ASK FOR GREAT PUBLIC BUILDING IN MECKLENBURG

Million Dollar Court House, Armory and Market House Wanted in Charlotte. Charlotte, Aug. 3.—A \$1,000,000 court house, an armory adequate for the use of Hornet's Nest riflemen, and Company B. Engineers of the national guard and a market house adequate for the needs of the city for years to come were asked of the city and county commissioners in joint session by a delegation of citizens representing various interests Monday. The delegation was headed by Col. T. L. Kirkpatrick, president of the local Chamber of Commerce. Col. Kirkpatrick explained that the legislature passed an act still in effect authorizing, and directing that the city and county authorities provide these things. Monday started with a rush at the Charlotte office of the State-Federal employment bureau, according to Floyd E. Walters, new superintendent. He plans to spend a greater part of his time, during the next few weeks, out of the office, forming new acquaintances and seeking the co-operation of business men of Charlotte.

Two thousand seven hundred and thirty-seven arrests were made by the rural police department of Mecklenburg county during the first year of its existence, according to the first annual report made to the board of county commissioners Monday. Offenders were sentenced to an aggregate of 867 months in the roads and in the State prison, and paid a total in fines and forfeiture of \$28,844.80 into the county treasury during the year. Ten delegations appeared before the Mecklenburg highway commission at its monthly session Monday asking either for new roads or improvements of roads existing. Nearly every section of the county was represented by a delegation seeking some phase of road building or road improvement.

GIBSON AND KANNAPOLIS PLAY THREE TIMES IN WEEK

Two Teams Fitted for Contest.—Gibson and Kannapolis played the triple meeting. Saturday's crushing defeat of the Gibson Mill team has disheartened the Concordians not at all. On the contrary, they are all the more determined to win back prestige lost by the fiasco over the week-end. They have, as the saying goes, blood in their eyes and every move will be toward recovering their standing in the percentage column.

The games between Concord and Kannapolis now are:

Won	Lost	Tied	
Kannapolis	2	1	1
Concord	1	2	1

In order to give either team a chance to pull away from the other, three games have been arranged for the week. On Thursday, Gibson meets Kannapolis in Concord for the regular weekly half-holiday contest. Friday sees the two teams locking horns in Kannapolis and Saturday marks a meeting again in the town of city.

Kannapolis, being a wealthy club, will have no trouble about players. Their regular infield and outfield will play and their galaxy of pitchers, Holsinger, Champion and Shoaf, will all be ready to take their places.

Gibson, on the other hand, must do some stirring round until Thursday. The local club has been in hard financial straits until very recently and since the acquisition of adequate funds, a reorganization has been found necessary. The infield will probably remain intact. In the outfield, those hitters are needed. Manager Basinger went to Charlotte Monday to ascertain whether or not Al Johnson will play. Hatley, the Carolina slugger, will in all probability be secured and an effort is now underway to obtain Baumgardner, Gastonia heavy hitter, to play in centerfield.

As to pitching, the locals should be well fixed if none of the hurriers go to pieces. Andy Ferguson, South Carolina pitching ace, has declared that he can beat Kannapolis if given a chance and he will appear here on Thursday. He played in Concord last Thursday for Fort Mill and looked mighty good. He held the locals to six hits and worked nicely out of each right place. Gates will try his luck on Friday and Simmons will appear on Saturday.

With the addition of the new outfielders and since Holsinger cannot pitch every day, Gibson is hopeful of taking at least two of the bouts. This will even matters, and if all three can be acquired, the locals will jump into the lead.

Anything may happen and it is more than likely that Gibson will resume its stride in the matter of hitting and make things lively for the up-Cabarrus boys. At any rate, there will be no more track meets such as the one held Saturday.

MERRIWETHER OFFERS PRIZES FOR GREATER MOVIE CONTEST

Essay on "What the Movies Mean to Me" to Get Season Pass.—President Coolidge Praises Movement.

As an incentive toward stirring up interest in "Greater Movie Season" which is to be on the week of August 10th, Manager Merriwether, of the Concord Theatre, is offering three prizes, the total value of which is \$82, for the best essays on the subject, "What the Movies Mean to Me."

The first prize is to be a season pass at the Concord Theatre for the period of a year. The second prize is for six months and the third prize is for three months.

The contest opened Monday and closes on August 15th. There are no qualifications placed on entering with the lone exception that the essay be not over 300 words.

Numbers of persons are expected to take part in the contest and avail themselves of the chance of acquiring free tickets to the Concord Theatre.

"Greater Movie Season" is receiving notice throughout the country. Over 5,000 theatres are joining in with the movement in over 1,000 cities. President Coolidge, in a letter from Swampscott, Mass., lauded the movement and declared that the progress of motion pictures were "an outstanding achievement of the opening years of this century."

The text of the President's letter was as follows:

"My attention has been called to the fact that you are taking the twenty-ninth anniversary of the moving picture industry as an occasion to inaugurate a 'Greater Movie Season' campaign. Such a movement to emphasize the desirability of worthy motion pictures will be of real public value. The progress that has been made both in education and entertainment in this tremendous enterprise is an outstanding achievement of the opening years of this century. I congratulate you and wish you a continuation of your success."

TUBERCULAR WORK IS ACTIVE IN COUNTY

Report of Mrs. Ford for First Six Months of Year Shows That Department Has Varied Work.

A total of 700 calls have been made on tubercular patients during the past six months, according to the statement issued today by Miss Margaret Ford, county tubercular nurse, in her report for the past six months.

Not only have there been these calls but there have been seven applications for the admission of patients in the North Carolina sanatorium, four of which were granted.

Examination has been given to children who were suspected as having tubercular bone condition and they were taken to Gastonia, where diagnosis was made at the Orthopaedic Hospital.

In order to complete the files of the local health office records have been borrowed from the sanatorium and copied so that now a history of every tubercular patient may be obtained from the office here.

Miss Ford's report is as follows:

Total number of calls made on tubercular cases in past six months—700.

Number of applications filed at the North Carolina Sanatorium, for tuberculosis for admission of Cabarrus county patients—7.

Four patients have been admitted to the Sanatorium and three are still there at the present time.

Four sleeping porches have been built for tubercular patients by the mills in Concord, Roberta and Kannapolis. One sleeping porch was built for a patient in the county by the patient's own family.

Three children have been driven to the Orthopaedic Hospital in Gastonia for diagnosis of T. B. bone condition by Dr. Miller. Cast applied by Dr. Miller on tubercular ankle of six-year-old child.

Six classes in practical nursing have been organized in Cabarrus county and Concord. Three classes have been completed with thirty-two members receiving certificates and three classes are still being field each week.

One club organized in Kannapolis of members who have completed the practical nursing course, meetings held each month.

Dr. S. E. Lee held the Spring tuberculosis clinic in the county for two weeks in May, one hundred and nine patients were examined.

The Tuberculosis Association furnished from one to two quarts of milk daily to families unable to purchase same.

Ambulant cases are weighed each Wednesday from 1 to 5 p. m. in the public health office.

Dr. Buchanan borrowed all records of previous clinics held in Cabarrus county from the Sanatorium. These records were copied in the health office and now have a complete record of every tubercular case which has ever been examined at a clinic in the county, and also every reported case of tuberculosis.

Number of positive cases on record—210.

Number of probable cases on record—98, and ex-Sanatorium cases—23.

MARGARET D. FORD, R. N., Tuberculosis Nurse.

DOUGHTON SAYS LICENSE BUREAU IS KEEPING UP

Dcnaes Reports of Congestion in Issuing Auto Plates.

Raleigh, Aug. 3.—Returning to the capital after a week in Allegheny court, Revenue Commissioner R. A. Doughton today came to the defense of his automobile license bureau with a statement denying reports of congestion in the work of issuing license plates and ownership certificates.

Complaints registered against the bureau, which had got into the newspapers, claimed the work was far behind and unsatisfactorily performed.

"Some complaints have been received, but in each instance they have been promptly investigated and every effort made to aid the applicant in receiving his license or title without delay or inconvenience," Mr. Doughton said, "and no penalty will be imposed by this department on any who have made an honest effort to comply with the law."

During June and July of this year the bureau has collected from license plates \$40,000,44.00. Mr. Doughton said. During June and July of last year collections amounted to \$3,613,153.75. Thus far this year 33,156 more licenses

NOTICE OF FILING OF BUDGET.

Notice is hereby given that under authority of the Municipal Finance Act of North Carolina, the Board of Aldermen of the City of Concord ordered the Budget for the fiscal year ending May 31st, 1926, to be prepared and filed in the office of the Clerk of the City for public inspection, and a public hearing will be given on said budget at the City Hall in Concord at a special meeting to be held on Friday, August 14th, 1925, at 8 P. M. before the adoption of the annual appropriation ordinance for the fiscal year ending May 31, 1926.

This the 4th day of August, 1925.

BREVARD E. HARRIS, City Clerk and Treasurer.

FISHER'S

Join the Y. M. C. A. Swimming Classes.

The Y. M. C. A. pool is one of the cleanest and most sanitary in the country. The rules and regulations covering its use are very strict and every single person is subject to these rules. As a result the pool is safe and sanitary. Each and every person is subject to inspection by the person in charge of the class before that person is allowed to enter the pool. There are leaders (older girls and ladies) who have charge of the girls' classes and always some one to report on those who do not take a thorough soap bath before entering the girls' and women's classes.

The men and boys are all subject to thorough inspection at each time they enter a swimming class. No person is allowed to enter the pool with any scratches no matter how small. Numerous rashes, and rashes of skin disease, etc., are all barred from the swimming pool. Each and every man and boy is looked over from tip to toe in order to detect any dirt or soap suds that may have been neglected. Boys are sent out from the class entirely for the day when they have failed to pass inspection after being sent back the third time.

There is always a man in charge of the pool and this person is on the alert to catch any spitting in the pool, throwing of any objects into the water, etc. Only the women and girls are allowed to wear bathing suits, and these must be non-fading or the person will not be allowed to enter. Many Y. girls have been refused entrance on this account.

On the average of twice a week lectures are made for from three to five minutes to each class regarding the sanitation of the pool. Persons using the pool have been educated to the point where they are more than anxious to do their part and demanding that the other persons do likewise.

Stage Players in "School For Wives."

The cast of Vitagraph's "School for Wives," at Concord theater, produced by Victor Hugo Halperin, has no lack of actors from the spoken drama. Orlando Daly, Gerald Oliver Smith, and Brian Dunlevy were all at the time of production, playing on Broadway. Mr. Daly was appearing in "The Fake," with Conway Tearle's brother, and as Conway Tearle plays the lead in this he though himself very well acquainted with the Tearle family.

Brian Dunlevy was playing in "What Price Glory?" the play that has enjoyed a remarkable Broadway run, and Gerald Oliver Smith received very favorable comments from the critics on his work in "Lady Be Good," the musical comedy hit.

The Lutheran Church Picnic at Concord.

The Lutherans of this section of the state are holding a great picnic at Concord Wednesday. A fine idea, we would pronounce it, and one that should, and no doubt will, prove helpful. The church loses greatly by not catering more to the social side of man. It loses in not doing more to bring its members together that they may know each other better, plan together, get an exchange of ideas and together undertake the work of the church. The church has long been accused of neglect of its people, leaving recreational matters and social affairs to other agencies and thereby losing an interest it does not know. And this is said not in any spirit of criticism, quite to the contrary. Everything that can be done to strengthen the hand of the church, to tie its members more closely and give them a wider outlook for service will help. There seems to be reason why the general picnic should be productive of good.
