 Gastonia, Aug. 27.—Nothing official has been done here by chamber of commerce, city council or county commissioners toward bringing the state federal employment bureau here from Charlotte, according to local men. Frank Grist was quoted recently as saying that he would like to see Gastonia have the bureau if conditions were such that it could be placed here.

 All medical science has lately had to confess a very grave mistake. For generations it has been supposed that cathartics stimulated torpid livers. Now all physicians know that they don't.  
 But a new science has developed. It relates to gland secretions. That research has revealed the fact that ox-gall—a gland secretion—does make the liver active.  
 There is no doubt. Ox-gall has stood all the clinical tests. Physicians the world over prescribe it. And countless people everywhere rejoice at its effects.  
 Torpid liver causes millions of ill conditions. Among them are these:  
 Indigestion      Kidney and  
 Constipation    Heart Troubles  
 Impure Blood    Bad Complexions  
 High Blood Pressure    Lack of Youth  
 Torpid liver means scanty bile. And that lets poisons form in the intestines. Those poisons affect the health and vitality of perhaps half the people you meet.  
 Now ox-gall comes in tablet form, called Dioxol. Each tablet contains 10 drops of purified ox-gall. All druggists supply them.  
 Learn what Dioxol does. Find out what it means to really stimulate your liver. It may change your whole life and career. You are welcome to do this at our expense. Mail us the coupon now.

**Business Man a Bandit**  
 Fred C. Nickol, prominent Dayton O. business man, has confessed that, disguised in a blue mask and robe, he robbed a bank there of \$21,000 to recoup his business losses. His arrest resulted from the statement to the police of Miss Helen Sammet, his niece, who worked in the bank. She said that the robber's mask hid a gray moustache.

**MUCH JAYWALKING DONE IN CHARLOTTE**  
 Record Kept at Independence Square Shows Breaking of Rules. Charlotte, Aug. 27.—The "clocking" Tuesday by representatives of the jaywalkers at Independence square Carolina Motor Club over a period of nine hours revealed that 20,143 persons crossed the street against traffic lights or failed to walk within the lines chalked off for pedestrians. The number was greatly in excess of the number of persons who walked out of line across Greensboro's busiest spot—Jefferson square—when Carolina Motor Club representatives recently counted more than 13,000 crossing that spot outside lines marked off for pedestrians or going across the street against light signals. The peak of traffic, as far as pedestrians were concerned, appeared at Independence square Tuesday between 12 and 1 o'clock, the checkers said. During this hour, 3,390 persons "jaywalked" across some area of Charlotte's busiest spot, in addition to several thousands who correctly observed the rules. The checking period here was from 9 a. m. to 6 p. m. The representatives of the motor club will carry on their check-up of pedestrians in traffic centers of other North Carolina cities as part of an accident prevention campaign.

**MRS. BRIGGS ENTERS PLEA OF FORCIBLE TRESPASS**  
 Charged With Manslaughter in Connection With Death of James Reese. Lexington, Aug. 27.—Mrs. B. F. Briggs, prominent Rocky Mount woman, entered a plea of guilty to forcible trespass in superior court here this morning in the case wherein she was charged with manslaughter in the death of Reese James, schoolboy killed in a collision last October between a car driven by Mrs. Briggs and a bus on which James was riding a running board. Judge John M. Oglesby accepted the plea as argument was beginning before the jury, stating that counsel for private prosecution and the defense had agreed upon a settlement of civil damages and that he felt constrained to accept the tender in view of the excellent character shown by the defendant. Solicitor Spruill did not join in the recommendation and Judge Oglesby so stated in ordering the verdict entered. The amount of civil damages is understood to exceed \$1,500, which goes to the mother of the dead boy.

**MANY ARE REFUSED COLLEGE ADMISSION**  
 Davidson Turns Away at Many Students as It Accepts. Davidson, Aug. 27.—As many applications for entrance into Davidson College this fall were refused as were accepted, according to F. W. Hodge, registrar of that institution, when the registration for Davidson was discussed with him. The freshman class this year will consist of 225 students, and that many certificates were returned to would-be students by the registrar. Fully 75 more, he said, wrote to the authorities relative to application, and had they been encouraged their certificates would have been sent in, and the college would have been forced to send back 300 certificates, because of lack of dormitory space. Two or three weeks before school was ended last session the freshman class had been completed. That has been true for the last three years, the full quota being accepted by May 15th. This has been possible because of the five hundred or more applications that have been coming in for the freshman class the last several years.

**FARMER ENDORSES IT**  
 Had Suffered For Years With Stomach Trouble.—Says HERB JUICE Restored Him to Normal Health. "After taking one bottle of HERB JUICE I found out that it was the very medicine I needed for stomach trouble," remarked Mr. W. H. Wilson, well known and highly respected farmer who resides at Harrisburg, N. C., R. F. D. 3, in a recent statement to the HERB JUICE man. "I had suffered for years with stomach trouble," Mr. Wilson continued, "before I started taking HERB JUICE, but this splendid medicine has helped me so much I do not hesitate to recommend to my friends, neighbors and everyone as the most effective laxative and tonic that I have ever used. "Before taking HERB JUICE I was in a terrible run-down condition. I was troubled with dizziness, headaches, foul breath, weak spells and had a sallow complexion all the time, had no appetite, very little energy and never felt like doing any work. My food would not digest in the natural way as it should; I was continually and was so nervous and restless usually belching up gas from my stomach at night I could hardly get enough sleep to enable me to go through the day. But all these conditions have changed since I have taken four bottles of HERB JUICE. I know it has done me more good than all the other medicines that I have ever used in my life. I have already gained in weight, have a good appetite now, and can sleep the night through with ease and comfort. As stated before, I am glad to recommend HERB JUICE to everyone suffering with stomach trouble, for I know it will give satisfactory results." HERB JUICE is sold and guaranteed to give satisfaction or money refunded by Gibson Drug Co.

**GOOD DISPOSITIONS INVALUABLE**  
 You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. May's Wonderful Remedy has been usually successful in such cases. Our advice to every one troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis.
