Even a prize was given to her with the least numbers and she went to Fred Litaker. The class also enjoyed a number of other interesting contests and games and throughout the whole evening various musical selections were rendered.

YOUTH MUST VISIT PATRIOT SHRINE WEEKLY AND MEMORIZE POEM.  
Newburgh, N. Y., Aug. 14.—Recorded Jacob A. Decker today imposed an unusual sentence on Morris Marks, aged 19, after finding the latter guilty of "desecrating the American flag."

Morris, who was seen using a flag to clean his automobile, was ordered to visit Washington's headquarters once every week until Thanksgiving and learn the history of the flag and country and a poem on the flag.

Judge Decker, who has a reputation for eloquence, suggested "The American Flag," by Joseph Rodman Drake.

Money left by the father was sufficient to care for the two only a short time. Since then Wellington folks have been looking after them. That they were related to Mr. Duke was confirmed to Judge Templeton recently when neighbors appealed to the county for aid in buying the children clothes and food.

**Penniless Little Girl Orphans in Texas Get \$1,000 and North Carolina Home.**

Fort Worth, Texas, Aug. 14.—Two little splotch Texas orphans, homeless and penniless, and living on the charity of ranchmen have more real money today than they ever dreamed existed, and are going to find a home back in North Carolina, all because they are distant relatives of B. N. Duke, New York millionaire.

The plight of the children was brought to Mr. Duke's attention by County Judge Templeton, of Wellington. Last Saturday \$1,000 arrived from Mr. Duke with a suggestion that the children be sent to the North Carolina home founded by Mr. Duke.

Essie Lee Barton and Jessie Mae Barton, six and four, lost both parents in 1923.

Money left by the father was sufficient to care for the two only a short time. Since then Wellington folks have been looking after them. That they were related to Mr. Duke was confirmed to Judge Templeton recently when neighbors appealed to the county for aid in buying the children clothes and food.

## FOUNDATIONS LAID FOR MISSION WORK IN AFRICA

General Conference of Colored Lutherans Have Inspirational Sessions Here Friday

At Friday's session of the General Conference of the Lutheran Colored Mission in convention at Grace Church, the Rev. M. Holsten, pastor, the foundation was laid for mission work among the Negroes in Africa. Funds are to be raised at once, and the necessary preparations for this extension of work will be immediately undertaken.

A remarkable growth was reported by the representatives of the Mission Board and by the superintendents of the various fields who addressed a capacity audience at the mission service held Friday night. The increase in membership during the past year averaged fourteen per cent, and in contributions thirteen per cent. Splendid progress and increased activity was also reported by women delegates meeting in a general assembly of the Dorcas Society, composed of the Ladies Aid Societies of the various congregations. Mrs. Mary Kay, of Charlotte, presided.

The doctrinal position of the Lutheran Church in regard to man's original and natural state was clearly set forth by Dr. H. Nan, president of Immanuel Lutheran College, Greensboro, in a paper on "The Image of God." Entering into a deep discussion of what the "image of God" after which man was created consisted, the speaker pointed out that it was not physical, but altogether spiritual—a blissful knowledge of God, an inherent righteousness and holiness. The fallacy to think of the "image of God" in man as having been personal and physical has not only led to the erroneous conception of God as an "enlarged man," but also given men a false opinion regarding their own personality and state, which, as a result of the Fall, is entirely and inately depraved, so that all which man does is tainted by this corruption; conversion to Christ, regeneration, alone gives man true righteousness and holiness of life.

The alumni of Immanuel Lutheran College at Greensboro, will meet tonight; the Rev. W. O. Hill, of Yonkers, N. Y., is president of the association, which is actively engaged in furthering the cause of its Alma Mater; the meeting will be open to all who wish to attend. Prominent leaders will speak.

The entire populace of Concord, both white and colored, is invited to the joint service to be held Sunday afternoon at the court house, at three o'clock. The director of missions, the Rev. C. F. Drewes, of St. Louis, Mo., and the Rev. W. H. Lash, of Greensboro, will speak. Anthems will be sung by the combined choirs of neighboring cities.

The Rev. M. N. Carter, of Chicago, Ill., will speak in the morning service at 10:30. The convention will be brought to a close with an address by Prof. H. Naefler, of Greensboro, at the night service at 8 o'clock. The public is cordially invited.

**Meeting Held Friday Night in Which Association is Organized.—To Have Supper at Country Club.**

At the organization meeting of the Cabarrus County Association of Davidson College Alumni, held Friday night at the First Presbyterian Church, W. W. Morris was elected as first president of the local club.

Other officers named at the same time were W. W. Flowe, vice-president and Harry Lee Johnson, secretary and treasurer.

The meeting was called by Dr. J. C. Rowan, pastor of the First Presbyterian church here and president of the general association of Davidson Alumnæ.

It was decided that the officers should have five other men in the association whose names should be presented to the members at the next meeting and the five elected at this time, together with the three officers, should constitute a Board of Directors.

Definite action was also taken in regard to having a supper at the Cabarrus Country Club on the 28th of August. This date was set in order to have a gathering at a time prior to the departure of the students for college.

Charter members who attended the meeting Friday night were Dr. J. C. Rowan, W. W. Flowe, J. A. Cannon, Dr. E. M. King, Gettys Guille, Harry Lee Johnson, Peter Bost, and Brown Morgan.

## CABARRUS BEAT BLEACHERS AND GO ON THE TOP

Mauldin Loses Hard Battle After Holding Gates at Bay For Three Innings.—Final Game Next Tuesday.

(BY JAZZY MOORE)  
Kannapolis, Aug. 15.—Cabarrus and Bleachers fought five innings of the best league ball ever seen here Friday. Cabarrus was fighting with their backs to the wall to break a deadlock that has existed between the two teams for some time, and with the heady "Bub" Sullivan on the hill, the Cabs finally defeated the Bleachers 4 to 1.

**Gives But Two Hits.**

Like the immortal Robert E. Lee, Paul Mauldin emerged from the conflict a loser in the abbreviated engagement, but the little fellow covered himself with undying glory in the first bitter struggle with the Cabs. No better baseball has ever been pitched on a Kannapolis diamond. Master of his knuckle ball, king of his curve, and unanny in his perfect control, of everything he had, the Bleachers star hurled such baseball that for three consecutive innings the Cabs were held hitless and without a run. It was three up and three down, with the fielders having easy chances most of the time. Mauldin deserved that ball game if a pitcher ever did deserve one. The great trouble was that his teammates could not make a run for him. Only two fluke hits were given the Cabs.

**Score in Innings.**

Bleachery made their run in the second inning when Lippe doubled to center. Centerfielder Gilliam was all set to make it a clean play, but it was a trifle too far to the left for him to handle. The pill evaded his grasp and before a play could be attempted Lippe had strutted down the home stretch. Another Bleacher secured a hit before the inning elapsed.

A rank error by Williams helped the Cabs to score two runs in the fourth stanza. Helms' and Johnson's singles accounted for the rest of the tallies.

Possibly the best fielding play went to Johnson in rightfield for the winners. Hutton, for Bleachery, showed that he was adept at snatching them out of the dirt, which ability proved valuable in the game.

**Final Game.**

The final game of the second half and of the entire season will be played Tuesday at the Cabarrus park between these two clubs. "Hard Charlie" Brown, from Concord, will twirl 'em over for the Cabs, while Weathers, city team pitcher, will get the Bleachery assignment.

**DR. MIMS IS OFFERED DEPARTMENT AT DUKE**

**It Is Learned That He Is Considering Seriously the Post.**

Greensboro News.

It is pretty generally norated around the state that the authorities of Duke university are not devoting all their time to plans and specifications dealing with buildings. A preeminent faculty, one that will stack up with the best, is on the program. This was learned here yesterday on good authority.

It has been said that Dr. E. C. Brooks, an alumnus of old Trinity college, and now president of State college, Raleigh, is headed back to his alma mater. Now the report is out that Dr. Edwin Mims, of Vanderbilt university, is being sought to be come head of the English department. Old Trinity men in Greensboro believe that Dr. Mims has been offered the post, and is now considering it very seriously.

Then, too, comes the rumor that Dr. W. P. Flowe will become chancellor of the university, leaving the presidency of Trinity college to Dr. Brooks. Trinity men here, who are parently are on the inside, predict that owing to Dr. Flowe's poor health, he will relinquish his hold on the institution, and that while he will be known as the chancellor of Duke university, the real active head of the big institution will be Dr. Eugene C. Brooks.

What seems to be of more interest at present to old Trinity men is the possibility of the return of Dr. Mims to the state, and especially to their alma mater.

Dr. Mims is one of the greatest teachers North Carolina has ever boasted. From 1894 until 1909 he was professor of English at Trinity college. From Trinity he was called to the University of North Carolina where he became head of the English department until 1912. Vanderbilt then summoned him. In the three institutions, Dr. Mims served with distinction. In addition to his professional duties, he has given a great deal of time to writing and lecturing.

Dr. Edmund Davidson Sopor, of Northwestern university, has been secured to head the department of religious training. He will begin his duties at the fall opening of the university.

It is generally understood that while no radical changes in the faculty are imminent, yet it is known that the authorities are on the alert with an eye to making the Duke faculty the finest of the fine.

Philadelphia Record.

John Brown, colored, has heard of thieves who would steal the shirt off your back, but early yesterday he encountered one far bolder than the mythical shirt robbers. Brown is employed as a watchman at a building operation at Forty-third and Spruce streets.

Brown, according to the police, fell asleep while sitting on a box and awoke suddenly to discover his shoes had been removed from his feet. The next moment he saw a one-armed man hurrying down the street carrying his footgear.

Brown gave chase and quickly overtook the suspect, who gave him chase as John Hall, Drexell Hill. Brown locked Hall in the construction shanty, nailing the doors and windows securely until the police arrived.

Cottage or Mansion?

Truthfully can it be said that today's cottage is more convenient and livable than yesterday's mansion. Think of the transition in terms of some of the ordinary conveniences of today—gas cooked meals, gas-heated water running at the faucets, gas house-heating furnaces, etc.

Within the lifetime of most of us we have seen the passing of domestic drudgery. The fuel problems of half the population of America are being solved in whole or in part by gas service. Fifty years ago the tyranny of coal was complete—for gas was just then beginning to be used for cooking.

Who would buy a mansion without today's gas conveniences? The fact is that many a cottage is considered a mansion by its owner simply because it is so completely equipped with modern labor-saving services.
