's most celebrated woman bookmaker. Last year according to reports, Miss Stanbridge handled more than two million dollars in race commissions.

One of the golfer's most useful clubs is called the "niblick," a word believed to be of Dutch extraction, but the real derivation of which is unknown.

A Concord Young Woman to Appear in Leading Role in Picture to Be Made Here

For many decades the charm of Concord women has been the envy of the world and now it is to be permanently captured by the motion picture camera and held "officially" of record.

A young woman of Concord will have the opportunity to appear in the leading role of a picture to be taken here by experts under the supervision of the Daily Tribune. It will be a two-reel comedy entitled "Concord's Hero," and this vehicle may be the means of elevating some Concord girl to worldwide fame and fortune in the films.

By special arrangements The Daily Tribune has obtained the services of a well known company from Hollywood, California, the home of the great picture industry, and skillfully directors, cameramen and studio assistants are on the way to this city to handle the production which will be directed by Don O. Newland. Considerable equipment is being brought to Concord, including studio sets and a battery of Klieg lights capable of developing 250,000 candle power of light.

The scenario for the picture has been prepared. This includes a large number of "exterior" shots which will enable the people of Concord to see the actual taking of one of these hilarious comedies that flash much merriment on the screen.

The application, which those desirous of playing the leading feminine role will fill out and mail or send to the "Movie Editor" may be found below.

MOVIE APPLICATION

NAME STREET CITY HEIGHT WEIGHT COMPLEXION

(NOTE—Fill in this coupon with either your name or the name of some good-looking girl and mail, send or bring to the Movie Editor of this paper. Enclose photograph if you have one. It will be returned.)

THE COTTON MARKET

Break in Prices Followed by Moderate Rallyes.—Net Gains of 18 to 22 Points Made.

New York, June 3.—The break in the cotton market was followed by moderate rallyes early today. Covering by traders which had sold on the government report was promoted by relatively steady Liverpool cables and uncertainty as to the showing of today's weekly report by the weather bureau, owing to drought complaints from the southwest.

Home trade buying also was reported and after opening firm at an advance of 9 to 12 points, active positions soon showed net gains of 18 to 22 points. (By the Associated Press)

INDIANA READY TO PAY HONOR TO ONE OF BELOVED SONS

People of All Walks of Life Anxious to Pay Homage at the Bier of Thomas R. Marshall.

SIMPLE FUNERAL RITES PLANNED

Fraternal Orders to Have a Part in Services.—All the State Mourns for the Distinguished Son.

Indianapolis, June 3.—Indiana sorrowfully awaited today the arrival of the body of Thomas Riley Marshall, wartime vice president of the United States and previous to this governor of Indiana.

The body of Mr. Marshall, who died in the New Willard Hotel at Washington, where he made his home for eight years while he served his country, was on a train due in the Hoosier capital shortly before noon today, and plans called for immediate removal of the body to the Marshall residence in North Illinois Street.

Tomorrow simple services will be held at the Marshall home by the Scottish Rite of Indianapolis, and Indiana Council of Deliberation of which Mr. Marshall was an officer, and at Crown Hill cemetery where the body will be placed in a receiving vault until Mrs. Marshall decides on its final resting place.

At the union station awaiting the body accompanied by a handful of friends who leaped to love and honor him, were Masons, persons high in political circles of state, regardless of party affiliations, former governors of the state, and hundreds of citizens who sought to pay homage to one of Indiana's most illustrious sons.

Hundreds of tributes by men prominent in affairs of the nation and all walks of life, continued to pay to Mr. Marshall whose humor and uncanny wit soothed many a serious argument which threatened serious consequences.

Body Reaches Indianapolis. Indianapolis, June 3.—The body of Thomas R. Marshall, the nation's former vice-president and Indiana's former chief executive, arrived here from Washington at 11:42 A. M. today.

Largest and Most Costly Structure at the State University. (By the Associated Press)

Chapel Hill, N. C., June 3.—Venable Hall, the largest and most costly structure on the University of North Carolina campus, is now complete, with the exception of a few minor details. The building will be occupied by the Chemistry Department of the University and it is said to be the best equipped chemistry building in the South. It will be used during the summer school, which opens next week, and probably will be formally dedicated early in the fall.

Work on Venable Hall was begun a year ago and was pushed. Excavations were begun in a virgin forest and much time was required for clearing and grading. The building cost \$400,000, of which \$100,000 was for permanent equipment. It was designed to provide for the needs of 3,000 and more students and is so constructed that alterations and additions can be made without marring the whole.

Venable Hall covers an acre and a quarter and is three stories high. The rear is of factory design, provided with skylight roofs and a basement. The building has eleven laboratories, averaging 32x32 feet; six lecture rooms, ranging from dimensions of fifty feet square to twenty feet square; eight laboratories for special lines of experimental work; thirty-eight private laboratories for professors, instructors and graduate students, and a library, 90 by 22 feet. Also there is a museum, 60 by 30 feet; 200 laboratory desks of special design and numerous other accessories.

Christianity Saves Japanese Girl's Life. Tokyo, June 3.—Christianity by supplanting the native Buddhism of a Japanese girl saved her life. An admirer of the girl, despondent over her refusal to marry him, plunged a dagger toward her heart. She was carrying a Bible in her kimono. The dagger struck the Bible and was turned in its course. The girl will live.

Philippine Girls Slow to Adopt Fashion of Bobbed Hair. (By the Associated Press)

Manila, June 3.—White Philippine girls, in small numbers, have for some time shown a tendency to adopt European dress, it is only recently that they have ventured into the field of bobbed hair. Only a few so far have yielded to the temptation to clip their long black locks, but many predictions are made that the custom will grow because of the comfort afforded by short hair in this tropical climate.

Parental objection is strong against the innovation, as the Filipino woman takes the greatest pride in her long thick hair which in many cases reaches to her ankles.

Prof. Phelps Will Not Head New University. (By the Associated Press)

New Haven, Conn., June 4. (By the Associated Press).—Prof. William Lyon Phelps, of Yale University, mentioned as the possible president of the proposed \$15,000,000 University at Miami, plans for the founding of which were announced last night, said that he had declined an offer to become the first president of the university.

To Develop Terminals at Wilmington. (By the Associated Press)

Wilmington, N. C., June 3.—The Atlantic Coast Line Railway will, at an early date, it is said, start work on developing its terminals at the port of Wilmington. Survey for the dredging of a ship between warehouses D, E and F and the molasses shed has already been completed, it was stated.

NORWEGIAN RELIEF PLANS FOR AMUNDSEN'S PARTY

Lieut. Lutz Holm Will Be Control Officer of Expedition and His Aides on Trip Have Been Named.

TAKE OFF POINT NOT YET CHOSEN

Skis, Sleds, Tents and Other Supplies Have Been Sent Northward on Vessel.—Planes Will Go Later.

Oslo, Norway, June 3. (By the Associated Press).—It was officially announced today that Lieutenant Lutz Holm will be control officer of the Norwegian government flying expedition which will attempt the relief of the Amundsen-Ellsworth party which hopped off from Kings Bay May 21st to fly to the North Pole.

Lieutenant Holm's companions will be Harald Styr and Lieutenant Bernt Balchan, instead of Lieutenants Sven Brun and Eliason, who previously had been selected tentatively.

The Norwegian admiralty today shipped skis, sleds, tents and other supplies to Horten, a port on the Christianiafjord, about 32 miles south of Oslo. The ship Ingertre, which will be used for the relief expedition is at Horten. It will transport two seaplanes, supplies, and the Norwegian aviators towards the Arctic, and at some point to be selected later the fliers will take off in an attempt to locate Amundsen.

Think Relief Necessary. New York, June 3.—Concern for the safety of the Amundsen-Ellsworth expedition which left Spitzbergen May 21st in an attempt to fly to the North Pole, has reached the point where the Norwegian government considers a relief expedition necessary.

A steamer bearing two airplanes, three experienced pilots and four mechanics will leave Horten on Christianiafjord either Friday or Saturday, according to the latest advices from Oslo, the Norwegian capital.

The expedition probably will be headed by Lieut. Lutz Holm, who for some months was engaged in aviation work in California. His companions will be Lieuts. Sven Brun and L. D. Eliassen, both familiar with Arctic flying conditions.

The air machines, modified Hanso Brandenburgs, will be taken to Spitzbergen by the 4,700 ton steamer Ingertre, and there transferred to the government transport Farm, one of the vessels attached to the Amundsen-Ellsworth expedition.

With Our Advertisers. The Citizens Bank and Trust Co. now has certificates for the Confederate Memorial Coins for sale. Purchase your certificate now and the coins will be delivered to you July 3rd.

Oil stoves, cook stoves, and ranges at York & Wadsworth Co's. Every electrical accessory is kept in stock by W. J. Hetrox.

You will find good merchandise at low prices at the Charles Store. The season's favorite, a frock of printed silk, at J. C. Penney Co's, at \$9.90 and \$12.50.

Free dance tonight at Poplar Lake. Excellent music furnished by the O. C. Barringer string band. Ladies admitted free to the swimming pool.

No Basis For Report as to Mob Forming. Smithfield, June 2.—Smithfield people were amused when they heard that there were some folks in Raleigh Monday night who took seriously the report that a mob was forming here to go to the capital and seek to wreak vengeance of Officer Jesse Wyatt for the killing of S. S. Holt. There was nothing here to furnish the basis for such a supposition. At most there might have been a chance remark that a crowd ought to go over.

Mr. Holt's friends and associates were all men who stand for law and order. The finding of the grand jury and the size of the bond under which the officer was placed both met with approval here. Johnston people are confident that Wake county authorities will see that justice is done.

Married in Raleigh. (By the Associated Press)

Raleigh, June 3.—Ernest DuPont, of Wilmington, Del., president of the U. S. Flashless Powder Company, and Miss Anna Thompson were married here at 10:30 this morning. The rites were administered by the Rev. W. M. White, D. D., pastor of the First Presbyterian Church of Raleigh, at the home of the bride's brother, Frank Thompson. The couple left for their honeymoon trip to California.

WHAT SAT'S BEAR SAYS

Fair tonight and Thursday, continued warm.
