IN AND ABOUT THE CITY

MOTORCADE TO VISIT CITY SATURDAY MORNING
Party From Bluefield and Virginia to Be Entertained at Jackson Training School.
The visit which the North Carolina delegation paid to Bluefield last year in the interest of the Lakes-to-Florida Highway will be returned Friday when a motorcade from Bluefield and Southwest Virginia will start for North Carolina with Charlotte as its destination.
Concord comes in for a part of the entertainment of the visitors. A committee consisting of G. L. Patterson, Dr. T. N. Spencer, Major W. A. Foil, H. W. Blanks and M. H. Wolf has been appointed to journey to Salisbury Friday night, where they will attend a gathering held in that city for the diversion of the visitors.
Then on Saturday morning, when the motorcade leaves Salisbury on its way to Charlotte, an entertainment will be provided in Concord at the Jackson Training School. The school boys will present a program consisting largely of musical numbers interspersed with an occasional brief talk by some local orator. The idea of the program will be, according to Dr. T. N. Spencer, more music and less speaking.
After the program in the auditorium of the Training School, there is to be a social gathering on the grounds of the school where sandwiches and cold drinks will be handed out.
The delegation from Virginia and West Virginia will then be accompanied to Charlotte by a group of local business men who will remain in Charlotte during the rest of the day and will attend the exposition and the dinner which is to be given that night.
It is not definitely known how many persons will make the trip from Bluefield. A letter from the Chamber of Commerce of that city states that there will be a hundred from that place alone and that this number will be augmented by the addition of motorists in Virginia, Wytheville, Blount and Hillsville are all expected to send representatives.
After leaving the West Virginia city early Friday morning the motorcade will make its way over the mountains and into North Carolina at Mt. Airy. Stops are to be made at Mt. Airy, Lexington and Salisbury and the night will be spent at the latter place.
After a visit at the Made-in-Carolina Exposition and a dinner Saturday night, the party will return on Sunday.
COTTON PICKERS BUSY IN THIS COUNTY AT PRESENT
Much Cotton Has Been Picked But Much Remains Yet to Be Picked Throughout County.
Cotton picking is the chief occupation of farm people in Cabarrus county now and although many bales have already been picked many bales yet await the pickers.
While some sections of the county are not going to produce as much cotton as they did last year, there the opinion expressed by many that the crop will be a large one despite the drought. Many fields in the county are still white regardless of the fact that they have been picked once.
The cotton is opening very rapidly now and the farmer is fearful of rain rather than fearful that it will not rain. A long, heavy rain now would be harmful to the cotton that has not yet been picked.
A representative of the State labor department was in Cabarrus several days ago seeking cotton pickers for eastern North Carolina, but so far as is known he secured no helpers here.
While the crop in this county is not so large as the one in the east it is of sufficient size to keep practically all of the local pickers engaged for the present.
A rain would be beneficial in aiding the preparation of soil for winter crops but at the same time it would damage the cotton that is still in the field, so many farmers are undecided as to what they want in the way of rain.
ROTARY MEETING
Program at Weekly Meeting of Club in Charge of the Business Methods Committee.
Some needs of Concord and Cabarrus County were briefly discussed at the weekly meeting of the Concord Rotary Club yesterday at the Y, and the program for the meeting was in charge of the Business Methods Committee.
L. D. Coltrane, L. M. Richmond and G. L. Patterson are members of the committee, and Mr. Coltrane and Mr. Patterson made five minute talks in which they outlined some things the city and county need.
Mr. Coltrane urged the club members to work for a central tourist camp, declaring the city would benefit in no uncertain manner from such a camp. Many tourists would stop here daily, he said, if they had camp accommodations. He also spoke in support of the Chamber of Commerce, declaring the organization deserved the support of Concord's business men.
Mr. Patterson discussed among other things, the roads of the county, declaring in his opinion all of the principal roads leading into Concord should be improved as soon as practical. Good roads bring more business into a city, Mr. Patterson added.
H. Wayne Blanks asked permission to publicly support suggestions to a tourist camp made by Mr. Coltrane, saying the subject is one "very dear to my heart." The opening of a modern camp here is one of the vital needs of the city, he said.
Home Coming at Water Oak Church.
A home coming will be held at Water Oak Church next Sunday at which time there will be a special service in the morning at 10 o'clock with dinner at the conclusion of the service. Everybody is invited to attend the exercises.
Lose your temper, and someone will help you to find it.

Charlotte Methodists Form New Church.
Charlotte, Sept. 23.—The establishment of a Methodist church in Myers park, the second house of worship in that suburb, was provided for last night in plans adopted at a meeting at the home of Dr. R. T. Ferguson in Myers park, it was announced here today.

It was decided to petition the western North Carolina conference of the Methodist church, which meets in Statesville next month to recognize the church and appoint a pastor for the ensuing year.
The new congregation for the time being will use the chapel of Queens college, this having been offered by the college authorities. It is expected that plans will be set on foot soon looking to the building of a new house of worship. A number of leading Charlotte Methodists are associated with the movement looking to the organization of a new church.

A Bargain In Quality
Fine One-Profit Studebaker Coach
—at a new low price

\$1,350 Delivered for cash in Concord
Or, under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income with an initial payment of only \$450 Down

Here is a truly fine coach—built throughout from quality materials and careful workmanship. Fine northern white ash and hard maple are used in body construction. We pay a premium to obtain the toughest grades of steel. The upholstery is a durable woolen fabric—the windshield and windows are real plate glass. Extra equipment includes a gasoline gauge, clock, stop light, etc.
According to the rating of the National Automobile Chamber of Commerce this Standard Six Coach is the most powerful car of its size and weight. Full-size balloon tires and an especially designed steering mechanism add to its riding and driving ease. A completely machined crankshaft gives perfect engine balance and reduces vibration to a minimum.
Yet this Standard Six Coach sells for no more than competing cars—its low price is made possible by the Studebaker policy of one-profit manufacture.
