

Says Adolph Menjou:
By the Press Agent.
"Greta Nissen is the youngest wife I've ever had in my life."
It is in the new William de Mille production for Paramount, "Lost—a Wife," coming to the Star tomorrow that Menjou marries Miss Nissen. Paramount's new Norse newcomer, Robert Agnew is also featured in the cast of the production, adapted for the screen by "Cara Berange" from Alfred Savoir's Broadway play, "Banco."
"Lost—a Wife" is a story of a young American, played by Menjou, whose one weakness is gambling. At a hotel in

France he bets a friend a thousand that a girl whose name appears on the hotel register has a face that would stop a clock. He pays, of course. He bets five thousand that he married her that very night. He wins!
It's great stuff, this—funny and human.

Ford Sales Increase.
Sales figures of the Ford Motor Company for the month of May show a continued good domestic demand for Ford cars and trucks, the last ten days of the month showing a substantial increase over the previous ten days. The figures also disclose record-breaking sales abroad and in the high price car field a growing demand for Lincoln cars. In fact, the Lincoln sales in the United States during May went to a new record with 968 deliveries to customers, exceeding by more than fifty the record established in April.
Ford car and truck sales for the month reached a total of 201,779 of which number 19,576 were foreign sales. This is a record for foreign deliveries and is more than 1,100 above the April sales.

Auto drivers of the city are not so prone to race during the day as they are at night, according to a local officer who has been doing traffic duty lately. "It seems that the temptation to violate the speed law is greater after dark," the officer said, "and most of the speeders arrested here recently were caught after the sun went down." The officer added that more pleasure cars are on the streets at night and that this probably accounts for the increased number of speeders.
