# IN AND ABOUT THE CITY

## FINAL SCENES FOR LOCAL MOVIE MADE THURSDAY

**Planned to Show "Concord's Hero" at** New Concord Theatre Monday.

With the shooting of the final wreck scenes late Thursday afternoon, the photographing of "Concord's Hero," photoplay which was being made here this week, was completed and work was immediately commenced in getting the thousands of feet of film ready to be shipped to New York where they will be developed at once and sent back here in time to be shown at the Concord Theatre next Monday.

The cast and the men who are here directing the operations were called upon to work heroically in order to complete all the scenes before darkness made it impossible to do further work.

Make-up was put on by the cast shortly after noon and from that time till dark, scenes were shot in rapid succession. There was little respite until the final close-up was filmed and the weary members dragged themselves homeward.

The scene of Baby Ethel meeting Mr. Henpeck at the station was taken at the local depot together with several other scenes necessary for this part of the picture. More pictures were taken at Bell & Harris Furniture Store. The many spectators gathered to watch the performance were convulsed as Mrs. Henpeck gave chase to Mr. Henpeck over blocks of the city's thoroughfares.

More filming was done at the home of Mrs. Eugene Cannon where the day before a swimming party was taken. The beautiful back yard of Mrs. J. W. Cannon was also used in taking more of the chase. As a wind-up of the day's activities, final picturing of the wreck was made. The make-up of the wrecked party was so realistic that one garage owner rushed out as they drove up and inquired where the smash had been and began to solicit his business in fixing up the cars.

Don Newland, who has not only directed the picture here but has also taken the part of Mr. Henpeck, announced today that the photoplay would be ready to be shown next Monday at the Concord Theatre. Monday, Tuesday and Wednesday are the days when it will be shown.

Mr. Newland, together with Howard Prager, cameraman, and George Denmark, helper, expect to leave Concord today for Winston, where they will begin work on a similar picture Monday. From Winston they go to High Point and after this to Wilmington. Later the same crew goes to Charlotte and Gastonia.

## COLLEGIATE INSTITUTE ONE OF STRONGEST SCHOOLS OF STATE

**One of Healthiest Villages in State Is** Mt. Pleasant and Students Always Overcrowd the Dormitory Space.

Charlotte Observer.

For nearly three-quarters of a century, Mount Pleasant has been known as an education town. In 1854, the North Carolina E. L. synod established its school there and, barring the period of suspension during the Civil War, the work of the institution has continued uninterrupted.

Since 1903, the school has been conducted under the name of the Collegiate Institute, a secondary school with a modified military feature, taking boys and young men from the eighth grade and preparing them for advanced classes in college and university. Healthfulness of location and environment favorable to scholastic work considered, no institution in the state is more advantageously situated. These assets, always emphasized by those in charge of the institution, are coming into greater appreciation, as is attested by the growth in patronage. Students have been enrolled during the present session from ten states, and an even 100 more than there were dormitory accommodations for on the campus.

Considering its limitations in physical equipment, the Collegiate Institute has a record that is scarcely paralleled in the South. The graduates of this school have been sought by colleges and universities for years, and their success in college and out of college has been the subject of frequent comment by discriminating observers.

Desirable as an adequate plant is in any enterprise, it has been wisely said that personality counts far more in education than physical equipment. It is here that we must look for the explanation of the unusual record of Mount Pleasant Collegiate Institute.

Prof. G. F. McAllister has been the dominant spirit in the history of the Institute, having been at its head from the beginning. He is a man of strong intellect, thorough education, and especially talented as a teacher. Combining practicality and learning, he has established a reputation as a school administrator. Graduating at the head of his class with one of the highest records ever made at old North Carolina College, he was elected on the day of his graduation to a position on the faculty. His ability has been recognized beyond the borders of the state. Positions have been repeatedly offered him at other institutions and recently he declined the presidency of a college in a neighboring state. Committed to this proposition that there was no better place for doing effective school work than at Mt. Pleasant and believing that improvement and enlargement of equipment would be provided for an institution that proved its worthiness, he has chosen to remain at Mt. Pleasant, his native home.

For twenty-eight years he has been laboring under the handicap of inadequate equipment, but withal doing a work that has told on the lives of hundreds of boys and young men who today regard him with loyal affection and account him the one teacher who has exerted the greatest influence upon them.

In the prime of vigor and efficiency, aged 51, Prof. McAllister looks forward with enthusiasm to years of further service in his chosen profession. It is gratifying to his many friends and former pupils that his sacrificing labors and indomitable faith are being rewarded in the growing prestige of the institution with which he has been associated for more than a quarter of a century.

A handsome, commodious new dormitory is now in process of erection at the Collegiate Institute, and the outlook for further growth and increased usefulness is encouraging. This new building will take care of sixty boys and will be open for terms in the fall.

## DAUGHTERS OF TODAY

**Drama of Youth Which Has Created a** Sensation Wherever Presented Opens at Concord Theatre Today.

Today the Concord Theatre presents "Daughters of Today," which has created a sensation in the film world and wherever shown has broken all records both for public comment and the size of the crowds attracted to the theatres, according to the newspaper clippings and the film magazines, and regarding which there is already much comment.

Described as "A Slice of Life Today," "Daughters of Today" deals with the problem of every American mother and father. Are the girls worse than the boys? Where are the young men and women of today drifting? How many parents know the company their children keep? Whose fault is it when tragically stalks into the home?

Has the present generation, despite its jazz, its midnight bathing and strip poker parties, its cocktails and cigarettes, its new women and old young men, a manhood and womanhood creditable to the best American ideals, when these venturesome feet have pursued the path best described on the billboards—Indecretion—Disaster and the Awakening.

Though the play has wild youth, romance, tragedy and thrilling heart interest, its greatest strength is said to lie in the fact that everyone sees himself or herself reflected on the screen, for the story is one of life in every community today.

## DRAMA OF YOUTH WHICH HAS CREATED A SENSATION WHEREVER PRESENTED OPENS AT CONCORD THEATRE TODAY

Walter Murphy Honored.

The University honored itself in honoring Walter Murphy, of this city, by conferring an honorary degree upon so good a friend of the institution. The University never had a more loyal friend, never one more ready or willing to go to extreme to do it a favor, nor one who has more worthily deserved this recognition. Mr. Murphy has rendered the state a constant and a conspicuous service. For many years he has given his all in answer to any call made upon him, and the call sent by the University has always had first consideration. This recognition of a loyal Carolinian by the University will meet with universal approval. It was a thoughtful and a deserved act.

**White Hall News Items.**

The people around here are most all up with their work, as it is so dry.

The crops are all needing rain very much.

Mr. Broadus Talbirt is erecting a nice new home just in front of Mr. Arch White.

Mr. Clifford Wilson has moved in the home of Mr. Hayden Talbirt.

Mr. Hayden Talbirt is spending a few days in Greensboro, on business.

Mrs. Jane White is spending a while in Concord with Mrs. A. N. Lentz.

Little Frances Horton is on the sick list at this writing.

The following have been elected teachers for White Hall school: Mr. C. P. Wilson, Mrs. Jack Bost, Miss Nora Bundy and Miss Willie Russell.

## FORTY BIRTHS REPORTED IN CONCORD LAST MONTH

**Of This Total, However, Sixteen Were** For Other Months During Year—Seven Deaths in City.

Reports submitted to W. M. Sherrill, registrar of vital statistics for Concord, show that 24 children were born in the city in May against seven deaths, this being the smallest number of deaths reported in any month in 1925.

In all forty births were reported to Mr. Sherrill but sixteen of them were for January, February, March and April. Only one death was recorded on the official report sent by the registrar to Raleigh, but six other deaths were reported after his report was completed.

Four illegitimate children were reported during the month, two of them being white and two colored, and two stillborn deaths were reported, both white.

Of the twenty-four births reported for May eleven were for colored children, this being about the average for the entire year.

Of the forty births reported nine were for children born in April, two for children born in May, four in February and one in January. Several physicians in the city did not submit reports to Mr. Sherrill for May.

Five white persons and two colored persons died in the city during the month, the report shows.

One undertaker of the city, who has been in the business for more than twenty years, reported that his company had only nine bodies during the month, the total being for the entire county. "This is the smallest number of deaths reported to us in a single month in recent years," he stated.

**Death of Confederate Veteran.**

N. J. Hunsucker, Confederate veteran and well known citizen of the county, died Thursday afternoon at 5 o'clock at his home in No. 4 township. He had been ill for some time.

Mr. Hunsucker was 95 years of age, being one of the oldest citizens of the county. He served four years with the Confederate army.

The deceased is survived by his second wife and several children, eighteen children having been born to the two unions.

Funeral services will be held this afternoon at 4 o'clock at Poplar Tent Church and interment will be made in the church cemetery.

Special rubber insulated gloves and sleeves are now made for the purpose of protecting electrical workers from shock.

## GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouchy are rarely successful. If your liver and stomach are in an unhealthy condition you cannot have a sunny disposition because they affect the brain as well as the entire system. **Mayr's Wonderful Remedy** has been unusually successful in such cases. Our advice to every one troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Gibson Drug Store and druggists everywhere.

### DAPPER YOUNG ROBBER DISTURBS MYERS PARK

Mrs. J. S. Hoffman Loses \$2700 Seal-skin Coat—Police Make Vigorous Effort.

Charlotte Observer.

The dapper young robber who is keeping Myers Park on the qui vive and the city and rural police on harassed and fruitless searches through the winding lanes of the fashionable suburb was still at large last midnight.

His latest reported venture, that of taking a seal-skin coat valued at \$2,700 from the home of Dr. J. S. Hoffman Tuesday evening, shed no further light on his identity.

Vague descriptions of a well-groomed young man of clerical type and business-like air are all the officers have to go upon. Some such have been arrested on suspicion and promptly released when they were found to have no connection with the matter.

Despite officers in automobiles, on motorcycles and afoot covering Myers Park like the dew of the morning, the robberies continue with maddening regularity.

**Collects Revolvers.**

Dr. Hoffman's family was not at home Tuesday evening. Dr. Hoffman came in early in the evening to discover that the house had been entered. An investigation revealed that his Smith and Wesson revolver was missing and that Mrs. Hoffman's valued coat was gone.

The police made an investigation, but were unable to find where the robber had left any sign to assist them in locating him.

He had entered other homes, including that of F. A. Abbott, H. C. Sherrill, W. T. Berthel and others. His specialty seems to be the collection of revolvers. No house he has entered has escaped his removing the family shooting iron.

In the meantime the police are continuing their searches, expecting all the while to hear of other appearances.

**Finds His \$213.**

John G. Branner, of 312 South McDowell Street, until yesterday when he moved his residence, the police learned, had recovered the \$213 which he reported had been stolen from his home Tuesday night. He reported that he had found a burglar in the home from which he had already moved some of his effects and shot at him. The officers were informed yesterday that the missing pocketbook was found at the house.

The man thought to be the robber has been seen several times by Myers Park residents. In each of the reported entries the house was not occupied, the families being away for the afternoon or on out-of-town trips. The similarity of the raids leads the officers to believe that the same man was at work on each of them.

Traveler (in Pullman)—Porter, "I'll give you \$5 for another pitcher of ice water."

Porter—Sorry, sub; but if Ah take any mo' ice dat corpse in de box car ain't gonna keep.

"What are you doing with a red lamp, George?"

"I just picked it up. Some fool left it by a hole in the road."

### USE GLYCA-PYNA

The Croup, Whooping Cough, Catarrhal Bronchitis, Bronchitis, Asthma and especially coughs of long standing and deep-seated colds, there is nothing better.
