

More Earth Tremors Felt In Santa Barbara During Night; No Further Damage Reported

NUMBER KILLED IN THE FIRST QUAKES

Most of the Deaths Were Reported in Santa Barbara Where One of the Largest Hotels Was Destroyed.

ASSOCIATED PRESS SOON ON THE JOB

Sent First Direct Messages From City After Rigging Up Temporary Quarters In Ruins of the City.

Quake Felt at Santa Cruz

Santa Cruz, Cal., June 30.—A slight earthquake shock struck this city at 1:22 o'clock this morning.

Associated Press Gave First Direct News

Santa Barbara, June 30.—(By the Associated Press.)—From a flimsy sack 8x14 feet "furnished" with five small empty packing cases and a make believe table of discarded boards, to which an Associated Press wire had been hooked hastily, the first direct news of Santa Barbara's disaster went out to the world shortly after noon yesterday.

This emergency headquarters manned by Associated Press staff writers and telegraph operators, filed a steady stream of news on the seaside tremor through the day and into the night, checking and re-checking the lists of dead and injured, estimating and re-estimating from best available data the loss to the community.

From here the staff men ranged the stricken area from the Arlington Hotel to the water front in never-ending expeditions to get the facts to the outside world.

When nightfall came, a new problem faced them—what about light? For the wires had to be kept going so that those who read the morning papers comfortably between sips of coffee might know how a city of 31,000 had fared during and after one of the outstanding cataclysms of the Pacific Coast.

Another Quake.

Santa Barbara, June 30.—A severe earthquake again rocked the ruins at 4:39 this morning as sailors began disembarking from the battleship Arkansas.

Tells of Collapse of Building.

Los Angeles, June 30.—A graphic account of the terror that overtook occupants of buildings in the downtown district of Santa Barbara yesterday was brought here today by W. R. Scott, of Los Angeles, who had a narrow escape from death in the California hotel.

Disagree as to Cause.

New York, June 30.—Experts were divided today as to the cause of the Santa Barbara earthquake. Ocean leakage, accumulated strain in the earth crust, volcanic disturbances, sinking of ocean bed, and extreme hot weather, were among the causes assigned.

There was also disagreement as to whether there was any relation between the tremors in Montana and those which were said there was no connection, while others thought that the Montana shocks pulled the trigger and caused the twelve-minute disturbance of rock strata under Santa Barbara and vicinity.

Dr. Herman L. Fairchild, professor emeritus of geology at the University of Rochester, N. Y., said that the Montana tremor traveling underground might have touched off stored-up strains in southern California.

SANTA BARBARA IS AT WORK ALREADY

Despite the Great Havoc Wrought by Earth Tremors Citizens of City Are Already Building Town Again

NINE KILLED IN THIS CITY ALONE

Thirty Others Are In Hospitals as Result of Injuries—Loss Is Estimated Now at About \$15,000,000.

Santa Barbara, June 30.—A hot June sun rose today on a physically prostrate city by the blue Pacific that throbs nevertheless through every pile of her earthquake debris with the indomitable spirit of reconstruction.

The tablets of death indicated that nine victims had paid with their lives their portion of the toll taken by earth tremors that started yesterday morning at 6:44 o'clock and which have continued at intervals.

In the hospitals lay thirty injured. Conservative estimates of material damage fixed the loss at \$15,000,000. More liberal surveys said \$30,000,000.

The dead: Mrs. Charles Perkins, 83, millionaire widow, of Burlington, Ia.; Betram Hancock, 21, son of G. Allen Hancock, Los Angeles millionaire.

William Proctor, Patrick Shea, Sen. Storer, Marrainna Mieneste, Dr. James C. Angle, dentist, Merced Leon, Santa Barbara, June 30 (By the Associated Press).—Looters piled their nefarious trade amid the earthquake ruins of Santa Barbara during the night.

The State highway commission derives its revenues from the four-cent tax on gasoline and the auto license taxes. Out of this income the sinking fund for the road bond issue is cared for, as well as all operating and maintenance expenses of the commission.

Back of the hills the Old Mission of Santa Barbara founded by the Spanish fathers who came with the conquistadores to the new world still stood in part, defying the earthquakes. It had gone through a similar quake in the '80s and was rebuilt only to suffer a similar fate yesterday.

One other is reported in the ruins. The injured were treated at Cottage Hospital, the only hospital remaining to receive patients. No check has been possible for those treated for injuries in their homes.

Pol Alto, Calif., June 29.—Dr. Bailey Willis, noted seismologist at Stanford University, who predicted an earthquake in the general region of Santa Barbara, is in that city.

Every child should have one of our beautiful dolls—it's easy. You can get one by getting only five six-months subscriptions to The Concord Daily Tribune or six twelve-months subscriptions to The Concord Semi-Weekly Times.

Lifting the invalid priest to his back, Father Augusten proceeded to the stairway when with the second shock he fell through a hole to the floor below with the invalid priest on his back.

Being luck is often a sign of bad luck. The Assyrians were the first to equip an army with iron weapons.

Interesting Facts Concerning Our Rural White Schools

Today closes the scholastic year of 1924-25, and figures gleaned from the Superintendent's report as shown below and compared with the years 1920 and 1915 show marked development in our Rural School progress within the past decade.

Table with 3 columns: Year, Value, and Amount. Rows include No. Rural School Houses, No. Class Rooms, Value School Property, Average term in days, Census, Enrollment, Average Attendance, and No. in High School.

Plans are being made now for much larger developments in our rural schools for the next two or three years than has been made in any previous period of time of the same length.

GOVERNOR TO RUN STATE ON A BUSINESS BASIS

All Departments in the State Put Under Budget System by a Legislative Decree.

Raleigh, June 30.—Every department and institution of North Carolina has been placed on a budget basis, as a result of legislation passed by the 1925 general assembly.

Department heads are brought directly under the governor's control by the new law. He has been given the power to investigate the cost and methods of operation used by every department and institution, and may recommend to the legislature such changes as he feels are necessary to effect economies in government.

Heretofore numerous independent appropriation measures for individual institutions have been passed by each legislature. The result has been that the general appropriation bill seldom, if ever, carried amounts covering all State expenses.

The new policy will become effective July 1, 1925. After that date all departments and institutions will have to keep expenditures within the definite amount fixed in the appropriation bill for their operations.

Ancient Roman statues are incorporated as common building stones beneath the old Turkish citadel walls of Angora.

Refuses \$500 Won for Pageant

Nashville, Tenn., June 30.—The \$500 prize offered by the Methodist, Baptist and Presbyterian denominations of the South for a pageant to be used during the annual observance of children's week has been won by Miss Mianie E. Kennedy, it was announced today.

DR. E. J. BUCHANAN BRITISH REPORTED WILLING TO SELL 8 FEET OF REED LAND TO CHINESE BRIGANDS

Advises Relatives Here That He Will Sign Option Giving City Right to Buy More of Reed Property.

BANK PRESIDENT GIVES HIS VIEWS

Mr. Coltrane Thinks the Entire Street If Any At All Should Be Widened.—Aldermen Meet Tonight.

British Vessel Was Guarding Foreign Shipping When It Opened Fire on Brigands Who Returned Fire.

BRITISH THANKED FOR THEIR WORK

Residents of City Glad to Be Rid of Pirates—Americans Report Disorderly Mobs In Several Cities.

Word was received by Dr. J. F. Reed here shortly before 2 o'clock to the effect that Dr. E. J. Buchanan, of Lexington, who last week opposed the sale of property belonging to the Reed heirs and who later agreed to a five-foot option which the city asked for, had agreed to an option calling for the sale of eight feet of property so that Depot street could be widened to that extent.

This agreement gives the Board of Aldermen at their meeting tonight the privilege of expanding the street to a width which had hitherto been thought impossible.

He favored, he added, any action whereby the city would begin at Church street and come all the way through to Union Street, making the thoroughfare of uniform width. This would give a good wide street and make the expense attached worth while.

During the morning several measurements were taken of the street at the square. Engineer Walter Furr re-measured Depot street from Spring to Church. He took the offsets in order to determine what amount of each person's property would have to be lopped off in order to secure a street the same width throughout.

Later Mayor Clarence Barrier and L. D. Coltrane were noted with tape in hand taking street widths from building corner to building corner.

The meeting tonight which convenes at 8 o'clock is exciting more interest and more discussion than any other meeting of the board in recent years.

The regular quarterly dividend of 1 3/4 per cent. (\$1.75 per share) on the preferred stock of the Southern Gas and Power Corporation has been declared payable July 1st.

Decrease in Income Tax Collections. (By the Associated Press) Raleigh, June 30.—A decrease of \$730,925.86 in income tax collections for the fiscal year ending today, as compared with collections for the fiscal year ending June 30, 1924, has been announced by Commissioner or Revenue R. A. Doughton.

Thos. F. Barry Dies Suddenly. Asbury Park, N. J., June 30 (By the Associated Press).—Thos. F. Barry, of Chicago, president of the Globe Mutual Life Insurance Co., dropped dead of heart disease on North End Bathing Pavilion last night. The body was found by two boys who notified the life guards.

Shepherd Freed of All Charges. Chicago, June 30.—William D. Shepherd today was freed of the last charges against him when the grand jury voted a "no bill" in connection with the death of Mrs. Emma Nelson McClintock sixteen years ago.

THE COTTON MARKET

Rather Unsettled at Start, and Active Months Sold 10 to 15 Points Under Yesterday's Close.

(By the Associated Press) New York, June 30.—The cotton market was rather unsettled at the start today, recent buyers showing disposition to take profits in advance of the government crop report expected on Thursday.

The crop was steady at an advance of 3 point on July but generally 3 to 6 points lower and active months sold 10 to 15 points below yesterday's closing figures in the early trading. There was no indication of improvement in the southwestern weather conditions, however, and realizing sales were sufficiently absorbed to check the decline at 23.98 for October and hold the market comparatively steady around the 24 cent level at the end of the first hour.

Two more private crop reports issued with condition figures ranging from 60.2 to 74.5 per cent., and crop indications from 12,604,000 up to 13,700,000 bales.

Cotton futures opened steady: July 24.07; October 24.07; December 24.16; January 23.63; March 23.90.
