Coming Nearer. Lexington Dispatch.

More assurance appears to be gathering around the proposal to extend the Piedmont and Northern through here to Winston-Salem. Charlotte, Concord, Lexington Salisbury and other towns and citizens have already shown by their acts the faith that is in them in regard to the matter.

Winston-Salem is now engaged in putting up its real bid for the road in the form of contracts showing the amount of business its shippers will furnish the road to begin with. This paper is not worried but what the Twin City will give a most positive assurance that it wants the road.

Better to say nothing than nothing to the purpose.

Owners Do Not Plan to Rebuild the Davis Springs Hotel. Statesville Daily.

At the time the hotel at Davis Springs was burned recently, it was stated that the owners contemplated rebuilding same. It is heard now that it will not be rebuilt.

Rotary Meeting. Members Tell of Visit to District Meeting—H. W. Blanks Talks of European Trip.

Impressions they gained at the recent district meeting in Monroe were given to the members of the local Rotary Club at their weekly meeting yesterday by A. G. Odell and W. G. Caswell, and after their talks the club members heard an instructive talk from H. W. Blanks, who recently returned from a trip to Europe.

In addition to Mr. Odell and Mr. Caswell the Concord club was represented at the Monroe meeting by R. E. Rideout, Jr., and G. W. Patterson. It was pointed out in the talks relative to the meeting that of the 33 clubs in the district 31 were represented and of the 31 represented 29 were represented by their presidents.

Conditions, customs and problems of Europe were touched on by Mr. Blanks, who also told of the work of Rotary in the countries he visited. The speaker said he found European Rotary clubs as active as the clubs in this country, with one big problem facing them—shall the Germans be allowed to organize Rotary clubs? The speaker suggested that the spirit of Rotary could be a wonderful thing for the Germans.

Halbert Webb was a guest of his father, A. S. Webb, at the meeting, and Rev. W. A. Jenkins was the guest of President Odell.

Dr. Allen To Deliver Reopening Address at Catawba College.

Catawba College will be reopened in its new location at Salisbury with the registration of students beginning Monday morning, September 14th and class work beginning on Tuesday morning.

On Tuesday evening, September 15th, the formal reopening exercises will be held in the college auditorium. Dr. A. T. Allen, State Superintendent of Public Instruction, will deliver the address. A large attendance is expected. All who are interested in the college are invited to be present.

Cannon Club Wins. The Cannon ball club defeated Cornelius last Saturday with a score of 4 to 3. The game was played at Cornelius. It was one of the best games of the season. Batteries for Cannon: Hard Charles Brown and Ed. Fort; Cornelius: Cashion and Barnhart.

The features of the game was the steady pitching of Brown and a home run by "Lefty" Leitz.

Sewing-machines containing thirty-five parts, small enough to hold in the hand and yet capable of light work, are being exported from Germany.

IN AND ABOUT THE CITY

COLLEGIATE INSTITUTE AND SEMINARY OPEN

Mt. Pleasant Institute Held Opening Exercises This Morning With Record Attendance.

With an attendance which gave promise of exceeding any previous enrollment at the two institutions, the Collegiate Institute and Mont Amnosa Seminary at Mt. Pleasant today again open their doors for a new school year.

Impressive opening exercises were held at the schools this morning, followed during the remainder of the day by registration and assignment to rooms. School work proper will begin at both the institutions Friday morning.

Chapel exercises were held at Mont Amnosa at 9 o'clock at which time two Concord pastors made the principal addresses. Rev. L. A. Thomas, pastor of St. James Lutheran Church, and Rev. M. L. Kester, pastor of St. Andrews and Calvary Lutheran churches, were the two visiting speakers.

Both held up past ideals of the Seminary and urged students entering the school to make the most of the opportunities which were offered them in attending.

In addition to the visiting ministers, several members of the faculty made brief talks. Prof. C. L. T. Fisher, who is in charge of the program, made the address of welcome and Prof. J. H. C. Fisher made a brief talk also welcoming the young ladies. Mrs. John M. Cook, of Concord, who is to be lady principal during the coming year, was introduced to the students and, in a few well chosen words, told of her plans for the year.

In the exercises at the Collegiate Institute, which were held at 10:30 o'clock, Col. G. F. McAllister took charge of the program and welcomed the students. He was followed by Rev. M. L. Kester of the class of 1907, who made the principal address. Prof. J. B. Robertson, head of Cabarrus county schools, and Capt. J. H. McDaniel, of the Institute, also made talks.

Although the enrollment is incomplete, the Collegiate Institute has already registered over a hundred and it is considered likely that the enrollment will exceed 150. Students are being registered from New York to Florida. In the Seminary, students have been enrolled in the neighborhood of 100 and it is thought that the total will exceed this number. Girls are enrolled from Virginia, North and South Carolina, Georgia and Florida.

The faculty of the Collegiate Institute this year has two new members, Major Hoyt M. Corley, who is to be commandant of cadets and professor of chemistry, and Capt. H. C. Hainer, athletic coach and professor of French. The former is a graduate of Citadel and the latter is an alumnus of Elon.

Old faculty members returning are as follows: Major R. C. Glenn, Greek and history; Capt. H. B. Middleworth, Latin and Bible; Capt. J. H. McDaniel, English; and Col. McAllister, principal and professor of mathematics.

At the Seminary, the faculty is as follows: Lady Principal, Mrs. Jno. M. Cook; J. H. C. Fisher, principal and professor of Bible; C. L. T. Fisher, principal and professor of Latin; Miss Clara Sullivan, English; Miss Wilkie Patterson, mathematics; Miss Mildred Blongron, history and pedagogy; Miss Marjorie Gower, business; Miss Helen Misener, piano; and Miss Lucy Cureton, voice.

ROTARY MEETING

CHRISTY BROS. SHOW

To Appear in Concord Friday, September 18th.—Georgous Parade at Noon.

The menagerie of Christy Bros. big five-ring trained wild animal show that is presented this year is one of interest and study for the lovers of both wild and domestic animals. It is the greatest zoological collection ever brought together. It is an important department with Christy Bros. and it offers not only features of interest and wonder, but recommends itself pre-eminently as a superior source of study and information. In point of size as well as in rare and exclusive features it is beyond comparison with any other wild animal collection in the United States. It possesses so many rare specimens of animal life not to be seen in any other collection, that it is the most distinctive and valuable menagerie in the world and will be seen in its entirety when Christy Bros. exhibit in Concord on Friday, September 18th.

All the animals are trained to do something out of the ordinary. A troupe of six performing elk is a newly added feature. For the first time two big collections of wolves have been made to perform. This is the first time these animals have ever been educated—two different collections of black bears are also a newly added number. Three big groups of lions are introduced at different times, a big mixed collection of tigers, leopards, lions, with two dogs and a cat is a remarkable scene. Elephants gallop also performing new stunts and all kinds of domestic animals do something that attract attention. Dogs, goats, sheep, rabbits, cats, rats, horses, ponies, and in fact every animal that can be collected is made to perform.

Naturalists, scientists and students will find many specimens of almost extinct types of animals, like the eland, the Yak from the highlands of Tibet, the black vaark from South America, Polar bears from Alaska, and many other animals that will attract. The menagerie is not the only wonder of Christy Bros. shows—they have a new three-mile gorgeous parade every day, and a most dignified production of that famous Biblical event, "Noah and the Ark."

It is a company of over five hundred animals and people.

A SHOP GIRL AND HER MILLIONAIRE

"The Love Hour" Romance of Beauty and Money.

The Press Agent.

"The Love Hour," a Vitaphone production, begins a two days engagement on today at the Concord theatre. This is an original screen story written by Boss Meredith, who did the "Bon Hur" script and directed by Herman Raymaker. It has been hailed by picture reviewers in other cities as one of the most amusing and dramatic productions of the season.

Hugh Gordon plays the hero, Rex Westmore, young, wealthy and bored, who falls a happy victim to the beauty and youth of Betty Brown, a shop girl.

Ruth Clifford, whose blond loveliness makes her appeal most convincing, plays Betty Brown; while Louise Fazenda, the clever comedienne, appears as her friend, Jennie Tibbs. Willard Louis is Gus Yerger, a prosaic, overfed suitor, who catches Jennie's vagrant fancy. John Roche is the false friend of the husband, who gets the heroine into a dramatic situation. Charles Farrell, a newcomer to the screen, is the good-looking masher, whose flirtation with Betty is brought to an unhappy conclusion by Rex Westmore. Gayne Whitman is seen as an attorney who wrangles out the tangled affairs of Betty and Rex.

TO EXTEND FREE GARBAGE SERVICE NEXT WEDNESDAY

Tests Made Yesterday Proved Satisfactory. So Service Is to Be Extended.

Tests made yesterday afternoon on East Corbin street to determine the number of houses which can be served in an afternoon with the city's free garbage service, proved so satisfactory that the service will be extended next week, it was announced this morning by Capt. Q. E. Smith, city sanitary officer.

On next Wednesday, Capt. Smith stated, the service will be extended to both sides of West Depot street, both sides of South Union street and all other streets in Ward Four. Official announcement will be made later by Capt. Smith, he stated.

Quite a number of residents on East Corbin street had their garbage properly placed on the street yesterday afternoon when the tests were made, Capt. Smith said, and the work of removing the garbage proved so easy that additional streets will be covered next week.

Definite figures as to the number of houses possible to be served in a day by the garbage truck will be available after the tests next Wednesday, as the number of streets to be served that day will be in excess of the number served on any one day so far. If it is found practical to serve several streets in a day a definite schedule for the remainder of the city will be adopted.

Sherill to Build New Home For Tribune and Times.

John B. Sherill, of the Concord Tribune and his able associate, Mr. Campbell Cline, were in the city yesterday and went over the Post building and plant. Mr. Sherill is having plans drawn now for a new home for his newspaper and plans to make it convenient and adequate to meet his growing needs. The Tribune has a splendid location for its new home.

WARNING SIGNS PLACED AT STREET INTERSECTIONS

Signs Show Which Way Traffic Has "Right of Way" and Also Give Warning.

Traffic warning signs have been painted at several of the most dangerous street intersections of the city. The signs have been painted in bold white letters on the streets are so placed as to catch the eye of the motorist.

Signs placed so far are at the intersections of Spring and Grove streets, Spring street and Franklin avenue and Franklin avenue and Kerr street.

Traffic on Spring street is given the right of way at both intersections on that street while Kerr street traffic is given the right of way at the intersection of that street with Franklin avenue.

It is probable that similar signs will be painted at other street crossings in the city although definite locations for such additional signs have not been announced.

Under the ruling of the signs, persons approaching Spring street from Franklin avenue and Grove street must stop before entering the street as traffic on Spring street has the right of way. The same plan holds good on Kerr street at the intersection of that street with Franklin avenue.

Jackson Training School Band in Concert at Mooresville.

Twenty-five boys from the Jackson Training School came over last Friday night and gave a band concert at Stewart Park. This group of young musicians were on the job and within a very few minutes after arriving they were dispensing such music as only can be furnished by a well-trained band. The boys were greeted by the largest crowd of spectators ever assembled at the park at night. In fact, it was a tremendous throng of people and their enthusiastic applause heartened the little fellows to do their best. For one hour and twenty minutes the musicians strung out their program and the undivided attention was one of the distinct features of the evening. Everybody present enjoyed the entertainment. The musicians were selected, organized and trained under the directorship of Paul Owenby, who was at one time in his early life a resident of Mooresville and attended our graded schools. His excellent leadership was demonstrated in the perfect control he had of his large body of boys. The band was brought over under the patronage of Miss Vernie Goodman and Mr. Talbot, of the institution, to whom the public very graciously accorded a vote of thanks, including the boys themselves. Just before the last number was given, Master Willie Capps was presented and in a very charming speech, thanked the audience for their presence and assuring the good people of how the boys appreciated the reception accorded them.

When the concert was over the entire party, including several of the local citizens was served an elegant luncheon, picnic style, at the pavilion, the lunch having been prepared by the good women of the Lutheran church. Con Johnson, commander of the American Legion, gave the boys the privilege of the bathing pool and they enjoyed the delightful swim for a brief season. The boys went away late in the night singing the praises of Mooresville.

Relic of Boston Bridge Wreck.

Mooreville Enterprise.

Mr. A. M. Gabriel was in town Tuesday afternoon carrying with him the wire frame of one of the first spider-legged lanterns made for and used by the old Richmond & Danville railroad company. The lanterns burned only sperm oil and when that could not be obtained by Mr. Gabriel he took the lamp from the frame and kept the frame until Tuesday when he sent it to Engineer Ed. Fry, of the Asheville division, who operates a freight engine from Asheville to Charlotte through Mooresville. There is a bit of interesting history concerning the lantern. It was the one used by Fireman Warren Fry, who was killed thirty-four years ago on the 26th of last August at the Boston Bridge wreck. Mr. Gabriel took possession of the lantern at the wreck and held it as a keepsake, until recently he was told that Ed. Fry, a brother of the dead fireman, wanted it. He very graciously tendered the frame to Mr. Fry, who will keep it as a family heirloom. Mr. Gabriel at that time was a fireman on the Western road, his run being from Asheville to Salisbury.

A Good Joke on Dr. J. M. Grier.

Salisbury Post.

The headline tells us that Gastonia people prayed for rain and a good one came. Which reminds us that once Dr. J. M. Grier, pastor of the First Presbyterian Church in Concord, closed his evening service one dry, hot Sabbath with a very fervent prayer for a rain, and as the congregation stood, just a few minutes later, in the front of the church waiting for the rain to cease, one of the good ladies told the pastor that she certainly believed that he heard it thundering when he offered his prayer.

"The Granada" Dining Room Suite of Quality.

Spanish motifs have been worked with precision into this very attractive dining Suite. "The Granada" is modern in its adaptation, yet it strongly portrays the guiding influence of furniture art that flourished in Old Spain centuries ago. Cariccan Finish gives a richness to the maple front panels that is most effective in combination with darker tones of edges decorative, and rosettes. We have just unloaded a solid car of these Suits, and can save our customers \$50 to \$100 on a good suite. Ten piece Suits \$149.50 to 481.50. See one of these Suites in our window.

THE RELIABLE FURNITURE STORE

A SAD EXPERIENCE

When you step out to buy a tire—and much as we hate to do it, it's got to be done every once in awhile—what do you want? Of course, you'd like to rub a lamp, or make a wish, or have some good fairy appear, and slip a nice new tire on the rim for nothing. But, unfortunately, these things only happen in our dreams. What you want is a tire that will get you back on the road again and keep you going for a long, long time. So, as long as you've got to buy a tire, you want something good and you want it at the right price. The next time you are up against the sad necessity of buying a tire—call us up and we'll sell you a Goodyear and make you glad to buy it.

Yorke & Wadsworth

Union and Church Street. Phone 30

Stock Swindlers. Burlington Times.

Do you know when buying stock how much money actually goes into the treasury of the company? Many parasites live by their wits promoting fraudulent or highly speculative companies. Their sole idea is to sell stock and get huge commissions.

In one case recently investigated by a Buffalo banking company, it was found that the promoters took 75 per cent. went into the treasury.

of the company. No company can successfully operate if its resources are drained by the promoters at its inception. Before purchasing stock, learn what commission is paid for selling it and ascertain who receives the commission. Ask the salesman how much of the stock he purchased for himself and what price he paid for it. Don't be listed as a "sucker" and lose your money.

Remember this: Thousands of financiers are ready to take an entire stock issue if it is any good. Even comparatively safe stocks don't have to be peddled.

Shoot Him Lengthwise. Young Woman: "I want that dog shot at once." Policeman: "I can't shoot him here in this residence district. The bullet would go right through him and hit somebody." Young Woman: "But couldn't you shoot him lengthwise?"
