CUTS OFF CHILDREN BY WILL TILL THEY ARE 50

N. Y. Man Says They Didn't Accord Him Proper Filial Respect—Widow Gets Dower.

White Plains, N. Y., June 26.—Because his six children did not accord him filial respect he considered his due during his life time, James M. Reed, former Granite Springs business man, who died June 5, in his will filed for probate today, cut them off from participation in his estate "until they reach the age of 50."

Mrs. Emily R. Reed, the widow, received only her dower.

Relatives say the value of the estate is more than \$25,000. The Mount Vernon Trust company executor, is empowered to invest the money as it sees fit.

Placed in Jail to Prevent His Suicide.

Shelby, June 26.—"Buddy" Thomas, 17-year-old Georgia negro farm hand on the plantation of O. Max Gardner and O. M. Mull, is in jail here to prevent suicide following the accidental slaying by him of "Goodie," his 15-year-old brother and inseparable companion Tuesday at the dinner table. The older boy was "messing with" the family shot gun thought to be unloaded, when it was discharged, the load tearing out the heart of the younger brother, who

was at the dinner table at the time. A short time later "Buddy" attempted suicide and was placed in jail to prevent further attempts at self destruction. During the same afternoon the mother of the two boys attempted to kill herself but was prevented by friends.

Manager For Oteen Not Yet Appointed.

Asheville, June 26.—While awaiting announcement of the appointment of a new man to succeed Col. Whitledge at the U. S. Veterans hospital at Oteen, Maj. B. S. Compton, executive officer, is now in temporary charge of the institution.

Maj. Compton said that no word has come yet from the Veterans Bureau at Washington as to who will be the new head of the hospital. It was reported that Maj. Compton might be tendered the place but that official said that he was not expecting such action.

Col. Whitledge asked to be relieved from duty at Oteen and recently left for Johns Hopkins hospital at Baltimore for clinical observation as to his health before making up active duty again.

An aerial railway outside Chamonix makes it possible for the lazy mountain climber to ascend a considerable distance up the sides of Mont Blanc range. When finished the final landing will be only 3,200 feet below the actual summit of Mont Blanc itself.

MERCY IS RECOMMENDED FOR YOUNG KUNKLE WOMAN

Mayor Bristol, of Statesville, Hopes for Ultimate Reformation of Wayward Girl.

Statesville, June 26.—Ruby Kunkle, also known as Mrs. F. B. Gibson, of Columbia, S. C., wanted in Statesville for breaking into the home of her foster parents, Mr. and Mrs. Henry Kunkle, nearly two weeks ago, and taking clothing valued at a hundred dollars, gained recommendation of mercy in Mayor L. B. Bristol's court here.

The mayor's investigation resulted in holding the defendant for the county recorder's court, to be held next Monday, recommending suspended sentence, that she be turned over to the authorities in Charlotte, where she is wanted for drunkenness and disorder, and that as far as possible mercy be extended, that she may be ultimately restored to her family and society.

The foster parents were both witnesses against the defendant and neither showed their adopted daughter any forgiveness or mercy, claiming that she had gone beyond hope.

The young woman stated that her object in going to the Kunkle home on the afternoon of the house breaking was to see her child whom she had not seen in some time, and she entered the back door when she learned her foster parents were away from home.

Mayor Bristol is optimistic over the ultimate reformation of the woman.

Bus Line Now Petitions Schedule Curtailment.

Raleigh, June 26.—Receivers of the United States line, operating buses between Durham and Greensboro are requesting curtailment of the bus schedule between the two cities. The Safety Coach line, competitors of the first name company, is opposing the curtailment. The hearing was scheduled for today, but the length of the street car hearing caused it to be postponed until early next week.

A school for American grand opera will be opened on the banks of the Hudson about thirty miles above New York City.

METHODIST PROTESTANT CONFERENCE IS CLOSED

More Than One Hundred Young Men and Women Took Training Courses.

High Point, June 16.—The young people's conference of the Methodist Protestant Church, which has been in session at High Point College for the past ten days, closed with an address by Dr. George R. Shurtz, of Tiffin, Ohio.

More than 100 men and women who took the training courses offered for the church and Sunday school workers, received certificates at the closing exercises. Approximately 800 persons attended the conference during the ten-day period, but only a little more than 100 of them took the entire course of instruction. Men and women attended the conference from all sections of the state.

Two banners were presented, one to Albemarle for registering the largest number of people and the other to Whitakers for having the most delegates travel the largest number of miles. Enfiled was represented by thirteen people, but all of them did not take the course.

The committee on findings recommended that the conference be held the last week in August of next year. The date will be decided definitely by the board of young people's work, and it is probable that the date of the meeting will be change to August.

Candy Made From Cactus.

An El Paso, Texas, candy firm uses the juicy pulp of the desert "barrel cactus," known in Spanish as the vizango plant, to make a confection similar to crystallized fruit. Scientists explain that this cactus plant draws its sustenance more from the air and sunshine above than from the parched earth on which it rests.

Even wild beasts know by instinct that the desert cactus has locked in its thorny bosom a juice which will keep them from starvation and satisfy their thirst. Prospectors and wanderers lost in the desert have existed by breaking open this plant and partaking of the meat and juice found therein.

The first reference to a cactus candy is found in the history of the Aztecs. For centuries the Indians and Mexicans have known the process of making sweetmeats from this plant. However, it remained for the genius of the modern candy-maker to perfect the process.

Hit 'em All.

Hubby had fallen down the steps and his wife was anxiously bending over him.

"Oh, I'm sorry. Did you miss a step?" she inquired, with much concern.

"No," he growled, "I hit 'em all."

BISHOP AND IRELAND DEBATE UNIFICATION

Former Against and Latter For In Clash In District Conference.

Charlotte, N. C., June 26th.—With about 200 delegates and pastors attending as representatives of thirty-one churches, the annual Charlotte district conference of the Methodist Episcopal Church, South, was convened Thursday morning at Pineville, near here, by Bishop E. Collins Denny, of Richmond, Va., who will preside throughout the sessions of the two-day meeting. The district includes churches in the counties of Mecklenburg, Anson and Union.

A vigorous debate between the bishop and a prominent layman heard by an assemblage of approximately 600 persons, headlined activities at the opening session of the conference.

Charles H. Ireland, of Greensboro, leader of lay workers in the western North Carolina conference, released an oratorical broadside favoring unification of the Northern and Southern churches, while Bishop Denny, master debater and fluent speaker, held out for continued separation of the churches in the North

and South.

The debate, which had not been arranged as a part of the conference program, lasted more than an hour and was heard with deep interest by the large gathering of churchmen, delegates and officials attending the conference. At the close of the forensic contest no official action was taken by the conference to indicate which of the speakers had won in the battle of words.

DURHAM DOCTORS FACE REVOCATION OF LICENSE

State Board of Examiners Take Formal Action Following Trials.

Raleigh News and Observer. Following the disposition of cases against four Durham physicians who entered pleas of guilty in the federal court here to charges of violating the national narcotic act, the State board of examiners yesterday issued an official statement declaring that all doctors convicted of violating the law would be cited to appear before the board in actions for revocation of licenses.

Asked if the term "conviction" applied to those who submitted their cases, Dr.

K. P. Bonner, secretary of the board,

stated that that matter had been discussed by the board and the decision reached that such circumstances furnished a stronger case for revocation than where there was a conviction following a contest.

The board in its statement made it clear that it will act in a judicial capacity and consider each case on its individual merits.

Farmer is Killed By Dynamite Explosion.

Asheville, June 25.—Ben Hunter, 24, farmer, residing near Alexander, was instantly killed this afternoon by an explosion of dynamite. Hunter was working with a road gang near Alexander and was engaged in blasting out stone from the roadway. Several blasts had been set off. Hunter told his companions that he believed he had forgotten to ignite one of the dynamite charges, and walked back to apply a match. The explosive let loose just as Hunter stood over the charge. His head and body were badly mangled.
