

CITY OFFICIALS FOR TWO YEARS SELECTED BY LOCAL LADDERMEN

Only Few Changes Made Despite Rumors That Board Would Probably Retire All Present Officials.

Q. E. SMITH IS NAMED ENQUIRED

B. E. Harris Was Chosen for Treasurer and J. Lee Crowell, Jr., Appointed Again as the City Attorney.

Rumors of changes in the personnel of city officers few thick and fast prior to the meeting of the aldermen Thursday night...

The hardest fights perhaps, were made for the offices of City Engineer and City Attorney...

Meat and Milk Inspector—Dr. T. N. Spencer. (Re-elected.) Building Inspector—Frank Mund. (Re-elected.)

Engineer and Sanitary Officer—Q. E. Smith. R. A. Brower and Bailey Bost filed applications for the job of clerk and treasurer...

Mr. Smith is known to have filed his application for engineer when friends pointed out that the board probably would have difficulty in deciding between Reece Ira Long, former engineer, and Walter I. Furr, present engineer...

While members of the committee did not make public announcement of the fact at the meeting, it is understood that R. C. Benfield will be reappointed superintendent of the street forces of the city.

Several changes were made in the personnel of the Water and Light Board. C. A. Iseuhour was reappointed for a term of two years and J. O. Moore and A. F. Goodman were appointed for terms of one year each...

Mrs. B. A. Brown and C. B. Waggoner were reappointed on the Cemetery Commission for two years and W. W. Morris and W. M. Sherrill were reappointed on the board of trustees of the Concord Public Library for terms of four years each.

While the selection of the officers was considered the most important business before the meeting, several other matters, including the fixing of the salary of the building inspector and the fees of the city engineer, were of more than passing interest.

The board put the building inspector on a straight salary of \$500 a year and all fees are to be turned in to the tax collector. Changes also were made in the fees of the collector, his fees to be: On general fund 1 1/2 per cent; on interest fund 1 1/2 per cent; on street paving and sinking fund 1 per cent; on school fund 1 1/2 per cent.

Bond in the sum of \$73,000 will be required by both the collector and the clerk. These bonds to be presented before the officials begin their new terms.

The board also fixed the salary of the city engineer and sanitary inspector at \$2400, the nominee to give all his time to the work.

Several streets matters, all of them of interest to individuals rather than to the general public were presented to the board and in practically every instance decision will rest with the street committee, to which the questions were referred.

It was suggested at the last meeting of the board that the city purchase an incinerator. The matter was tabled when presented at the meeting Thursday night.

Tribune's Comedy Picture Will Be Filmed Here Next Week

All arrangements have been made with the management of the Concord Theatre to "shoot" the interior scenes used in the production of "Concord's Hero," on the spacious stage of that theatre, and the next few days will be active ones for the stage and studio crews that are at work transforming the stage into a perfect miniature Hollywood studio.

The race for the leading role in "Concord's Hero" is still on, and The Tribune movie editor is swamped by the hundreds of applications and photographs that continue to pour in from the bevy of beauties that Concord boasts.

Every mail adds to the already difficult task that will confront Director Newland when the time comes to pick one of the many beautiful Concord girls to play the title role in The Tribune two-reeler.

"Concord's Hero" will be a two-reel comedy with a real plot, and will carry a story all the way through, it will be full of clean-cut snappy humor, and will use an entire local cast, and the different "location" shots will be made right here on the streets of Concord.

The big stage of the Concord Theatre is ideally arranged for the "shooting of interior scenes" and augmented by the battery of studio lights that are being installed to furnish the intense light that is necessary for the photography of motion pictures, it will indeed be a weird sight for those who have never had the opportunity to witness the making of a movie.

The cameraman grinding foot after foot of the celluloid strip through the magic box, the different lighting effects, and last but not most important of all the directing and actual filming of the various scenes, will furnish the "movie fans" with such a thrill as Concord has never before experienced.

Some beautiful girl is going to have the opportunity to take the leading part in The Tribune comedy. Who is it going to be? We don't know. You may be the lucky girl. The offer carries with it no obligations and every girl that sends in her application and photograph will be considered.

There may be a "star" right here in Concord folk, who doesn't know unless she has had the expert advice of a casting director, but that she has all the necessary qualifications for an actress of the silent stage, and it is the intention of The Tribune to bring her to the fore in "Concord's Hero" and give her an opportunity to see herself as others see her.

So don't delay about getting your application and photograph in at once. Fill out the application that will be found below and send, mail or bring to the Movie Editor at once.

MOVIE APPLICATION

NAME STREET CITY HEIGHT WEIGHT COMPLEXION

(NOTE—Fill in this coupon with either your name or the name of some good-looking girl and mail, send or bring to the Movie Editor of this paper. Enclose photograph if you have one. It will be returned.)

DISASTER FUND NOW AMOUNTS TO \$161.42

Funds being raised for the sufferers of the Coal Glen mine disaster reached \$161.42 as a result of contributions received Thursday, it was announced today by Rev. W. A. Jenkins, head of the local chapter of the Red Cross.

The following is the fund as it now stands: Previously acknowledged \$143.42 Miss Cottrell Sherrill 5.00 Mrs. W. C. Houston 5.00 C. B. Waggoner 5.00 L. L. Mauldin 5.00 Total \$161.42

The campaign runs until Saturday and Mr. Jenkins urges that all persons who have money which they wish to contribute, send it in at once.

The amount asked for North Carolina is \$35,000 and it is hoped that every person will contribute as much as possible since it will be necessary in raising this amount.

ANOTHER CABINET CRISIS APPEARS IN FRANCE

However, Trouble Was Partially Averted by Action of Finance Minister Caillaux.

Paris, June 5 (By the Associated Press).—A cabinet crisis became a definite possibility this morning. Finance Minister Caillaux stood his ground in the "peace conference" with a delegation of the left block called by Premier Painleve in the hope of harmonizing opposition to Caillaux's financial program.

M. Caillaux refused to adopt the socialist proposals, thereby increasing the gravity of the situation. Crisis Postponed.

Paris, June 5 (By the Associated Press).—The cabinet crisis apparently threatened early today seemed postponed later when Finance Minister Caillaux partially surrendered to the socialist attacks upon his financial program.

Appointed Solicitor General. (By the Associated Press) Washington, June 5.—William Mitchell, of St. Paul, was appointed today as Solicitor General of the United States.

CHINESE RIOTS MAY LEAD TO SOMETHING OF SERIOUS NATURE

Generally Believed Now That Soviets Had Hand In Riots That Have Led to Very Difficult Situation.

FOREIGNERS FACE NEW SITUATION For First Time Concessions Have Taken Some of Them—Shanghai Has Been Quiet Two Days.

(By the Associated Press) San Francisco, June 5.—With Shanghai quiet after a series of disturbances which began last Saturday, advices to Washington from Consul General Cunningham at the Chinese city told of the discovery of further evidence of bolshevistic agitation in the stirring up of strikes and student demonstrations.

The reports followed on the heels of denial of the soviet ambassador in Peking and the consul at Shanghai that the soviet were assisting the strikers and strike sympathizers.

The bomb found on the rails has been placed in the museum here, and the king took time from his scheduled program to view it.

The king's reception here has been extremely quiet. Perpignan, France, June 5 (By the Associated Press).—Fourteen persons have been arrested in Barcelona in connection with the bomb plots against King Alfonso, according to travelers arriving from over the frontier, who says the news of the plot is being suppressed.

Those arrested were young students and functionaries, members of an extremist Catalan group which had been camouflaged as a literary association. The prisoners denied any connection with the plot.

The bomb which was intended to blow up the royal train between Barcelona and Madrid is said to have been a large one, weighing 175 pounds, arranged to be exploded by an electric mechanism. It was found several miles outside of the city near the tracks of the Madrid line.

Say Bomb Was Found in Cathedral. London, June 5.—A dispatch to the Evening News from a point on the Franco-Spanish border says it is reported a bomb was found in the Barcelona cathedral just before King Alfonso attended mass there. Four priests were arrested.

This dispatch also reported a bomb exploded outside a Barcelona hotel the day after a ball there in honor of King Alfonso.

LONDON HOTELS TRY COST PLUS PLANS IN LIEU OF TIPS Free Hand Tips Abolished in Some of the Larger Hotels.

London, June 5.—Free hand tips have been abolished in some of the larger London hotels, as an experiment, and ten per cent of the customers' gross bill added to the amount he is to pay, the ten per cent being distributed among the servants generally.

The ten per cent, addition system has been in effect in Germany for some time and appears to work to the satisfaction of the waiters, maids and others concerned because, in many instances, when a particularly generous person comes along they receive not only the ten per cent, but a liberal tip in addition from the individual himself.

The idea of adding a fixed ten per cent to the bill is something new for London, although it was tried out some years ago in the provinces and eventually given up. The plan has become general also in Italy, Poland and some other continental countries.

In Poland, Italy and Germany as well as in the hotels here which have adopted the plan, the servants took the initiative and forced the situation, and in most instances they say they do equally as well, and often better, than formerly.

Waiters in London who cater to the American trade say they most certainly favor the ten per cent, additions to the bill because most Americans pay that tax and give a liberal tip beside.

Find Jewels Buried in Sand at Coney Island. (By the Associated Press) New York, June 5.—Diamonds and jewelry estimated to value \$30,000 today were found buried in the sands of Coney Island by investigators searching for the missing assets of the bankrupt jewelry firm of Morris Seigers & Sons, which failed for more than \$200,000 last month.

Morris Seiger, head of the firm, jumped to his death from the roof of a fifteen-story building in Times Square shortly before the bankruptcy of the firm became known.

Verdict in Counterfeiting Conspiracy Case (By the Associated Press) Chicago, June 5.—A jury in the \$1,000,000 war savings stamp counterfeiting conspiracy case today after nearly 68 hours deliberation, found Santo Jamalli, a missing defendant, guilty and disagreed as to Anthony Volpe.

The Manitoba branch of the A. A. U. of Canada plans to stage a miniature Olympiad in Winnipeg next year to stimulate the preparations of Western athletes for participation in the next Olympic Games.

May Call Poison Gas Conference. Geneva, June 5 (By the Associated Press).—Representative Theodore E. Burton, head of the American delegation of the arms conference, declared to the conference today he was authorized to announce that President Coolidge will be glad to convene a special poison gas conference in Washington provided this question cannot be definitely and adequately handled during the present conference at Geneva.

Negro Electrocuted at State Prison. (By the Associated Press) Raleigh, June 5.—Smiling and unflinching Jim Collins, negro, of Anson county, went to his death in the electric chair at State prison here today for the murder of A. C. Sedberry, merchant of Anson county.

Two shocks were required before Collins was pronounced dead.

For 20 Cents MORE THAN SEVENTY DEATHS DUE TO THE HOT WEATHER SPELL

State Library

These Deaths Occurred in Eastern States Alone, and There Were Many in Middle West, Also.

24 DEATHS WERE REPORTED THURSDAY

These Occurred in New York, Pittsburgh, Washington, Baltimore and New Jersey Cities.

(By the Associated Press) New York, June 5.—At the end of the fifth day of record breaking June heat the death toll in the eastern states stands at 71, including drownings.

Mounting to new high marks for the year, the heat wave yesterday killed 24 persons and indirectly caused the death of 12 others. Even died here, four in New York state, seven in Pittsburgh, two in Washington and Baltimore, twelve in New England and in New Jersey.

Temperatures of 100 degrees or more were recorded at Middletown and Elmira, N. Y., Waterbury and Springfield, Mass., the latter reporting 106. In New York City the mercury hit 95.

THE COTTON MARKET Showed Renewed Firmness at the Opening, With First Prices 9 to 20 Points Higher.

(By the Associated Press) New York, June 5.—The cotton market showed renewed firmness at the opening today due to continued dry weather in Southern Texas and continued covering. First prices were 9 to 20 points higher, and active months showed net advances of 24 to 30 points in early trading, July advancing to 23.80 and October to 23.25.

There was considerable realizing but some fresh buying was reported as well as covering. Offerings were readily absorbed, the market holding steady to firm at the end of the first hour.

Owing to the Whitsuntide holidays, Liverpool was closed and will not be opened until Monday, but houses with Liverpool connections were buyers here.

Cotton futures opened firm. July 23.70; Oct. 23.16; Dec. 23.35; Jan. 22.95; March 23.25.

TRIBESMEN START BIG DRIVE AGAINST FRENCH

Present Offensive Most Determined the Rifians Have Launched So Far.

Paris, June 5 (By the Associated Press).—The Rifian tribesmen have launched the strongest and best organized offensive since their invasion of French Morocco with a drive against Tount, in the middle of the front.

Official reports said Abdel Krim's men temporarily gained some ground, crossing the Ouergha River at several points, but were repelled by the French.

The latter in a series of counter attacks recaptured some of the posts north of the stream which were abandoned during the voluntary evacuation of that zone last week.
