HIGHWAY FORCES FINISH DIFFICULT ROAD IN NO. 9

Hills at St. Martins Church Cut Down and Graded.—Other Projects Underway.

Cabarrus county highway forces completed today the difficult stretch of road construction in No. 9 township to the Staly county line which has been underway for the past several months. The length of the newly completed link is a little over five miles.

Notable in the work of the commission in this project is the cutting down of the hills at St. Martins Church. This hill has always been one of the worst in this section of the state, being both rocky and steep.

A number of feet of rock was blasted from the tops of the two hills which are near the church and the earth secured was used in filling in between them. The job required considerable engineering skill for completion.

Other work of the highway forces, according to W. G. Brown, highway head, is being done on a road from Midland to State highway No. 151, the Concord-Monroe road. This new project consists of rebuilding an old road which was in very bad condition.

The major part of the forces, however, are working on the road from Watts Cross Roads to the Rowan county line near Gold Hill, a distance of seven miles. This connects the section of Rowan county with Concord and will, when completed, enable the persons living in that vicinity to reach this city easily.

Grading has been completed on the stretch between Mt. Pleasant and Gold Hill and work has been practically suspended until several bridges may be built.

GASTONIA MAN COULD HARDLY EAT A BISCUIT

Foreman of Ozark Mills Was Growing Weaker Every Day But the Great Medicine Karnak Put Him Back "Fine as a Fiddle" In One Week's Time

"Yes, sir, I've taken this new medicine, Karnak, and found it to be the quickest and most effective medicine that I ever found," declares John W. Hiles, of 1218 Church Ave., Gastonia, N. C., well known foreman of the Ozark Mills. "Early this spring I began getting in a badly rundown condition," continues Mr. Hiles. "I lost my appetite entirely, and had gotten to the point where I could hardly eat one biscuit for breakfast, and even that I just had to force down. I had lost

GOOD-WILL MOTORCADE TO COME FROM BLUEFIELD

Virginia Motorists Will Make Trip in Interest of Lakes-to-Florida Highway.

A good-will tour, similar to the one which was taken by North Carolina motorists to Bluefield last fall, has been projected from the West Virginia city. A party of the boosters are planning to leave Bluefield on the 25th of this month and motor to Charlotte where they will be the guests of that city at the Made-in-Carolina Exposition.

The tour is being taken in the interest of the Lakes-to-Florida highway and has been announced by the president of that association, R. P. Johnson, of Wytville, Va.

According to the plans presented in the letter sent out by Mr. Johnson, the motorcade will leave Bluefield early Friday morning, September 25th. Places at which the party will stop are Bland, Va., Wytville, Hillsville, Mt. Airy and Salisbury, arriving at the last place about six o'clock that evening.

It is probable that the night will be spent in Salisbury and that the group will go on to Charlotte the next morning.

Although nothing definite has been arranged with the officials planning the tour, it is considered likely, according to H. W. Blanks, that the motorcade will stop in Concord Saturday morning for a short time. An entertainment has been planned for the visitors at the Merchants and Manufacturers Club if the necessary arrangements can be made.

The tour being planned is a return visit to a large number of motorists who took a tour to Bluefield last fall. Several automobiles went from Concord in an effort to secure a routing of the Lakes-to-Florida highway through this city. Although nothing definite has been done yet, it is considered probable that when a routing is made, it will be through Concord.

The following is the text of the letter from Mr. Johnson:

My Dear Sir: The Bluefield Chamber of Commerce, through Mr. W. C. Warlick, chairman of the North Carolina good-will tour, extends to you a most cordial invitation to accompany them on a good-will or booster trip from Bluefield, W. Va., to Charlotte, N. C., starting early Friday morning, September 25th, from Bluefield. This trip has for its inception a cordial invitation from the Charlotte Chamber of Commerce, whose guests were to be on the 26th instant. The Southern Exposition will open in that city on the 22nd of this month. This will afford an opportunity to visit this great exposition. This alone will be worth the trip.

The party will leave Bluefield at 6 a. m., and will probably arrive in Bland at 8:30 a. m., Wytville 10 a. m., Hillsville 12 noon, Mt. Airy 1:20 p. m. and Salisbury 6 p. m. Convenient stops will be arranged along the route, both for entertainment and refreshments, and many scenic and interesting routes may be had to select from on the return trip.

This invitation is extended to all, both ladies and gentlemen, who feel and take an interest in better road conditions, and will afford a splendid opportunity for observing the fine roads in our sister state, North Carolina, whose wonderful progress is largely due to the advancement she has made in highway construction.

The early completion of the Lakes-to-Florida highway means much to you as again urged to join us on this trip to boost this laudable undertaking.

Please be sure to advise me at once, using the enclosed postal, whether you will or will not arrange to be in the party.

Yours earnestly and truly, R. P. JOHNSON, President Lakes-to-Florida Highway Association.

Olie Mason Dead at Home in Roberts Mill Section.

Olie M. Mason, 34, died at his home at the Roberts Mill this morning at 8 o'clock after an illness of about one year. Funeral services will be held at Fairview Church at 11 o'clock Wednesday morning and burial will be made at Fairview Church Cemetery.

STOCKHOLM PAPER HAS INTERVIEW WITH BLANKS

Article Deals With James B. Duke and His Gift, the Cannon Manufacturing Co., and State's Progress.

Advertising Concord and North Carolina was one of the finest things done by H. W. Blanks while in Europe this summer and one result of his efforts was a fine story which appeared in a Stockholm paper on August 21st.

Mr. Blanks organized a party of forty which toured Europe for six weeks during the summer. He represented Concord on the trip as Secretary of the Chamber of Commerce and General Secretary of the Y. M. C. A. here, and always he was on the watch for some way to advertise his home town and home state.

Mr. Blanks was interviewed by reporters of several newspapers in Europe and in addition to telling them about his country he gathered much valuable data about European conditions.

In company with Martin L. Cannon, Jr., of Charlotte, Mr. Blanks went to Norway and Sweden after other members of the party had sailed for the States. No sooner had he arrived in Stockholm than a newspaper man appeared, anxious to learn of North Carolina, its progress and its ambitions.

The article which resulted from the interview deals with James B. Duke, his tobacco interests and his gift of \$40,000,000; the Cannon Manufacturing Co.; North Carolina's cotton mills; our good roads and other items.

Accompanying the article is a picture of Mr. Blanks and a fairly good likeness to the genial secretary. "The man asked me for a photo, but I had none, so I am at a loss to know where he got the one in the story,"

Mr. Blanks said. If a photographer snapped him at any time he didn't know it, Mr. Blanks added. The story shows that the writer was especially interested in Mr. Duke's gift and the future of Duke University, a long paragraph being devoted to this subject. The writer also devoted much space to the Cannon Manufacturing Co., showing much knowledge of the company which controls the towel-market of the world. Mr. Blanks said that in all of the countries which he visited people had some knowledge of North Carolina and her wonderful progress. "I saw the people were interested in my state and I lost no opportunity to tell them of what we are doing," Mr. Blanks said.
