CONCORD WINS OPENER OVER ALBEMARLE HIGHS
Contest Marked by Superiority of the Locals Over Visitors.—Final Score 15-0.
Although inexperienced, unseasoned and predicted to lose, Concord High football team ran rough-shod over the Albemarle eleven Friday afternoon and scored a victory in the initial contest of the season by a 15-0 count.
The outcome from the first was never in doubt. From the beginning when only three plays were required to make a first down, the superiority of the locals was unquestioned. Albemarle was able to register only two first downs, both of these at the very last of the game, while Coach Mer-Auley's charges made the required ten yards on eleven distinct occasions.
Especially outstanding in the Concord team was the very efficient manner in which the linemen tackled their opponents who carried the ball. The tackles were low and hard and it was often the case that the Albemarle ball carrying the ball was thrown for a loss before he had fairly started.
Both the ends, Crowell and Morgan, were proficient in this department and McInnis, last year's captain, performed stellar work along the same line.
All the backs played creditably. Litaker, on account of experience, probably had the edge on his teammates, gaining consistently and scoring nine of the fifteen points. Hoover, playing his first contest behind the line, did brilliant work at fullback and scored his team's first touchdown on a nineteen yard off-tackle run.
Linsberger showed considerable speed on end runs and on several occasions got away for lengthy gains. Jarrett, who is also playing his first year in the backfield, was good on line plunges.
The game started when Roy Litaker kicked off to Albemarle. The visitors were unable to gain and punted to Litaker who received on his own 25 yard line. Three consecutive first downs carried the ball within nineteen yards of the goal line and Hoover carried it across when he eluded all tacklers and crossed untouched. Litaker failed to kick goal.
On resuming play after the touch-down, Albemarle tried a forward pass with Williams intercepted on the 40 yard line. Two line plays carried the ball ten yards and an end run by Linsberger carried it another ten yards. The Albemarle team braced and held for three downs. Litaker kicking goal for three points on the fourth down. The quarter ended with the ball in Albemarle's possession on their own 68 yard line.
In the next quarter, Concord again started a forward march down the field but a confused signal lost ground and an intercepted pass by Whitley, who carried the ball 45 yards, put the ball on the visitor's 20 yard line where they were held for downs, the half ending shortly afterward.
The locals were given another chance to score in the next half when McInnis recovered a fumble but again Albemarle braced and an attempt at a drop kick failed. The last touchdown was made in the final quarter when Hoover and Litaker doing the brunt of the work, the ball being carried from mid-field for a touchdown.
Albemarle's only threat came at the last when two forward passes came then their two first downs. Concord (15) Position Albemarle (0)

Past. But Only a Few Jumps Ahead of the Devil.
Monroe Journal.
The Stanly News-Herald comments on the fact that an army aviator has run his plane at the rate of 302 miles an hour. At this rate it may become possible for an airman to fly around the world in 70 hours and other wonders are likely to happen, thinks the New-Herald. But as usual there is a fly in the ointment. The editor intimates that however fast men may fly the devil is likely to fly faster and we are not likely to get out of his way unless we mend our manners.

THE COLE CASE WILL BEGIN ON MONDAY
(Continued From Page One)
which resulted in death.
Immediately after the killing Cole returned to his office and subsequently to his home where he was arrested in a few hours and lodged in Richmond county jail. The defendant remained in jail without privilege of bond until his trial opened at Rockingham on September 28th.
With the killing there appeared a confusing mass of statements relative to Cole's relations with Ormond prior to the killing. Out of them it was possible to ascertain that Ormond, formerly electrician of State College, had paid considerable attention to Miss Elizabeth Cole, daughter of the defendant, for a number of years. Ormond apparently was received into the Cole home for a lengthy period but recently had been denied this privilege.
A number of letters were said to have passed between Cole and Ormond following the request of the former that the latter cease his attentions to Miss Cole. Prior to the trial the contents of these letters were not revealed though there were vague reports as to what they contained.
On the day of the killing Ormond had left his home near Raleigh for a trip to one of the Carolina beaches and decided to pass through Rockingham. Before leaving Raleigh his parents urged him not to go to Rockingham. It was generally believed he wished to communicate with Miss Cole but it was not known whether he accomplished his purpose before the shooting which resulted in his death. It was later in the day that he was killed while about to enter his automobile. First reports were that he was unarmed at the time and later it was stated there was a pistol in the pocket of the automobile on the side opposite to which he had been standing.
Ormond's funeral, held in Rockingham, was said to have been attended by the greatest throng which ever gathered in that little city for a similar service. The young man was a veteran of the world war and had

been gassed in action and for a number of years suffered as a result.
Governor McLean was requested to call a special term of court for the trial on September 21 but it later was decided to hold the term on September 28. The Governor requested former Chief Justice W. A. Hoke of the Supreme Court to preside over the court but the aged jurist replied that he would be unable as he expected to enter a hospital for treatment sometime before the trial. Early in September he underwent a slight operation and died from heart trouble on September 13. Governor McLean then appointed Judge T. B. Finley, of Wilkesboro, to preside at the trial after announcing that he would not appoint any judge which either side urged.
Attorneys for Cole for a number of days refused to state what his defense would be and up to the time of the trial no definite statement had been issued though it had gradually been made known that a plea of self defense probably would be entered. In advance of the trial the State planned to ask for a verdict of first degree murder.
A bill of indictment against Cole charging murder was given to the grand jury immediately it reported for duty at the opening of the special term of court. A staff of outstanding lawyers of the state was employed by the defense while the State was aided in prosecuting the case by lawyers equally noted.

Judge Oglesby Praises Bar.
Salisbury Post.
Judge John M. Oglesby, who held court in Salisbury last week, paid a very high tribute to the Salisbury bar. To a newspaper man he confided his opinion that the Salisbury bar will rank with the lawyers of any city, even of much larger cities. Judge Oglesby declared that for ability the members of the Salisbury bar would stand with any. He was speaking with no view of expectation of being quoted and in the utmost sincerity. One could not listen to the appraisal of this jurist without feeling a personal pride in the personnel of the Salisbury bar.
Morrison Mails His Statement on Delet.
Charlotte, Sept. 25.—Former Governor Cameron Morrison tonight mailed to the press of the State, for publication Sunday morning, the statement promised some time ago. The statement will deal with the financial condition of the State, it is understood, with special reference to what has been termed the "Morrison delet."
The former executive announced something ago that the statement would contain no sensational attack upon Governor McLean or his administration, but that it would contain information which he thought the citizens of the State should have.

Have Been Playing at State Fairs in East This Year With Unusual Success.
The Bernard Shows which will occupy the midway at the Cabarrus County Fair this year take a national reputation and for weeks have been playing at state fairs with unusual success.
The shows this week are at Allentown, Pa., where the Pennsylvania State Fair is being staged. Next week the shows move to the New Jersey fair and they have already shown at the Maryland State Fair.
It is not every county fair that can attract shows which usually play for state fairs only, one officer of the local fair points out. "These shows are known throughout the east as among the best in the country and we are fortunate in getting them on their first trip to the South." The officials predicted that the midway this year will be more attractive than at any fair yet held here.
Dr. T. N. Spencer, secretary of the local fair, has made plans for a force of men to begin whitewashing the fences and trees at the grounds next week. Exhibit halls will be painted where paint is needed and the grandstand will be painted and repaired.
When this work is completed another force of men will get busy on the interior of the exhibit halls so that everything will be in readiness for the fair at least a week prior to the opening day.
SPECIAL MEETING OF BOARD OF ALDERMEN
Several Matters Demanding Immediate Attention Acted Upon by Board at Meeting.
Several matters demanding immediate attention were responsible for a special meeting of the board of aldermen at the city hall Friday night. Called together for the special purpose of disposing of the city's farm, the aldermen gave their attention to several other propositions.
The board ordered the farm sold when a bidder reported that he was authorized to bid \$5,000 for it. It is calculated that the city made about \$300 on the deal.
F. M. Klutz was granted a right of way on the city's property on East Corbin street so he can reach property lying beyond that owned by the city.
The board ordered the city engineer and building inspector to inspect the poles and wires of the North Carolina Public Service Co. here and report at the next meeting. The aldermen have been advised that some of the poles and wires in the city are becoming dangerous.
The city attorney was instructed to draw up an amendment to the ordinance covering the election of a fire chief so as to change the election date from December to October. Another change would make the election by the aldermen instead of by the city firemen.
STRANGER TALKED BACK TO OFFICERS OF CITY
Was Carried to Police Headquarters Where He Apologized and Was Released.
A stranger, claiming to be a Cuban on his way to Florida and then Cuba, was stopped here Friday afternoon when he talked disrespectfully to officers who stopped to question him after the man is said to have told the officers "to get out of the way, I'm in a hurry."
Some sort of drink, the nature of which the officers could not determine, was found in the man's Buick roadster. He claimed the beverage was not contraband and his claim could not be disputed.
The stranger apologized when carried to police headquarters, insisted that he was not drinking intoxicating liquors and promised to leave the city without delay. He was released and when last seen was headed south.

ANOTHER THEATRICAL MARRIAGE SHATTERED
Doris Keane, Long a Broadway Star, Finds It Impossible to Live With Husband.
New York, Sept. 24.—The romance of Doris Keane, who for eight years played the leading role in the play "Romance," has been shattered.
Just back from abroad she revealed today that she obtained a divorce in Paris from Basil Sidney, who long made stage love to her. In "Romance," Sidney was a young clergyman captivated by a prima donna, who rejected him for the sake of his career.
In "The Cearina," Sidney was a
