

If You Are Not In The Big Subscription Campaign Better Get In Right Now

But Little Progress Has Been Made So Far by Some Contestants Who Have Entered Names.

BIGGER VOTE OFFER ON NOW

How Could You Spend Your Time More Profitable Than in Working In This Campaign?

It is indeed puzzling to the campaign management why so little progress has been made by some contestants...

Although the campaign department has several nominations entered, but few have shown their desire to win by turning in subscriptions...

The names of those nominated will be published within a few days and it is to the interest of all those who intend being active to have as high a vote standing as possible...

Just remember this one thing—all these prizes will be awarded and that the biggest vote offer of the entire campaign is in effect now during the first important period...

How could anyone spend his time more profitably than in securing subscriptions among his friends to The Tribune or Times, with a guarantee of at least 10 per cent. of every dollar he collects in subscriptions...

Not only do contestants have foremost papers, but ones which contain the full Associated Press news service, embracing both national and international news as well as all local happenings...

It is only necessary to read one issue of these up-to-the-minute papers to realize that their aim and ambition is to serve the people of Concord and vicinity in the most able manner possible...

While it is true that the two papers already enjoy a large circulation, nevertheless this does not satisfy them, nor will they be so until they reach each and every home in this section...

It is a duty each citizen owes his family and himself to keep abreast of news and tidings which The Tribune and Times send forth.

We can readily understand why contestants might have difficulty in selling subscriptions to less popular papers, but we cannot understand why anyone would not consider it an honor and a privilege to boost and sell subscriptions to a paper that is at all times ready and anxious to meet the conditions of the community of which Concord is the hub.

Northward Push From the Ouergha River Against Tribesmen Results in Good Progress.

Fez, French Morocco, Sept. 11.—(AP)—The French troops began their northward push from the Ouergha River against the Rifian tribesmen today, and an official communiqué claims satisfactory progress.

The communiqué says, "We started our attack today, the two wings north of the Ouergha enveloping Tefant near Ouezzan in the west, and Tafant to the east. These attacks are developing satisfactorily."

MYSTERIOUS ATTACK REPORTED IN WAYNE

Woman's Screams and Pool of Blood Suggest Commission of Horrible Crime.

Goldsboro, Sept. 10.—A woman's screams, the declaration of an eastern Wayne county man that he saw a man throw the apparently unresisting form of a woman into an automobile, and the finding of a pool of blood at the place where the automobile was standing have led to the belief that a murderous attack was made and possibly even murder committed in the country near here early this morning.

The man who saw the form of a woman thrown into a car was James Tyndall, residing a few miles east of here. He hurried up to the place and found there a pool of blood, a wrench and a blood-stained pocket book. Other blood stains were found in the vicinity. Word also came that a woman's screams were heard at La Grange.

County officers are working on the mystery but have not been able as yet to arrive at any definite explanation of the unusual happenings.

LOIS WILSON TO BE IN CHARLOTTE IN PERSON

Will Be at Made-in-Carolinas Exposition September 25th.

Charlotte, N. C., Sept. 11.—Lois Wilson one of the filmdom's most beautiful stars, will come to Charlotte, September 25th, to take part in the style revue and other events, which are expected to attract intense public interest, according to an announcement today by J. C. Patton, executive secretary of the Made-in-Carolinas Exposition.

Acceptance of the invitation from the Exposition management was contained in a telegram received today from Miss Wilson. The message was sent through the Famous Players-Lasky organization, under whose banner she is now playing in the movies.

The present of this tremendously popular star will be an out-standing event in one of the most elaborate and spectacular shows of the kind held in the South, according to the exposition management.

Another phase of the Exposition somewhat related to the style show will be the exhibits of silks and other fine dress materials. Almost one hundred fabrics will have their products on display.

Edward L. Mayer, of New York City, regarded as the foremost American designer of women's apparel, will conduct a two days style show during the Exposition. He will bring to the exposition a dozen or more of his smart models and more than 400 costumes representing the latest modes in women's wear.

Miss Wilson, who was born in Birmingham, Alabama, recently enjoyed the proud honor of being voted Alabama's greatest actress and one of the eight greatest people of the state of Alabama has ever produced.

One of the greatest honors that could come to a motion picture star fell to Miss Wilson, when she was recently selected by the Motion Picture Industry of America as the one of the international delegates to the London Convention held at London.

This Southern girl found quick fame as heroine in James Cruze's epic film, "The Covered Wagon." She has also starred in "Thundering Hooves," "Welcome Home," "Monsieur Beaucaire" and other productions. For two future pictures are "Irish Luck" and the "Vanishing American."

Miss Wilson will make her first appearance at the Exposition on the afternoon of September 25th, where she will be presented by Governor McLean, will make a short talk to the audience and will be received by Exposition visitors. A fifteen minute reel carrying excerpts from some of the productions in which she starred will precede her introduction.

On the evening of the 25th, she will be honored guest at the Textile Divergence dinner, which will be attended by 650 prominent bankers and mill executives from New England and the South. Her stay in Charlotte through Saturday will be the occasion of numerous receptions and social events.

The misfortune of many a fool is his father's fortune.

Seaplane PN-9 No. 1 And Crew Are In Port

Plane Which Drifted Nine Days in Pacific Ocean to Safe Harbor by U. S. Submarine. CREW SAFE BUT NEEDING RATIONS

Had Food For Five Days Only and Had Been on Water Nine Days.—New Post for Com. Rogers.

Washington, Sept. 11.—(AP)—The naval seaplane PB-1 will attempt a flight from San Francisco to Hawaii soon after September 21st.

Captain Sanford E. Moses, commander of the flight project, advised the navy department today that the flight would take place after the conclusion of equinoctial storms of the Pacific.

He reported that successful tests have been made with the plane whose flight had been postponed indefinitely to permit concentration on the search for the PN-9, No. 1.

The PB-1 on a recent test took off with a load of 1,900 gallons of gasoline, 713 gallons more than the PN-9, No. 1, carried, and regarded as sufficient for the trip to the island.

Families of Crew Notified. Honolulu, Sept. 11.—Families of the aviators of the PN-9 No. 1 were notified at once of the rescue of the five men as soon as Lieut. Commander N. B. McComb, junior commander of the Pearl Harbor air station received the official news.

Lieut. Commander McComb also sent two other messages. The first was to the five aviators: "The whole crew is rejoicing. Your families are notified."

The other was addressed to the submariners, winners of the race to find Rogers and his men. "The commander congratulates submarine divisions 9 and 14, and particularly the R-4, for their excellent work."

MAKES AN ATTACK ON DEAF AND DUMB WOMAN. Children Sleeping in the Room With Her Gave Alarm and Scared Marauder Off.

Durham, Sept. 10.—Though local police have made a thorough investigation into the case and have run down every possible clue, they have been unable to locate the man in the case in which an unknown white man yesterday morning entered the room of a deaf and dumb woman in East Durham and attempted to criminally assault her.

The victim of the attack told the police that she was awakened when she felt the intruder's hands on her body. He then grasped her around the throat and attempted the assault. Her efforts to attract attention of two children sleeping in the room were of avail, and they gave the alarm which resulted in other members of the family hastening to the room, scaring the marauder off.

The man was in his bare feet and gained entrance through one of the rear doors of the building.

Greensboro Schools Shorten the Periods. Greensboro, Sept. 10.—On account of the intense heat Greensboro schools are operating on shortened periods. The curtailment went into effect today, all the schools knocking off work at one o'clock.

Decision to cut down the time was reached at a meeting of Frederick Archer, superintendent of schools, and principals of the various schools in the city, held yesterday. Mr. Archer stated that the cut in time is more or less indefinite until it rains to clear the air and perhaps bring a cooler stretch of weather, or until the weather cools off without rain.

Pastors Called By Albemarle Churches. Albemarle, Sept. 10.—The First Presbyterian Church and the First Baptist Church here both called pastors recently. The congregational meetings at the two churches were entirely harmonious, the Baptists having been almost unanimously agreed upon calling Rev. D. P. Harris, of Seaboard. The Presbyterians extended a call to Rev. Chalmers G. Long, of Mecklenburg county, to act as supply for an indefinite period of time, either until the congregation can secure a regular pastor, or until Rev. Mr. Long, who is an ordained foreign missionary, shall be called by the committee to serve in the foreign field.

Favors Unification. Milwaukee, Wis., Sept. 11.—(AP)—Favorable action was taken today on the unification of the Methodist Episcopal Church, north and south, at the eastern Wisconsin conference. The vote was 104 for and 19 against. By a vote of 67 to 45 the conference voted to admit laymen.
