WHO OWNS THE ARCTIC?

The unusual activity among the Arctic explorers this year, and the possibility that one of them may find some hitherto unknown land under the aegis of the north pole, has set up a lively discussion about the title to such land, if any, in that part of the world.

The Canadian title to the archipelago of islands, great and small, north of Hudson Bay rests upon their discovery by British navigators and their contiguity to the Canadian mainland and to one another.

With regard to Baffin Island, Banks Land, Prince of Wales Island, King William Land and Parry Islands, and so forth, that title has never been seriously disputed by any one and probably never will be.

COUNTRY CORRESPONDENCE

ROBERTA. We are having some warm, dry weather these days with occasional showers, which are very much needed.

A large number gathered at the home of Mrs. Sarah Platt Saturday and gave her a birthday dinner. After a pleasant evening together they all departed wishing her many returns of the glad day.

Part of the Roberta choir went to Kannapolis to help in singing.

Mrs. Bailey and two children, from Rosemary, were visiting at the home of Mr. and Mrs. D. V. Furr Sunday.

Mr. Charlie Garmon left Saturday for Morehead City, where he will take two weeks' military training.

Mrs. Esther Hopkins and daughter, Charlotte, after spending a week with Mrs. W. H. Biggers.

Come on White Hall with your items. We like to read them.

Mrs. Taylor Auten is on the sick list at this writing, we regret to note.

SOMEONE'S DARLING. Lindsay Neibit, Farrell Sossamon, and Misses A. D. Pense, Dorothy Roseman, Gladys Roseman and Agnes Leslie motored to Faith to see Venus and our pretty little granite town.

Mrs. Taylor Auten is on the sick list at this writing, we regret to note.

They were all good looking but the girls were the best looking.

Lonesome Girl, correspondent from Concord Route 3, says a man in his neighborhood has an old time arithmetic and an old German Bible and if Venus can beat it trot them out.

Yes, we can beat the German Bible. We have one that weighs 13 1-2 pounds and has 1101 pages.

If you can beat that for a large German Bible trot it out. It is dated 1723.

Who can beat it. We are having the hottest kind of weather here today.

The correspondent from No. 3 township says Nick Tut Goodnight went with the threshers four days and gained seven pounds in weight and wants to know if Venus can beat that.

We give it up. Pet, the correspondent from Locust, says Venus, if you can beat this snake story trot her out quickly.

A very large garter snake was killed here which had 36 young snakes about six inches long. The old one was about 2 1-2 feet long.

We give it up. A fine looking gentleman motored out to Faith last night from Spencer and got a dollar jar of home-made cornmeal.

He said he worked at Spencer in day time. That's the way to do. Don't suffer this awful hot weather with cornmeal.

Venus has one of those old time deeds with the seal made of wax and attached to the deed with ribbons. It is dated 1785, registered in Book No. 10, page 135, March 4th, 1785 in Rowan county.

If you can beat that trot out your old deed.

Send all your good items to Venus, at Faith, N. C. We will use them.

Some one sent us a package of ore but no letter telling us about it. Now what are we going to do about it?

VENUS.

BETHPAGE. Miss Edna Brown delightfully entertained a number of her friends at a party Thursday evening.

Games, contests and music were enjoyed throughout the evening. Refreshments consisting of cake and ice cream were served.

Those who enjoyed Miss Brown's hospitality were: Misses Mildred Rogers, Rena Goodnight, Irene Mabel, and Evelyn Rumble, Mary Alice, Jennie Ryan and Johnnie McKinley, Mabel Sims, Ophelia Overcash, Margaret Antley and Enla Gray; Messrs. Claud Goodnight, Ray Simpson, Phil Stiller, Herman Honeycutt, Herman Walker, Hoover Russell, Poindexter Craven, Carl Overcash, Harry Dudley, Hyette, William Crawford and Moulder Sims, James Fries, Ernest Brown, Mr. and Mrs. James Brown.

The daily vacation Bible school begins Monday, July 20.

Friend of Miss Edith Sims are glad to know she is able to be out again after a week's illness.

TWINS. Mr. and Mrs. I. L. Barnette, Mrs. Neal Alexander and daughter, Nettie Sue, spent last Tuesday with Mrs. Barnette's sister, of Mooresville.

Mrs. Pageant and children, of Charlotte, spent Tuesday night with Mrs. John Holbrooks.

Mr. and Mrs. Jack Stowe, of Derita, spent Saturday night with Mrs. Stowe's aunt in No. 2 township.

Miss Nettie Sue Alexander is spending the week in Charlotte.

Little Mary Frances Perkins has been on the sick list.

VIOLETS. Had Already Been There. "Mother, can I have those apples on the sideboard?"

"Yes, dear."

"Oh, I'm so glad you said yes."

"Why, are you so hungry?"

"No—but I have eaten them already."

Reprinted from the First Balloon Tire Announcements. "You ride on a cushion of air." "Ruts and bumps are smoothed out." "The car and its occupants are protected from jolts and jars." "Shocks are absorbed before they reach axles and springs." "On uneven roads where ordinary tires bounce, these flexible low-air pressure tires roll over the bumps, permitting better average speed." "Save repairs."

Low-Air Pressure is the Answer. HERE is a list of balloon tire advantages taken from the first balloon tire announcements. These were the things that car owners wanted. The things that made them demand balloon tires. Read them and then ask yourself how you can get them except in a tire that can be run at low enough air pressure to provide a soft air cushion between the car and the road. Some car owners have been sold the balloon principle and then handed the name only. Just a big, round, fat tire with the name "Balloon" on it will not necessarily give low-air pressure riding comfort. The original ideal of the industry was a flexible side wall, low-pressure tire. Yet today some "balloon" tires must be run at too high pressure for ideal cushioning, as they wear out too fast when they are run soft. It is important to you as a car owner to remember this fact. The United States Royal Balloon is spoken of as the "Balloon Tire Principle at its Best", because it can be run at low-air pressure without injury. It is built of Latex-treated Web Cord which provides the necessary strength and flexibility. It has the U. S. Low-Pressure Tread which wears slowly and evenly and eliminates early, uneven and unsightly wear. Specify U. S. Royal Balloon Cords and be sure of true low-pressure cushioning.
