ICE CREAM EVERY DAY

Ice cream was first made in Italy in 1756. Mistress Dolly Madison, wife of the fourth President of the U. S. A., was the pioneer in serving this wonderful food product in this country. She served it at state dinners in the White House during her husband's administration in 1809.

1:35—8:00 P. M.
2:20—11:00 P. M.

LOCAL MENTION

Dr. S. E. Buchanan, County Health Officer, gave the first of the three typhoid inoculation treatments to 138 Jackson Training School boys.

A small-pox vaccination clinic will be held in Kannapolis next Monday night with Dr. S. E. Buchanan, County Health Officer, in charge of the clinic.

A pear weighing a pound and a quarter was brought to the Times-Tribune office today. The pear was raised by Mrs. R. R. Troutman, of North Vance street, and is one of the largest ever seen here.

The condition of Luther Hartsell, who was operated on for the removal of his appendix Wednesday, continues to show improvement, it is said. He is recovering from the operation rapidly.

Dr. J. R. Pentuff and his sons returned from a brief trip to Florida last Saturday night, and report a fine trip, camping out in the open each night and driving a Ford about 1,400 miles in the five days they were gone.

Rev. P. E. Lindley, pastor of the Methodist Protestant church, will have his band at the Y. M. C. A. tonight to give a concert prior to the movies. Mr. Lindley's concert will be at 7:30 o'clock and the movies will be shown at 8 o'clock.

It was reported this morning at police headquarters that defendants tried in recorder's court here Friday paid fines and costs totalling \$76. Seven defendants were tried, with most of the fines being \$10, with the costs added.

Workmen are now engaged in placing the roofing on the newly remodeled Masonic Lodge Rooms over the Concord and Kannapolis Gas Company. The interior of the place has been entirely rebuilt and a new type of roof constructed.

The Giants gained a little on Pittsburgh Friday by winning while the Pirates were losing. In the American League Philadelphia kept pace with the leaders by defeating New York. In the South Atlantic both Spartanburg and Charlotte won, leaving Spartanburg with a game lead.

Secretary Blanks and his assistants at the "Y" continue with their painting work. Fine progress has been made during the past week with the work but much yet remains to be done before the building will be thrown open to the public again. The hardest part of the work, perhaps, will come when the gymnasium is reached.

Relatives here have been advised that the condition of Mrs. Lucy Richmond Bernhardt, who is undergoing treatment in Charlotte, continues favorable. Mrs. Bernhardt was given a blood transfusion this week, her sister-in-law, Mrs. George Richmond, of this city, giving her blood for the operation.

Judge Thomas B. Finley, of North Wilkesboro, has been named by Governor McLean, as the presiding judge at the trial of W. B. Cole, the trial to start in Rockingham on September 28th. Judge Finley has been on the bench since 1918 and presided at the trial of Dr. Peacock in Thomasville several years ago.

According to a deed filed Friday P. J. Mann has sold to G. J. Ward for \$2,850 two pieces of property on St. John street, this city. Another deed filed Friday records the sale of lots in Clinehart extension, Kannapolis suburb, by A. L. Brown and B. W. Durham to Stoner W. Klutz for \$675.

B. E. Harris, city clerk and treasurer, is still at work computing city taxes. Mr. Harris has made fine progress with the work and expects to have receipts ready for City Tax Collector Field within a short while. A new system of bookkeeping has been inaugurated for the city and this has taken much of Mr. Harris' time during this month.

Charlotte still has a bare chance to win the pennant in the South Atlantic. Should Spartanburg lose today and Charlotte win the two teams would be tied and would play a three game series next week for the pennant. However, the Spartans have been going good this week and are not scheduled to lose today unless they show a great reversal of form.

H. B. Black, Z. B. Thornburg, T. Harris and A. B. Palmer, of the local Studebaker agency, went to Charlotte on Thursday of this week to confer with Paul G. Hoffman, vice president of the Studebaker Co., who met eighty dealers of his company in Charlotte. Business conditions in general were discussed at the conference, it is said, while emphasis was laid on matters pertaining to the automobile industry.

Statesville Daily: "Mrs. L. C. Caldwell returned to Statesville Monday from Bon Clark, where she spent the summer, and will leave today for Charlotte to spend the winter. Mrs. Caldwell will have charge of the Bible kindergarten of the Associated Reformed Presbyterian Tabernacle, of which Dr. W. W. Orr is pastor, and will assist Dr. Orr in his pastoral visiting."

To aid the color blind in noticing light signals at railroad crossings, the Swedish State Railways have decided to abolish the green light in favor of bluish-white and to adopt a special shade of red.

Another "Blessing in Disguise."

Monroe Enquirer.

While many persons are bemoaning the fact that the present year is one of poor crops, it is possible that in the end it may prove a blessing in disguise. Already County Agent Broom reports many farmers casting about that they may get away from the one-crop system, and to find other sources of income than cotton for money crops.

Mr. Broom relates that a Union county lady, two or three years ago had been teaching school in order to help with the family budget. She found teaching and housekeeping rather onerous so she engaged in chicken raising. With a flock of 200 hens the lady was soon receiving an income of more than \$800 a year.

The county agent assures me that as never before in the county's history will farmers grow winter crops next season. A car load of vetch seed will be distributed, and thousands of acres of oats and rye, not to mention clovers. Wheat will be sown as will be barley, the latter a hard winter plant admirably suited to the well drained uplands of Union county. As stated, calamity of a short crop may prove a blessing, for by it farmers will be forced to get out of a ruinous rut of only cotton and corn. Mr. Broom has a busy season before him, but he is able to advise and assist farmers in a fine way.

Anyone can talk, but it takes a really clever person to understand.

Beauty and Decency.

Editor New York Mirror:

We have the prettiest and the most indecently dressed girls in the world here in New York City. The girls of marriageable age are a disgrace to womanhood. Their extremely indecent method of dressing makes them look indiscriminate at all times. Any girl who lowers herself to roll her stockings and thereby expose her knees is a menace to morality. I have never seen a decently dressed girl in New York City.

VISITOR:

A piece of linen, 6,000 years old, recently examined by the chairman of the Irish Linen Society, was found to be as perfect structurally as are the linens made today.

The eyes have it—so let yours take their first view into 1926.

Our Opening Fall Clothing Announcement—

It tells you that this great stock of new clothes—new, clothes and new colors—only awaits your Royal Presence to make its final debut.

It asks you eagerly and sincerely to take away from your business or leisure enough time to simply look at simply the greatest collection of men's garments since you have known clothing.

Hundreds of Suits at \$25 to \$45. Models that are going to be hits—none that have struck out! Strange hues—new tones—pulse quickeners—that urge ownership.

A pleasure for us to show, clothes from a show that will delight your summer's weary spirit.

1,043 People

is a pretty good bunch of folks, but this number by actual count viewed the improved model Ford Car which we now have on display in our show-room, yesterday between the hours of 3 o'clock and 8 o'clock. Have you seen it yet? If not, you are cordially invited to give it your closest inspection today—if you have seen it tell your friends about it and bring them in to see it.

If you have not already placed your order as so many are doing, NOW would be an opportune time to place it with us so that we may be in position to take care of your needs when all models begin coming in.

Keeping Up With the Neighbors

When you feel yourself to be the equal or superior of another person, you do not follow his mistakes. If your neighbors spend all that they earn, don't try to keep up with them. Extravagance does not advertise the man who has money in the bank and property in his name.

Thrift and a bank account will some day make you happier than your neighbors.
