LIBRARY ASSOCIATION PLANS FOR NEW HOME

Has Had Lot-up in Purchasing For
Past Year As Shown in Report of
the Librarian.

Inquiries into the reason for the
small growth of the library during the
past fiscal year which ended May 31,
has revealed the fact that officials of
the association are planning to con-
struct a new building some time in
the near future if plans now under-
way mature.

Although nothing definite has been
accomplished, one lot has already
been under consideration with a view
to building up another structure that
would be necessary for remodeling.

This has accounted for the let-up in
purchasing new books for the library.
However, while there was a slump in
purchasing, there was no slump in
reading for, an examination of the
figures made public by Mrs. Rich-
mond Reed, librarian, show that dur-
ing the past year, each book on the
shelves has had a circulation of 7.2
which is a far better average than
the average library.

For eight months of the twelve dur-
ing the past year, no books at all were
purchased. Up to the drive in April,
when a little over \$600 was subscribed,
no money other than that income
which was received from the city was
obtained.

That there has been a retarding in
the growth of the library can be seen
in the fact that in that year the insti-
tution had a net growth of only 110
volumes while the lease previous
growth was 291 which occurred in
the year prior. The largest net
growth recorded is that in 1921 which
shows an increase of 600 volumes.

The total number of volumes in the
library has increased from 2,271 in
February 1921 to 5,250 at the first of
June, 1925. During the same time,
the number of periodicals have had
an increase of from 28 to 50.

Summaries of the reports from
year to year during the time since
Mrs. Richmond Reed took over the
library are as follows:

In the year ending February 4th,
1921, 564 new books were purchased,
144 were presented and 99 were with-
drawn. There were 3467 volumes in
the library at this time. Newspapers
and periodicals which were subscrib-
ed to numbered 28. It was the boast
of the library during this year that
each book had an average circulation
of 6.8 times.

The next fiscal year was shifted
from June 1st to June 1st. In this
period, the total number of books in-
creased from 3830 to 4378. New
purchases were made of 592 volumes
and 368 were added by gift. One new
newspaper was added to the list in
that year making the total 29.

From June, 1922, to June, 1923,
volumes were increased from 4378 to
4849, 540 being added by purchase and
437 by gift. A total of 406 were
withdrawn at this time. Newspaper
and periodical subscriptions increased
from 29 to 42 at this time, however.

In the next year, the total volumes
increased to 5140, 552 being added by
purchase and 292 by gift. The num-
ber of worn out books increased, 553
having to be taken from the shelves.

Up to last June, the total volumes
in the library were 5250, having in-
creased only a small amount during
the year. During this time, 418 new
books were bought, 223 were received
by gift but 525 were withdrawn.

JAMES SHAW, 7, INJURED WHEN STRUCK BY AUTO

Receives Broken Leg When Knocked
Down by Car Driven by Mrs. M.
L. Marsh—Accident on North
Union.

James Shaw, seven-year-old son of
Mr. and Mrs. C. A. Shaw, of Bell
Avenue, was injured this morning
when he was struck by the Studebaker
automobile driven by Mrs. M. L.
Marsh.

The boy, who was rushed to the of-
fice of Dr. W. H. Wadsworth in the
Cannon building, suffered a broken
leg and a number of deep lacerations
about the face and arms. He was re-
moved to the Concord Hospital for
further examination and X-ray work
after an examination by Dr. Wad-
sworth.

Mrs. Marsh was in a state almost
bordering on a nervous collapse fol-
lowing the accident and was removed
to Dr. J. A. Patterson's office, also in
the Cannon building, where she re-
ceived medical attention and was later
taken to her home on South Union
street. She was completely unner-
ved as a result of the accident.

The accident occurred on North Un-
ion street directly across from the
Fowkes Pressing Club. It is said
by spectators that the boy was on
the side of the street at the Pressing
Club and ran out from between the
parked automobiles toward the pile
of rock on the other side of the street,
this being used in construction work
on the hotel and bank building.

When he dashed out, Mrs. Marsh
was driving in the direction of the
square. As soon as she saw the
boys, declare bystanders, she pulled
over toward the rock pile and had
already run on its edge when her right
fender struck him, throwing him clear
of the car. It was said that his
head hit the light, breaking the glass
and cutting him in a number of places.

L. W. Fuller, in charge of the work
at the hotel, was the first to re-
ach the scene of the accident. He
picked the boy up and hurried him
to the office of Dr. Wadsworth, where
it was discovered that his left leg
was broken.

Persons who viewed the accident
were of the opinion that had not Mrs.
Marsh showed rare presence of mind,
the boy would have undoubtedly been
killed. It was said that the acci-
dent was entirely unavoidable.

IDEAL LUNCH ROOM MOVES TO UNION STREET LOCATION

Cafe Secure New Quarters in the
Allison Building—Name of Restau-
rant Changed to F. and W. Cafe.

The Ideal Lunch Room, located on
Barbrick street since it was begun, is
moving to a new location on South
Union street in the room formerly
occupied by the express company in
the Allison building. The manage-
ment plans to have all the work of
moving completed today and expects
to be opened for guests by Thursday
morning.

Since being moved to its new loca-
tion, the name of the eating place will
be changed from the Ideal Lunch
Room to the F. and W. Cafe. This
name is given to it from the initials
of the managers of the place, F. W.
Lippard and Wade E. Biggers.

The new place will be one of the
nicer of the restaurants of the city, it
is said. It will have a seating ca-
pacity of 36 persons and will be
modern in every way.

In the last rating of the cafes in
the city, this restaurant was given
a grade of 90 which tied with another
local cafe for first place in regard to
cleanliness.

ARE PARENTS TO BLAME FOR DAUGHTERS WHO PAY

The Time For Action on This Vital
Question Has Come.

By the Press Agent.

This is one of the burning ques-
tions of the day that strikes close at
the very heart of the social structure
of American life today. It affects
vitality every home in this country,
whether it be a lowly cottage or a
city mansion. The newspapers daily
contain stories from real life of some
poor girl who wanders off on the
princely path of folly, only to find
too late that it does not pay. Mean-
while she has paid dearly. Then so-
ciety sits back in its smug com-
placency and condemns the unfor-
tunate, be she lowly shop girl or
pampered daughter of millions.

But who is really to blame? The
man in the case? The lure of jazz,
high lights, petting parties, cabarets,
clothes, the excitement complex, ig-
norance and innocence? Or is so-
ciety itself responsible.

What do you think? We strong-
ly recommend all parents viewing the
screen presentation of "Daughters
Who Pay" at the Concord Theatre
today, for it presents this vital prob-
lem in a forceful manner that will
make every thinking person realize
the necessity for the proper safeguar-
ding of the daughters of the land. It
contains a powerful sermon that any
pulpit can preach to its congregation.

The Travers Stake, one of the
important fixtures of the Saratoga
race meeting, is a classic of the
American turf and it has been won
by some of the greatest horses in
the period between its inaugural
running in 1864 and the present day.
It was named in honor of William
R. Travers, noted wit, financier and
lover of the turf, who owned Ken-
tucky, the winner of the first Travers
Stake.

A GROUCH NOT WANTED.

There is nothing so harmful to suc-
cess as being a grouch. Stomach, liver
and intestinal trouble make one
grouchy. May's Wonderful Remedy
will help overcome these and usually
gives complete relief.

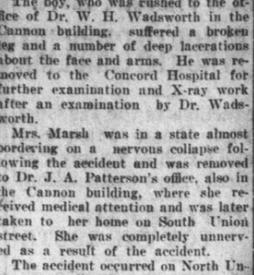

Our advice to everyone troubled in
this way, especially when accompan-
ied with bloating in the stomach, is
to try this remedy. It is a simple,
harmless preparation that removes the
catarrhal mucus from the intestinal
tract and allays the inflammation
which caused practically all stomach,
liver and intestinal ailments, includ-
ing appendicitis. At the Gibson
Drug Store and druggists every where.

IT WORKED WONDERS FOR HIM

He Had Bad Case of Stomach
Trouble; Also Suffered Terribly With
Kidneys—Says HERB JUICE
Gave Relief.

To heed the question, "A Wise Man
learns by other's experience," would
be to follow the example of Mr. J. F.
Bost, well-known and highly respected
cotton mill man connected with the
Locke Cotton Mills, and resides at 34
Buffalo St., Concord, N. C., and make
HERB JUICE the medicine in every
home.

In telling of his restoration to health
through the use of HERB JUICE Mr.
Bost had the following to say:

MR. J. F. BOST

"I was in a very serious condition.
There was absolutely nothing I could
eat and properly digest. Everything
seemed to lie on my stomach and fer-
ment, forming gas which at times
threatened to almost suffocate me. I
dreaded the thought of food for I
knew the consequences of eating—ter-
rible gas pains and bloating. As a
result of not eating enough I became
very weak and lost in weight. My
nerves were all to pieces and I could
not get more than three or four hours
sleep at night. No laxative would
relieve my bowels and my condition
seemed hopeless at times. In addi-
tion to a chronic case of indigestion,
my trouble, and would have to be up
I was bothered a great deal with kid-
ney or six times during the night.
Lack of rest and sleep had about got
the best of me. I had read so much
in the papers about HERB JUICE
and what it was doing for other peo-
ple, I decided to try a bottle. To
my surprise, after a long story short, it worked
wonders for me. In a short time I
was really benefited beyond all ex-
pectations. These first bottle did me
lots of good and since I have contin-
ued taking it for several weeks I feel
like a well man today. I have never
found the equal of this medicine for
stomach trouble and kidney disorders.
I can now eat anything I want with-
out suffering with gas pains, kidneys
and bowels are regular as clock work
I am gaining in weight and strength
every day and am certainly feeling the
effects of this great nature remedy.
HERB JUICE will always be in my
home and others too if my hearty
recommendation and endorsement has
any weight."

HERB JUICE is guaranteed to give
satisfaction or money refunded by Gib-
son Drug Store.

YARDY BROWN DIES IN HOSPITAL IN DURHAM

Boy Will Be Brought to Concord
This Afternoon—Funeral Arrange-
ments Not Yet Made.

Yardy L. Brown, member of one
of Concord's most prominent fami-
lies, died at 2 o'clock this morning
in the Watts Hospital in Durham
where he had been undergoing treat-
ment. Announcement of his death
came as a surprise to Concord friends
who did not know that he was criti-
cally ill.

The body will reach Concord this
afternoon on train No. 45 and fun-
eral arrangements will be made later.

Mr. Brown had been working in
Durham for a construction company
for several months and became sud-
denly ill Monday. He was carried
to the hospital but failed to respond

to treatment. His sister, Mrs. E.
C. Barnhardt, Jr., and brother, S.
L. Brown, were with him when the
end came.

The deceased was about 40 years
of age, and was a son of the late
Mr. and Mrs. M. L. Brown. He
was born and reared in Concord, hav-
ing spent most of his life here. Sur-
viving are the following brothers and
sisters: E. H. Brown, of Dillon, S.
C.; Mrs. J. W. Cannon, Jr., of Con-
cord; Mrs. M. L. Cannon, of Char-
lotte; Mrs. Barnhardt, of Concord;
Mrs. Amos Davis, of Winstboro, S.
C.; Mrs. Burks Withers, of Norfolk,
and S. L. Brown, of this city.

The books of the National Asso-
ciation of Credit Men show that
Americans are using the installment
plan for purchases totaling more
than \$3,000,000,000 a year.

Heavy Selling By Eastern Houses Sends Wheat Lower.

Chicago, Aug. 11.—The wheat
market showed sharp price reduc-
tions today. Eastern houses poured
a large volume of wheat into the pit
and this was augmented by pressure
from scared longs. While the close
was well above the low for the day
the market showed a loss for wheat
of from 3 7-8 to 5 7-8 cents as com-
pared with the previous close.

Corn, oats and rye also fell off in
the late trading. Corn closed 5-8
cent lower to 7-8 cent higher, oats
ended 1 1/2 to 1 3/8 lower and rye
ranged up 3 3/4 to 4 1/8 cent lower.

September wheat ended at \$1.00-
1-4; September corn at \$1.00, Sep-
tember oats at 40 3/4 cents and
September rye at 7.07 1/2.
