The regular August meeting of the board of aldermen will be held at the city hall tomorrow at 8 o'clock. Several matters of more than general interest probably will be presented to the board at the meeting, it was reported today.

The Cannon mill at Kannapolis is "standing" this week for the annual summer vacation. The mill always stands a week during the summer to allow a vacation period for the employees and also to give the management opportunity to have machinery overhauled.

The rainfall which began early Tuesday morning continued intermittently throughout the day, bringing relief from the drought of the past several months. The heaviest rain of several months fell here early this morning and showers continued during the morning hours.

The new electric sign at the square is working fine now. The sign was installed Tuesday afternoon and so far has given satisfaction. The sign works automatically, thus relieving the traffic officer who heretofore had to work the old sign. The sign is so made that other signs for other street intersections can be connected with it later.

One of the large trees on the grounds of Central School is being removed. The tree has been partially dead for several years and had become a menace to the children and an eye-sore to the campus. It required several days for one man to cut the tree to point where he could pull it over. The campus is otherwise being put in shape for the opening of the school on September 7th.

No new developments are reported in the movement to bring the offices of the State employment bureau to Concord. The offices will remain in Charlotte until September 1st, but Concord citizens plan to keep in touch with the situation so if a change is made at that time they can renew their invitation to Commissioner D. Frank Grist, who will determine the location for the offices.

HOLSHOUSER PITCHES KANNAPOLIS TO WIN

Star Hurler Allows Charlotte Team Only Three Hits and Strikes Out a Total of Ten.

Holshouser had everything his way in the game Tuesday afternoon between the Kannapolis club and the Charlotte Tabernacle and beat the visitors almost unhindered by a score of 4-1.

The game was one of the best in Holshouser's pitching career. He was master of the knuckle ball, and his curves jumping wickedly and put so much smoke on his deliveries that the Charlotte boys simply could not see them. He allowed only three hits and with the exception of the fourth and seventh innings, not a man reached first. Ten of the heavy hitting Tabernacle team were retired by the strike out route.

Moody, pitching for Charlotte, was hit hard, Kannapolis batters making a total of fourteen safe blows. Every man on the Kannapolis team made at least one hit.

Jones, Charlotte centerfielder, made his fourth home run of the series when he sent the ball over the fence in the fourth inning. Causey, Charlotte second baseman, and Johnson, Kannapolis shortstop, excelled in fielding.

Score by innings: R H E Charlotte . . . 000 100 000-1 3 1 Kannapolis . . . 112 000 000-4 14 1 Score by innings: R H E Batteries: Moody and Hudson, Holshouser and McLean.

DROUGHT IN COUNTY IS BROKEN BY FINE RAIN

Everything Takes on New Life as Result of Rainfall During the Past 36 Hours.

The drought in Cabarrus county has been successfully broken by the rain of the past 36 hours. Everything has taken on new life as a result of the showers and every one is more optimistic about crops.

The rainfall began early Tuesday morning and continued throughout the day with the heaviest downpour coming early this morning about dawn. The rain fell in torrents then while during most of Tuesday there was just a pleasant, steady fall.

Reports reaching Concord indicate that the rain has been general throughout the county, and that those crops which are not already beyond the reach of help, are responding in fine fashion to the refreshing rain. The rain is not too late to aid the cotton crop, it is said, but early corn has advanced to that stage where the rain will not help. Late corn will thrive on the rain, however.

Streams which had been running low for several weeks are full again, some of them having been driven from their channels by the heavy downpour this morning.

THINK DRUG CAUSED DEATH IN SALISBURY

G. C. Cranford Found Dead in Gate City Hotel—Overdose of Sleeping Potion is Theory. Salisbury, Aug. 4.—G. C. (Red) Cranford, about 32 years old, died early this morning at the Gate City hotel, this city, death being caused, it is thought by an overdose of a sleep producing compound. When heavy breathing caused some one to investigate, Mr. Cranford was found to be in a desperate condition and died before a physician could be secured. Several years ago Cranford was a street car motorman here but had recently worked in mills at Mount Holly and Rockwell. His mother, Mrs. J. E. Cranford, lives at Rockwell.
