BIBLE THOUGHT FOR TODAY: Self-Praise—Let another man praise thee, and not thine own mouth; a stranger, and not thine own lips.—Proverbs 27:2.

WHAT WAR DEBTS AMOUNT TO: Six debtor nations which have already made agreements with the United States for the payment of their debts, will turn over to this country within the next 62 years more than 12 billion dollars.

Belgium—Principal \$417,750,000; interest \$310,050,500. Great Britain—Principal \$4,600,000,000; interest \$6,565,965,000. Finland—Principal \$9,000,000; interest \$12,896,055.

France and Italy, owing respectively, \$4,210,556,948 and \$2,138,543,852, are the chief debtors. It is noted that only in the case of Belgium does the interest amount to less than the principal.

RUM LAW VIOLATORS EXCEED OTHERS 10 TO 1: During the year which ended June 30, 1,011 persons pleaded guilty or were otherwise convicted in the Federal courts in New Jersey for violations of the Volstead Law.

those in which defendants are charged with violating the prohibition laws. The task is made the greater because the public does not try to have the law enforced. The average man would report a thief to police officers but he will not report the bootlegger and this applies to the man who never takes a drink as well as to the one who wants a little "toddy" now and then.

CANNOT DEFEAT "AL": It is not likely that Mayor Hylan will be re-elected in New York City. Unfortunately for himself he has entered the race as an out and out foe to Governor Smith and we do not believe any man can come out against "Al" and win.

SHOULD AN EVANGELIST PAY INCOME TAX?: Should an evangelist pay income tax? The tax-gatherers are right in behind Evangelist Mordecai F. Ham, who within the past year is said to have received a salary here in North Carolina, equalled by few business men.

MILWAUKEE WILL HAVE ITS FIRST TASTE OF GRAND CIRCUIT: Milwaukee will have its first taste of Grand Circuit racing the week of August 31, when a meeting of the big line will be held in conjunction with the Wisconsin State Fair.

RECORDS COVERING APPROPRIATIONS FOR MAINTENANCE GRANTED BY THE LAST TWO LEGISLATURES TO SANATORIUM SHOW THAT IN 1923-24 AND 1924-25, THE INSTITUTION WAS GRANTED \$135,000 ANNUALLY FOR CARING FOR ITS WORK.

THE 1925 LEGISLATURE, MAKING PROVISION FOR THE BIENNIAL OF 1925-27 ALLOWED SANATORIUM \$145,000 FOR EACH YEAR BUT ELIMINATED THE APPROPRIATION FOR THE PRISONERS.

THE AUTHORITIES AT SANATORIUM HOPE TO BE ABLE TO CARE FOR THE PRISONERS WITHOUT HAVING TO REDUCE THE NUMBER OF PATIENTS FROM THE CITIZENS. It is stated. At the present time the appropriation is sufficient to care for those in the institution and the fact that some patients pay \$1.00 a day, some \$1.50 a day and some \$2.50 a day makes it impossible for the institution to calculate exactly what its additional revenue will be.

THE HOPE OF A SUCCESSFUL CAMPAIGN AGAINST THE DESTROYER OF THE HUMAN RACE DEPENDS LARGELY UPON PREVENTION AND EARLY DIAGNOSIS.

EDITOR NEW YORK MIRROR: In joining the controversy against the "pious women's indecency" versus men mind their own business—I would like to remark that if it is not the business of men to take notice, then for whose benefit is this "haunting of female charms"?

THE MERCHANTS AND CITIZENS HANDICAP FOR THREE-YEAR-OLDS AND OVER, WHICH IS ONE OF THE PROMINENT FEATURES OF THE SUMMER RACE MEETING AT SARATOGA, WAS INAUGURATED IN 1901.

FIRE ON GRANDFATHER MOUNTAIN CONTROLLED: (Continued From Page One) smoke writhing and twisting into the heavens, armies of wild animals came spilling down into the lowlands below. Bears and rabbits raced side by side, and all were screaming their death cry. Birds of all descriptions were making an effort to escape the on-rushing flames.

THE GREATER PORTION OF THE DEVASTATED AREA IS OWNED BY THE UNITED STATES GOVERNMENT. Tonight, Grandfather Mountain, the mammoth sentinel of the Blue Ridge, is a smouldering giant, shorn of its beauty.

ASHEVILLE PLACES LOSS AT LESS THAN A MILLION. Asheville, Aug. 21.—More than 100 fire fighters, engaged since early last night in their battle with a forest fire which for a time threatened to envelop all of Grandfather Mountain and lay waste thousands of acres of its valuable virgin timber, had successfully checked the flames tonight after about 800 acres of cut-over land had been burned over, according to a telephone message to the Asheville Citizen from W. L. Alexander, proprietor of the Mayview Manor, a resort hotel at Blowing Rock.

THE FIRE IS NOW UNDER CONTROL, Mr. Alexander said, and while the fighters will remain on the mountainside tonight it is expected that they will not be called upon for further fighting. The estimate of damages to the lands was tonight lower than last night when it was said that property worth a million dollars would probably be destroyed.

MR. POWELL ALSO TAKES A LITTLE FLING AT CYCLONE MACK WHEN HE SAYS: "The law might go back and get the famous Cyclone Mack but for the fact that Mack has long since declared himself a bankrupt. High priced South Carolina land got Mack's profits. They say that endowment insurance gets the profits of Ham."

THE WAITING LIST AT SANATORIUM, STATES DR. McCAIN, IS COMPOSED ENTIRELY OF WHITE PERSONS AND THE WHITE QUARTERS OF THE INSTITUTION ARE FILLED. Since there are only 25 patients in the division of the institution for negroes, which can accommodate 72 patients no negro applicants are on the waiting list.

THE \$20,000 ALLOWED THE INSTITUTION EACH YEAR FOR ITS EXTENSION WORK ALLOWS SANATORIUM TO DO A GREAT DEAL OF WORK OUTSIDE OF THE HOSPITAL WHICH WOULD NOT BE POSSIBLE OTHERWISE. Two full-time doctors are employed who conduct clinics in various parts of the State and who aid general practitioners in diagnosing their cases.

IN ELEVEN YEARS OF THE USE OF THE STATE DR. McCAIN'S METHOD OF EARLY DIAGNOSIS, 2,617 PATIENTS HAVE BEEN DISCHARGED FROM THE INSTITUTION. Statistics show that 93 per cent. of the incipient cases are living and 83 per cent. of these are working. Of the moderately advanced cases, 60 per cent. are living and 43 per cent. are working. Of the far advanced cases, when discharged, 28 per cent. are living and 12 per cent. are working.

Bob Wilson, now an engineer, arrived at Jim Fowler's house the night Mrs. Fowler died in giving birth to the Bob. The small boy was devoted to both men, "Daddy Jim" and "Daddy Bob".

CHAPTER VI

Like Kipling's tumult and shouting that dies and captains and kings who depart, the rash and the rage of Crater City's epidemic began to pass away presently; but the business of Larvey's Depot luncheon never subsided to its oldtime humdrum normalcy again, and the only competitor, a Greek in the Peeney building, was forced to turn his restaurant into a bootback parlor.

TO BOB WILSON THE COMING OF CAROLINE DALE HAD SWIFTLY TAKEN ON A DEEP PERSONAL SIGNIFICANCE, supplying the one deft touch of rounding softness necessary to make his social rejuvenation complete in soul and body, mind and heart.

"What do you say if we have a picnic tomorrow?"

HE WAS IN LOVE—with a consuming, tender, undenied depth. But with this reticement of a sort he had thought would never again flame in his soul came also troubled qualms, for Bob was fundamentally ethical and honest.

HE PASSIONATELY DECIDED THAT IF HE HAD, AND TRIED TO BANISH THE FADED LEAVES THAT WERE RESTIRING IN A COLD MEMORY. The past was dead these five years and over; he was Bob Wilson now and forevermore. It often struck him that under his real name he was a stranger to even himself; he could not respond to the old name. Socially, he was but five years old.

GREENSBORO MAN CONFES WITH FORD: Both of them known to be interested in adding Argentinians. Greensboro, Aug. 21.—Wm. G. Holman, head of a fertilizer concern here, is just back from a conference with Henry Ford, held at Detroit last Tuesday.

MR. FORD IS NOW RECOVERING ON A LARGE SCALE sulphate of ammonia as a by-product from coal and distributing it through his dealers to the farmer. Plans were not divulged, but it is known that Mr. Ford adopts them, they may result in the creation of a great industry designed to be of lasting benefit to the farmers of the whole country.

How Do You Heat Your 15 Gallons?

The average American family uses 15 gallons of hot water daily for all purposes. This has just been computed by a research laboratory. If you had to heat much water all at once, of course, you couldn't begin to life the bucket to the stove.
