

Pastor Weds Actress

The stage and the pulpit were joined in this romance at Syracuse, N. Y., when Miss Ramona Weaver Baxter, actress, became the bride of Rev. Ernest John Bowden, pastor of an Atlanta (Ga.) Unitarian church. The two met at Atlanta when Mrs. Bowden's theatrical company was playing there. Her home was in Syracuse.

THREE BIBLES ARE PUT INTO THE COURT RECORD

One is King James' Version, One the Catholic Vulgate, Other Original Hebrew.

Dayton, Tenn., July 21.—Three Bibles were placed in the court record as evidence of the defense in the Scopes evolution trial.

Arthur Garfield Hays, New York attorney, has consistently held before the court that the word "Bible" in the Tennessee anti-evolution statute was vague and indefinite.

Speaking late today in Judge Raulston's outdoor court, Mr. Hays submitted for the record a copy of the King James Bible, a volume of the Vulgate Bible, or Catholic Bible, and the Hebrew Bible in the original.

He offered the three, he said, to show what the translation should have been.

Toucing on the matter of the differences in the translations of the Bible, the defense submitted for the record a statement by Dr. Herman Rosenwasser, San Francisco, identified by counsel as "a rabbi whose justifications are vouched for by Dr. Kauffman Kohler, president-emeritus of the Hebrew Union College, of Cincinnati."

Rabbi Rosenwasser's statement said in part: "To understand the Bible one must know Hebrew.

"In the translation of the Hebrew Bible, from which the King James Protestant version is derived, there are many errors, some of the basic.

"The word 'create' purports to be a translation of 'bara.' This word 'bara' is used with reference to both inorganic and organic creation, man as well as animal and plants. The word 'bara' is used to represent the whole cosmic scheme. The correct translation is 'to set in motion.'

"In verse two of the King James version of the Protestant Bible appears the following: 'The spirit of God moved upon the face of the waters.' That is not a correct translation of the Hebrew. A correct translation of the Hebrew word 'maracheth' is 'and God animated, imparted life, vivified.' The words 'the face of the waters' are 'alpenal hamayin,' which mean 'to animate the face of the fluid mass.'

"In the Bible there are four distinct terms for man: Adam, Enosh, Gever and Ish.

"In the first chapter of Genesis the word 'Adam' is used. The word Adam means a living organism containing blood. If we are descended from Adam, we are descended from a lower order—a living, purely physical organism containing blood. If that is a lower order of animal, then Genesis itself teaches that man descended from a lower order of animals.

"The terms 'Gever' and 'Ish' refer to the intellectual and spiritual man.

"If the Hebrew Bible were properly translated and understood one would not find any conflict with the theory of evolution which would prevent him from accepting both."

Cut Out the Long Speeches. McClintock Times.

How to say it in a few words is the aim of speakers and preachers who want to entertain and instruct audiences without putting the tired feeling on a speech.

It's no small task to boil down a speech or a sermon to contain half the words used in the original construction. In this age of newspapers and magazines and the radio and other modern means for the transmission of intelligence there is less demand for long speeches than

We do not sell \$35 dresses for \$19.75, \$9 shoes for \$5.90, \$3 full-fashioned hosiery for \$1.49.

If the dresses were worth \$35, the shoes \$9 and the hosiery \$3, we would sell them at those prices.

We DO sell \$19.75 dresses for \$19.75, and not for \$35. They're worth \$19.75!

We DO sell \$5.90 shoes for \$5.90, and not for \$9. They're worth \$5.90!

We DO sell \$1.49 full-fashioned hosiery for \$1.49, and not for \$3. They're worth \$1.49!

SENSATIONAL SUIT FILED AGAINST CO-OP LEADER

Called Upon to Turn Over Half a Million to Co-op Association. Danville, Va., July 22.—Charging that three men, Tucker C. Watkins, R. R. Patterson and Oliver J. Sands, dominate the Tobacco Growers' Co-operative Association and that "it is impossible to have the board carry a measure over their objection," a sensational suit was filed today in the United States court by J. A. Wade, a Halifax farmer, who leads what is said to be a large group of insurgents.

The suit is brought by Wade "in behalf of himself and of all other members of the Tobacco Growers Co-operative Association of Virginia, North and South Carolina," and is brought not only against the three officials named but also against the tri-state organization. The suit was filed against Patterson, Watkins and F. R. Edmondson, who are called upon to turn over to the association the sum of half a million dollars which, it is alleged, represents the amount of their "take-off" to use the term in the bill of complaint.

Facts Worth Remembering. School boys and girls would do well to paste the following in their histories for reference: The United States is the richest country in the world. The bank deposits in the United States exceed by millions the combined bank deposits of the whole world outside of this country. We have more actual cash than any other nation. Our national wealth at the time of the Civil War was about \$7,000,000,000; at present it is \$225,000,000,000. In a single year we produce by manufacture and agriculture more than the entire national wealth of France. England's wealth is only \$80,000,000,000, as against our \$225,000,000,000. Of all the wheat in the world we produce 22 per cent. Of all the oats in the world, 35 per cent. Of all the cotton, 60 per cent. Of all the corn, 80 per cent. Of all the horses, 25 per cent. Of all the cattle, 27 per cent. Of all the hogs, 40 per cent. Of all the world's dairy products, 25 per cent. One-half of the world's pig iron is made from ore mined in the United States of America. America produces 50 per cent of the world's copper. And 60 per cent of the world's petroleum. Besides this, we produce 25 per cent of the total production of woolsens of the earth. Twenty-five per cent of the linen. Twenty-five per cent of the cotton cloth. Forty-five per cent of the paper. Twenty-five per cent of the glass. Thirty-six per cent of the shoes. And 50 per cent of the steel products. And we do this, having but five per cent, or one-twentieth of the world's population.

SMART BUYERS COME HERE!

We're not getting all the tire business in town. We never expect to. But we're getting our share and our business is growing constantly.

As a matter of fact, and we realize it sounds pretty strong, if every car owner in town who is not buying from us, really knew what we had to offer, we'd come pretty close to having a monopoly on the tire business here.

We honestly believe this, because we're already selling to scores of the brainiest tire buyers in town—smart people who look twice and think three times before they buy anything.
