DEMPSKY UNABLE TO UNDERSTAND DECISION

Does Not Say Why He Must Confer With New York Boxing Commission Again. (By the Associated Press) Cheyenne, Wyo., July 22.—Jack Dempsey, when he passed through Cheyenne last night was shown a dispatch stating that the New York Boxing Commission had declined to accept Tex Rickard as his proxy and had ordered Dempsey to appear personally to conclude arrangements for his program preliminary to a title fight with Harry Wills next year.

Dempsy said he personally appeared before the commission before he started west and accepted Wills' challenge. He did not understand why the commission wished him to appear again. "I supposed it was all fixed," Dempsy said "and I don't see any reason why I must talk to the commission again. I am going back to New York when I finish my Pacific Coast business and will see the commission then."

BUS OPERATORS CONSENT TO UNION STATION PLAN

Coach Company to Operate Central Terminal—Shuttle Service in the City. Greensboro, July 21.—Bus operators in North Carolina, meeting last night, decided to accept an offer made them by the Coach Terminal Company which has headquarters at Raleigh to operate a union bus station here at the General Green Hotel for a percentage of the receipts. This action was taken after hours of discussion. The bus operators finally made trade with the terminal company and will give the plan a ninety day trial. Shuttle service will be inaugurated, that is, all busses will load and unload at the union station, but a bus will be operated to pick up passengers at the various hotels and carry them to the station for outgoing busses and passengers coming in will likewise be distributed to hotels.

PICTURES ON KNEES GO WITH ROLL-YOUR-OWNS

Flowers or Landscape or Portraits Becoming Popular for Window Displays. Chicago, July 21.—Painting pictures on such feminine knees as may be exposed by rolled stockings and perverse winds is advocated by beauty specialists who began a week's convention today. "Painted knees are the latest thing," said Mrs. Ruth Maurer, presiding. "Hand-painted pictures on the knees are intriguing. Some designs are simple, some elaborate. Some girls prefer a flower or a group of blossoms. Others like a portrait or a little landscape."

GRAIN PRICES COLLAPSE ON THE CHICAGO MARKET

Wheat Slides Down More Than Five Cents in Last 15 Minutes of Trade. Chicago, July 21.—Grain prices hit the toboggan on the Chicago board of trade today during the last 15 minutes of trading after an early decline and partial recovery earlier in the day. As a result, grains closed near the low for the day, with wheat 4 3/8 to 4 1/4 cents down, corn 1 1/8 to 2 1/4 cents lower, and rye down 2 7/8 cents to 3 1/8 cents. The late break was on stop loss orders when selling to reduce holdings was resumed and found buyers lacking. July wheat ended at \$1.53, July corn at \$1.00 3/4, July oats at 43 1/8 cents and July rye at 94 3/4.

ACTION BY BROTHER NEEDED IF RUSSELL SCOTT IS TO LIVE

Unless Russell Scott Surrenders and Confesses, Russell Scott Will Be Put to Death Friday Morning.

MURDER CHARGE AGAINST SCOTT

Message Said to Have Been From Robert Scott in Which Confession Was Made, Believed to Be Hoax

(By the Associated Press) Chicago, July 22.—Only the surrender and confession of Robert Scott, can save his brother Russell from the noose, dangling ready for his execution Friday morning. Unless Robert returns, Governor Small has indicated there will be no further reprieve, to snatch Russell from the gallows from which he was saved last Friday. Russell bases his only hope on his brother.

Return of the brother is also the objective of frenzied efforts of Scott's relatives and friends who have left no stone unturned to save him. Robert's whereabouts is unknown. He was indicted with Russell for the murder of Joseph Maurer, a drug clerk, in a holdup, but never was apprehended. A message signed with his name, which reached the Governor last Thursday and caused delay of a week in the execution, is thought to be a hoax. It came from Detroit where Jas. M. Ball, a telegraph operator, retracted the story of having seen the murder and that Robert fired the fatal shot. Radio appeals to Robert will be made by Scott's wife, Catherine, and by his aged father. They will urge him to plead guilty to the family to President Coolidge, urging that the Executive ask the governor for leniency. Detroit club women have raised \$3,500 to take a last effort to prevent the hanging. Clarence S. Darrow, defender of Loeb and Leopold, in Dayton, Tenn., said he could not serve, but that he had telegraphed Governor Small asking clemency.

SUMMONS IS ISSUED FOR THE HANDCUFF KING

Harry Houdini Charged With Wrecking Interior of Office of Houdini & Co. (By the Associated Press) New York, July 22.—A summons is out for Harry Houdini, handcliff king and magician, who is accused of wrecking an office stage strong man act, and wrecking the interior of the office of Houdini & Co., which is in the radio equipment business. Several days ago Houdini, after getting a bill for goods delivered to Houdini & Co., when to the firm's office to straighten things out. There he saw a package addressed to Hank Houdini, which he promised against the use of his name, he says, officers of the concern threatened to beat him up and locked the door. In the ensuing fracas Houdini was far from beaten up but a chair and chandelier were smashed. A policeman refused to arrest Houdini. He had not been located today.

POTS QUIETUS ON TALK OF CHIMNEY ROCK PLANS

Dr. L. B. Morse Says Memorial By Sculptor on Cliffs is Not Being Considered. New York, July 21.—The carving of a Confederate war memorial by the sculptor, Gutzon Borglum, on the granite cliffs of Chimney Rock gorge, North Carolina, is not being considered at the present time, Dr. L. B. Morse, president of the Chimney Rock properties, declared tonight. Denying dispatches saying that the sculptor would construct a memorial in North Carolina similar to the Stone Mountain project near Atlanta, Dr. Morse said that while the cliffs had greatly impressed Mr. Borglum, no definite plans had been made, and backing by prominent North Carolinians had not been promised.

SAYS RIFLIANS ARE TRAINED IN THE AIR

Former French Ace Says Rebel Leader Offered Him Place in Fighting Against the Spanish. (By the Associated Press) Marseilles, July 22.—Captain Rene Fonck, former French ace, and now a member of the Chamber of Deputies, says that eighteen months ago Abel Krim, leader of the Rifis, offered him his own conditions if he would organize an aviation service against the Spaniards. Captain Fonck said he refused the offer and later informed M. Poincare, then premier, of the possible danger to France. In the course of his talk with Abel Krim, Captain Fonck reports an agent of the chief declared the Riflians had German instructors capable of turning out good pilots, and that English firms had made overtures promising quick delivery of planes.

(By the Associated Press) Washington, July 22.—Treasury officials were ordered today by local court to show cause why the salaries of school officers here should not be withheld because of the teaching of scientific doctrines alleged to reflect on the Bible.

Does This Dam Menace City?

Salt Lake City is more than usually interested in the condition of this dam, which some engineers declare unsafe. It is under construction at Dell Mountain, Utah, 16 miles from Salt Lake City, and it is thought to hold 600,000,000 gallons of water on the city. New tests of its strength are being made.

Will a Spur Line Be Extended To Point Near Center of City?

The visit of the big Southern Railway officials to Concord Tuesday was not altogether as purposeless a trip as questioners were led to think. There was apparently a reason for their spending the day in the city. It was learned today that the five men were held conferring on the advisability of extending a spur line from the Depot to a point near the center of the city with a view toward making it easier for shippers of freight in loading and unloading. The right of way which was looked at, it is said, started at the Cabarrus Mill and followed the valley to the South of Corbin street, crossing Corbin street at Bourne's ice house and ending at the rear of the stores on the west side of Union street. Although there has probably been nothing definite done in regard to the matter, it is considered very likely that the Southern will take steps to improve the freight facilities in the city. It is pointed out that with the possibility of the Piedmont and Northern Lines being extended to Concord, some of the freight business which has heretofore gone totally to the Southern, would be lost. It is likely that an effort will be made to re-

FRANCE IS STUDYING GERMAN SECURITY PACT

Will Confer With Other Countries to Determine Policy to Be Followed in Negotiations. (By the Associated Press) Paris, July 22.—The French government has begun consideration of the German security pact presented to the allies on Monday and will get in touch with other countries interested to determine a policy to be followed concerning negotiations with the German government for a security pact guaranteeing the western frontiers of Germany. Should it appear necessary to call a conference for negotiations it could only be useful, in the French view when an agreement has been reached on practically all points. A favorable impression made here by Foreign Minister Briand's summary of the German note was not maintained after a perusal of the text when it was made public.

PRESIDENT GOES TO HIS FORMER RESIDENCE

Day's Outing Provides Stop at Hall Hill, Where President Lived in 1916. (By the Associated Press) Swampscott, Mass., July 22.—A trip to Pemberton on Boston's south shore was on President Coolidge's schedule today. He arranged to make the journey, some fifty miles, by water on the Mayflower, which has its base at Marblehead, a short motor trip from the summer white house. Arrangements were made for the trip to enable the President and Mrs. Coolidge to visit their modest residence on Hall Hill which was their home in the summer of 1916 when Mr. Coolidge was lieutenant governor of Massachusetts. The President also planned to stop briefly at an outing of druggists which was being held at Pemberton.

WOULD DETERMINE THE SOURCE OF LIQUOR RING

Want to Know Where Bootleggers Got Stuff to Supply 20,000 Customers. (By the Associated Press) New York, July 22.—A federal grand jury is pressing closely an inquiry to learn the source of the liquor with which a bootlegging ring recently discovered here supplied 20,000 customers in 29 states by shipping trucks. A subpoena has been served on the trucking firm of O'Connor & Young, employed by the bootlegging ring which was broken up last week with the arrests of Jacob Kirschenblatt, alias Kirsch, and seven associates including one woman. District Attorney Buckner purposes tracing the source of liquor back through the transportation records. He said that two lots were used as cutting planes where supposed high grade and deep sea liquor was diluted for the bootlegging ring. As fast as any cases are completed against any individual or group the grand jury will be asked to return indictments without waiting for completion of the investigation which may require several weeks.

Two Indicted

New York, July 22.—Jacob Eisenblatt, alias Jacob Kirsch, and Sol Danzsky, who were among those arrested last week in a government raid on an alleged mail order bootlegging plant, were indicted today by the federal grand jury on a charge of possessing 480 counterfeit international revenue stamps.

CONVICT IS SHOT IN EFFORT TO ESCAPE

Augustus Lassane, Convicted Passer of Love Note, Will Recover. Lexington, July 21.—Augustus Lassane, the negro convicted here at the recent term of superior court for passing a love note to a white girl and sentenced to two years on the county roads, was shot while attempting to escape from the Davidson County Jail Saturday afternoon. A guard of six shot and wounded Lassane in the back from behind, it was reported here, but none of them are thought to have penetrated deep enough to leave serious wounds. According to information given the sheriff by Supt. Fred Everhart of the county road camp, it was discovered Saturday that Lassane and Edgar Williams had succeeded in getting hold of a file and had filed their chains in two and tied them together with eight strings. Guards were warned to keep close watch on them after the discovery of this preparation for escape. Saturday afternoon when the convicts were being returned to their cages, Lassane is said to have made a dash for liberty between two of the cages. Gattison, Tysinger fired a load of buckshot that entered a tree beside Lassane's head but the warning was not heeded and the flight continued. Then the guard fired a charge of lighter shot and succeeded in stopping the flight.

DENY CHARGES AGAINST PATTERSON AND WATKINS

Richmond, July 22.—R. R. Patterson, general manager, and Tucker C. Watkins of the Tobacco Growers Co-operative Association, both emphatically denied today charges by J. A. Wade, a Halifax county farmer, that they had entered into a secret compact to re-dy tobacco, and had pocketed a half million dollars that illegally belonged to the association. Oliver J. Sande, executive manager and chairman of the finance committee, characterized the suit as an "effort to discredit the work of the Association and to handicap it in its further efforts." He said so far as officials of the Association were concerned the accusations against Patterson, Watkins and Edmondson were without foundation.

Suit Against Co-op Officials

Danville, Va., July 22.—Charges that R. R. Patterson, general manager of the Tobacco Growers Co-operative Association, and Tucker C. Watkins, and E. R. Edmondson, other officers, entered into a secret compact to re-dy tobacco during the years 1922, 1923 and 1924, out of which they made a clear profit of \$500,000, are contained in a suit filed in federal district court here today by J. A. Wade, of Halifax county.

Large Increase in Durham Tax Rate

Durham, July 21.—Four cents more has been added to the Durham city tax rate for the current year, under the amended budget as adopted by the city council. The rate for next year will be \$140 on the \$100 within the city limits, an increase of twenty-five cents over last year's rate, perhaps the greatest single year's increase in the history of the city. Increased city administration expenses and a lowering to some extent of the total listed property values is given as the reason for the increase in this year's taxes. The increased city area due to city extension, however, entered largely into the increased tax rate it was stated by the city manager, the property increase failing to provide sufficient revenue under the old rate to take care of the increased expenses incurred through extension of the city lines.

ADOPT FORMULA TO BE USED IN CHINA IN PRESENT CRISIS

Protocol Powers Agree on Formula With Which to Deal With the Entire Chinese Problem.

ARMS CONFERENCE FEATURES KEPT

There Will Be Inquiry Into the Shanghai Incident, If This Plan Is Approved by the Chinese.

(By the Associated Press) Washington, July 22.—Substantial accord on a formula to deal with the whole Chinese problem has been reached by the protocol powers. Formal acquiescence in some elements of the program still is lacking from some capitals but the Peking diplomats are expected to be in a position to submit the formula to the provisional government of China at an early date. The settlement to be proposed will include the Washington conference plan for revision of the Chinese customs, duties, and participation by the Peking government in the inquiry and also the British proposal for a new judicial inquiry into the responsibility for loss of lives in the recent Shanghai rioting.

The plan for dealing with the Shanghai incident is expected to be contingent upon participation by the Peking government in the extra territorial inquiry and agreement by that government to be bound by the findings of the investigation. Much mental activity follows Dayton trial.

MUCH MENTAL ACTIVITY FOLLOWS DAYTON TRIAL

Ohio Educator Regards It As Greatest Summer School Ever Held in America. Chapel Hill, July 21.—An unusual view of the Scopes trial at Dayton, Tenn., was presented at the opening of the sixth annual state public welfare institute here today by Dr. E. R. Reeder, head of the Hocking Foundational School, of Van Wert, Ohio, who declares in the course of an address to a large assemblage of welfare workers that he considered the Dayton trial the greatest summer school in America. More reading and thinking and printing emanating from that spot at present than from any other center in the country, he said. "We should be proud that we have such a struggle for truth going on," he added. "It shows that we are alive, that we are thinking. We are among the rural communities in Europe, and such a struggle could not take place there. There is too much inertness in the common people in Europe to have such a trial."

"The trouble in China is due to the fact that our missionaries have been teaching applied Christianity, and these Chinese have been seeing that we are not applying our Christianity. We have to deliver the goods as Christian people as well as teach."

New Sales Record For June Hit by Ford Company

Detroit, July 21.—A new June sales record was established by the Ford Motor company during the month just passed, when approximately 6,000 more Ford cars and trucks were delivered to retail customers in the United States than during the same month a year ago, which held the previous high mark for June.

Reports indicate a continued large volume of business through the summer months with a higher buying level than is usual during this season of the year. Urgent requests for additional shipments have made necessary increasing the company's July production schedule, which now calls for several thousand more cars and truck than were produced in June.

Sales figure just given out by the company show that the total sales for June were 195,300 Ford cars and trucks. Of this number, 176,256 represent domestic sales, as compared with 170,547 cars and trucks sold in June a year ago.

Buying conditions also continue good in the high priced car market. Evidence of this appears in the sales of Lincoln cars during June, with deliveries to domestic customers totaling 882, an increase of 95 over June a year ago.
