Don't Miss This Wonderful Opportunity To Win a Car

The Time to Get Your Plans Laid and to Open Your Active Campaign Is Right Now.

CAMPAIGN OFFER IS STARTLING

Why Not Cash in on This Big Proposition?—It Is Worth Money to You, and Big Money.

Although four days have elapsed since the first announcement was made by The Concord Tribune and Times of the greatest campaign of its kind ever undertaken in this part of the state, and in which these newspapers will give away \$10,000 in automobiles and cash, the response has been woefully backward. Really, the only thing that The Tribune and Times can do to impress the people of this county and surrounding territory with the wonderful opportunity which they are offering is to point to the fact that ambitious workers can, within the next few weeks, earn during their spare time even more than the heads of the majority of families make in a year. Surely this should have an appeal to the live-wire citizens of our circulation field.

The time to get your plans laid and to open your active campaign is right now, when there are scores, yes even hundreds, of people who will be willing and glad to see you get started toward one of the beautiful and expensive automobiles or your share of the \$4,400 in cash which will be distributed. All that it requires for success is the personal desire to do bigger things than are possible under the ordinary run of every day affairs. And, we know you must admit that this campaign offer is so generous that it is really startling. These publications have \$10,000 at stake which must go; you have nothing but your spare time, and this will be rewarded in direct proportion to what you do with it. It is worth money to you, big money. Why not cash in on it when the occasion presents itself?

Remember that there are three districts in this campaign and each one is carrying on its own smaller campaign within itself. A candidate in one district is not competing against a worker in another other than for choice of cars. Each leader of a district must have one of the automobiles, and one of the districts is going to receive two of them. Which one will get this double award is up to the district as no cars are allotted to any certain section. Then there are three cash prizes of \$200 and the same number for \$100. And for all workers who do not receive one of these capital prizes, there is a 10 per cent commission guaranteed to every active candidate. You can not lose. There is something here for each and everyone who actively participates.

We know that there are scores of people who have read of this wonderful offer and have, in an off-hand manner, thought how fine it would be to get one of the big prizes. But these have not applied it personally in a serious way. You can win as well as anyone and you will do it so. It is the ones who will act of their desires who will drive away in their big, powerful cars at the end of this campaign. It will not be those who sit back and merely wish that they might win something.

Then enter your name or the name of some favorite friend in this campaign right now. You can not do anything better for yourself than to follow this advice. Campaign headquarters is located in Room 209, Cabarrus Savings Bank Building. It is on the second floor. Take the elevator. Or, if you can not get in to the office personally telephone 579 and a representative will call on you and start you on the road to success.

As a means of co-operating with the candidates the management has had printed cards which will be furnished the workers free of charge to be mailed or given to prospective subscribers. This was done at the suggestion of one of the two or three active candidates who have made an effort at getting started in this great opportunity and shows that when the mind is once made up Concord has people with good ideas second to none. The only thing that is puzzling is the small number of responses.

When the Giant Shenandoah Crashed to the Ground

Here's closeup picture of the middle section of the giant ship Shenandoah, taken shortly after it crashed to the ground near Ava, O., early Thursday morning, resulting in the death of 14 men. The steel girders and network of steel supports were crushed. Scores of farmers and townfolk, seen in the picture, rushed to the scene of disaster and assisted in disentangling the dead and the injured. This exclusive picture was rushed to this city by auto, airplane and fast mail through special arrangements made by NEA Service and The Tribune.

DISMANTLING WORK ON SHENANDOAH IS NOT HALTED TODAY

Labor Day Finds No Changes In Plans to Get Data That Will Be of Use to Navy in Future.

PHOTOS WILL BE USED IN INQUIRY

Parts of Wreckage Have Been Photographed So That Points Shown by Them Can Be Studied.

FIFTEEN DRIVERS IN THE RACE AT ALTOONA

All Qualified by Making Between 118 and 130 Miles an Hour in Trials.

Altoona, Pa., Sept. 7.—(AP)—Fifteen drivers and their drivers are ready for the 250-mile automobile race on the Altoona speedway today. All have qualified at speeds varying from 118 to 130 miles an hour on the one and one-fourth mile board track.

The car to be driven by Louis Fink was to make its qualifying dash before the race starts.

Among the drivers are Bennie Hall, who gets inside position because of his time in the qualifying trial; Earl Cooper, Jerry Wonderlich, Ralph Hopburn, Norman Batten, Frank Eliott, Earl Devore, Harry Hartz and Bob McDonough.

With Our Advertisers.

S. W. Preslar will give 10 per cent discount on all orders for engraved Christmas cards placed during the month of September.

The Concord and Kannapolis Gas Co. will give you \$10 for your old range, wood, oil or gas, on the purchase of a new gas range. Terms, \$5,000 down and twelve months in which to pay the balance.

Johnny Hines in "The Cracker Jack" at the new Concord Theatre today. Also Aesop's Fables, Pathé News and an educational comedy, "Watch Out."

Every customer must be satisfied—that is the rule at the Reid Motor Co. All work there is guaranteed.

If your neighbor spends all he earns, don't try to keep up with him. See new ad. of Cabarrus Savings Bank.

New frocks in the foremost styles for the fall have just arrived at J. C. Penney Co.'s. Prices, \$14.75 to \$34.75.

Fire on Chinese Demonstration.

Shanghai, Sept. 7.—(AP)—British police in the international settlement today fired on 2,000 Chinese engaged in a demonstration at Edward Avenue and Honan Road, wounding three, one probably fatally.

Elected President of League of Nations.

Geneva, Sept. 7.—(AP)—Senator Dandurand, of Canada, was elected president of the sixth assembly of the league of nations today.

Last Concrete Poured.

High Point, Sept. 6.—The last concrete on the Greensboro-Winston-Salem road was poured yesterday and the road will likely be opened to traffic on September 17th, J. Elwood Cox, fifth district highway commissioner, said today.

Shenandoah Mishap +Injuries Iowa Fair.

Des Moines, Ia., Sept. 7.—A noticeable falling off in attendance at the Iowa State Fair followed the receipt of news that the Shenandoah had been wrecked and would be unable to fly over the fair grounds.

PART OF STATE MAY GET RAIN TONIGHT

As a Whole, However, No Relief From Drought Is Promised at This Time.

Charlotte, Sept. 7.—(AP)—Various sections of North Carolina today continued to feel the long summer drought with no promise of any relief except the northeast portion, where showers were predicted for tonight.

Western North Carolina is feeling the lack of rain severely, with opening of the city schools at Asheville having been ordered postponed from today until September 14th. This action was made upon recommendation of the city commission because of the water shortage situation. Connecting of additional water mains, however, is promised to relieve this scarcity within the week.

Children today attended the public school at Snow Camp, Alamance county with their drinking water in bottles because of the drought having affected the source of supply at the institution.

LEGION MEN GATHER FOR ANNUAL MEETING

Caldwell, N. C., Sept. 7.—Labor Day saw no cessation of activity planned for the dismantling of the Shenandoah's wreckage, that the United States navy wants for its study of aeronautics.

Late yesterday besides cutting up the wreckage to procure the desired parts, men, working under the direction of the board of investigation, also took photographs of the wreckage from every angle.

The salvaged parts are being crated up for shipment to the naval air station.

A large body of Hickory Legionnaires was already in the city and on the streets early today, while others were arriving from Raleigh, Salisbury, Greensboro, Concord, Charlotte, Washington and surrounding towns.

PREPARE FOR GRIM STRUGGLE IN MOROCCO.

Fez, French Morocco, Sept. 7.—(AP)—Both the Franco-Spanish forces and the rebellious Moroccan tribesmen are preparing for a grim struggle. It becomes increasing evident that Abd el Krim, the Moroccan leader, apparently is by no means appalled with the prospect of trying conclusions in a fight against French arms, and that he may even precipitate a clash by making a drive on Ouezzane while remaining on the defensive at other points.

Seven Persons Killed.

Wenatchee, Wash., Sept. 6.—Seven persons were killed, ten are unaccounted for and three were seriously injured in a cloudburst which struck Spring Valley, above Wenatchee this afternoon.

SEAS TAX CUT THIS Year.

Swampscott, Mass., Sept. 7.—The proposed reduction in taxes will be made applicable to incomes of this year on which levies will be paid during the next year, in the opinion of President Coolidge.

Students Carry Own Water so School Work Can Be Started

Greensboro, N. C., Sept. 7.—(AP)—Children attending the Sylvan High School at Snow Camp, Alamance county, carried their drinking water with them in jugs and bottles when the term was started this morning. This was in accordance with the request of school authorities who were forced to adopt this method or postpone school because the source of supply formerly used has been dry for some

PRESIDENT TO GO TO CAPITAL SOON

Will Return to Washington in Better Condition Than at Any Time Since He Has Been President.

Swampscott, Mass., Sept. 7.—(AP)—President Coolidge is going back to Washington later in the week, assured by his physicians that he is in better physical condition than at any time since entering the White House two years ago.

Eleven weeks of rest and recreation on the shore here, with official duties taking a limited period of each day, appeared to have put him in excellent shape for the winter grind in the capitol. Mr. Coolidge hits the scales at 161 pounds and while he is a bit heavier than when he was Vice President, he has not gained weight during the summer.

RALEIGH SAILOR FALLS TO DEATH

J. E. Allen, of the Destroyer Raleigh, Brutally Attacked in New York.

New York, Sept. 6.—Sight seeing in New York for the first time in his life, and but twelve hours after he had left the United States navy destroyer Raleigh, J. E. Allen, a sailor of Raleigh, North Carolina, was turned to a Harlem roof this morning, brutally attacked, and in the course of a terrific struggle to save his valuable, either was pushed or fell to his death in a court yard seven stories below.

Indignant at the attack upon the sailor before his fleet had been in New York harbor twenty-four hours, Vice Admiral J. C. McKean ordered a naval board of inquiry to investigate the sailor's death. They were co-operating last night with detectives of the west 135th street station.

FIVE FRENCH AIRMEN MISSING FOR TWO DAYS

Mediterranean Waters Searched For Them, But No Trace of Whereabouts Have Been Found.

Paris, Sept. 7.—(AP)—The aviators Laporte and Priol, and their three mechanics have been missing 48 hours since their disappearance in the seaplane trials from Corsica to St. Raphael on the southwest coast of France.

Light units from the Italian fleet have collaborated with the French vessels in scouring the Mediterranean waters for

the missing fliers, but without results.

Washington Defeats Philadelphia.

Slidell Park, Philadelphia, Pa., Sept. 7.—(AP)—Walter Johnson pitched Washington to victory over the Athletics, 2 to 1, in the morning game of today's holiday double header. It was the eleventh straight setback for the crumbling Mack men and stretched to eight games the margin between them and the league leader champions.

Some marry for better or worse and some to talk.

Babe Ruth Back in Game.

Boston, Sept. 7.—(AP)—Definite assurance that Babe Ruth, New York Yankee slugger, would appear in the lineup against Boston today was given this afternoon in an announcement from Fenway Park.

At the same time it was stated that one game starting at 3 p. m., would be played instead of the scheduled double-header. Wet grounds caused the change of plans.

FIVE THOUSAND LETTER CARRIERS IN PARADE.

Detroit, Sept. 7.—(AP)—Five thousand letter carriers marched in annual parade today at the opening event of the twenty-fifth annual convention of the National Association of Letter Carriers. A business session preceded the parade.

Vessel Reported to Be Sinking.

Shanghai, Sept. 7.—(AP)—The Japanese freighter Vinoshino Maru, today broadcast a message that she was sinking after being caught in the center of a typhoon between Formosa and Japan. The typhoon has disorganized all shipping.

NO CHANGE TODAY IN WATER SUPPLY OFFICIALS STATE

State Library

Artesian Well Being Used as Means of Increasing Supply, But There Is No Decided Change.

MUST CONSERVE WATER ON HAND

Persons in City Advised to Be Careful as to Waste. Standpipe and Reservoir Are Both Filled.

Water continues to be a scarce article in Concord. The supply, while remaining practically unchanged at its source in Cold Water Creek, is still scant and continued clear weather gives no indication of any relief from the shortage which the city is experiencing.

In an effort to enlarge the supply, one of the artesian wells, the one at its source in Cold Water Creek, is still scant and continued clear weather gives no indication of any relief from the shortage which the city is experiencing.

The former premier collapsed while pleading for a case in court on June 8, 1923, and was said at that time to be worn out with work and grief over the death of his wife, a few months previous.

Rene Viviani, ex-Premier of France

and internationally famous lawyer and statesman, was the most renowned of the public men given to the French nation by her young colonies in Africa. Born November 8, 1863 in the thriving little village of Sidi Bel Abbes, in the interior of Algeria—which was itself born of the brilliant French conquest—Viviani came to be known through the years of his political life as a man who embodied in their truest sense the principles of liberty, equality and fraternity upon which the French Republic was founded.

Persons in the city are asked by the water officials to conserve as much as possible the water during this crisis. Until heavy rains fall, there is no prospect of any additional supply.

DEATHS ON DECREASE

But Number of Births in North Carolina Continues to Grow.

Raleigh, Sept. 7.—(AP)—The number of births in North Carolina continues to grow, while the deaths are on the decrease.

This is shown by figures compiled by the State bureau of vital statistics. The first six months of this year showed an increase of births over the same period in 1924, and the comparative figures for the two periods show that there were fewer deaths in the state during the first half of this year.

The bureau's figures show a total of 42,030 births in North Carolina during the first half of 1924 as compared with 42,197 for the same period last year, the increase being 167.

The deaths during the first six months of 1924 numbered 17,746. Deaths in the first half of this year totalled 16,828, a decrease over the same period last year of 918.

Of this number of deaths—for both periods—the bureau estimates that 3,000 were infants, that is babies under one year. In other words, of the 42,030 babies born during the first six months of 1924, 3,000 of them are dead now.

And not less than 250 of the mothers of these 42,030 children born during the first six months of last year have died during the year, the bureau figures show.

LAWDER FAMILY HOLDS ITS ANNUAL REUNION

Thousands
