## HIGHS PREPARING FOR SALISBURY CONTEST

With Two Victories On Their String, They Hope to Make Friday's Game the Third.

With the Albemarle and Mooresville contests safely tucked away as the Concord Highs are looking confidently toward Salisbury when they tackle the football eleven from the Rowan metropolis in what should be a rare battle Friday.

The Highs are working under no delusions. They realize that in Salisbury they have competition which is stiffer than that which they have had on the past two weeks and that in order to win, they must needs extend themselves to the limit.

On the other hand, however, they have not heretofore in either of the games they have played had to put themselves out to the limit and so have really not shown what they can do if they have to "put out."

Practice has been going steadily forward this week with some more advanced plays taking the place of the simple straight formations which have been the order of the day in getting underway during the earlier part of the season. If Coach McAuley can get his boys working just right, they may show the Salisbury youth some tricks worth remembering.

Thus far the team has been very fortunate, not having had an injury of any importance. If this good luck continues, Coach McAuley is confident that he will have one of the strongest teams hereabouts.

### THE KITCHEN ORCHESTRA

A Most Interesting and Unique Program Friday Night.

Go to the High School auditorium Friday evening and hear the War Mothers Kitchen Orchestra in a program that will be unusual and unique to the last degree. An array of talents has been secured that will guarantee an evening of rare enjoyment, and there are indications that a record house will greet the players. Unusual instruments will be used and unusual music produced. Join the crowd and enjoy the music.

Funeral Services Held For Mrs. Ritchie at St. Johns.

Mrs. Mary Rebecca Ritchie, aged 67 years, died at her home in No. 8 township Monday after an illness of several months' duration. Funeral services were held at St. Johns Lutheran Church and burial was made in the St. Johns churchyard, Rev. M. L. Kester officiating, assisted by Rev. L. D. Miller.

Mrs. Ritchie was born at St. Johns on January 26, 1858. She married Monroe Ritchie and to this union were born ten children, all of whom are now living. She was a lifelong and faithful member of St. Johns Church.

Surviving is her husband and four brothers, one sister, ten children and 32 grandchildren.

### Prevention of Hydrophobia.

Fortunately for the human race, as well as for his friend the dog, Pasteur, a great French scientist, worked out and perfected a preventive treatment for rabies that has saved thousands of lives. This treatment was announced to the world about 1884. Every state in the south, as far as I know, has a state laboratory where the heads of animals suspected of having rabies can be examined.

A dog suspected of having rabies should be killed, the head removed, placed in a tin container, this container placed in a wooden box and ice packed around it if possible, and sent to the State Laboratory for examination.

The following officers were elected for the year 1925-26.

President—Mrs. J. P. Cook.

First Vice President—Mrs. S. J. Ervin.

Second Vice President—Miss Lottie Boyd.

Secretary—Miss Janie Klutz.

Treasurer—Miss Margie McEachern.

Corresponding Secretary—Mrs. Zeb Moore.

The visiting committee for October is composed of the following ladies: Mrs. W. M. Linker, Mrs. Fred McConnell and Mrs. E. E. Peeler.

It was decided that as colder weather is approaching it would be wise to replenish the clothing in the Kings Daughters closet at the city hall and all who will are asked to send bundles of clothing to the closet.

At the recent State convention the annual dues, per member, to the state and national orders were increased fifteen cents. Therefore, a motion was made that hereafter the annual dues of this chapter be raised from eighty cents per member, to one dollar.

Mrs. I. A. Yow was presented to the circle as a new member.

Interesting echoes of the state convention were given by several of those who had attended the meeting in Salisbury.

After the mutual benediction the circle adjourned to meet with Mrs. J. A. Cannon in November.

### SECRETARY.

Born to Mr. and Mrs. W. C. Peurfoy, Monday, October 5th, a son at the Concord Hospital.

## THE SLOT MACHINE LAW

Includes Also Punch Boards and Other Gambling Devices.

The following is a statewide law regarding the operation of slot machines, punch boards and other gambling devices. The bill was introduced in the House of Representatives on 1923 by Representative J. B. Sherrill, of Cabarrus:

### The General Assembly of North Carolina Do Enact.

Section 1. That it shall be unlawful for any person firm or corporation to operate, keep in his possession or in the possession of any other person, firm or corporation, for the purpose of being operated, any slot machine that shall not produce for or give to the person who places coin or money, or the representative of either, the same return in market value each and every time such machine is operated by placing money or coin or the representative of either therein.

Section 2. Each time said machine is operated as aforesaid shall constitute a separate offense.

Section 3. That it shall be unlawful for any person, firm or corporation to operate or keep in his possession, or the possession of any other person, firm or corporation, for the purpose of being operated, any punch board, machine for vending merchandise, or other gambling device by whatsoever name known or called, that shall not produce for or give to the person operating, playing or patronizing same, whether personally or through another, by paying money or other things of value for the privilege of operating, playing or patronizing same, whether through himself or another, the same return in market value, each and every time such punch board, machine for vending merchandise, or other gambling device, by whatsoever name known or called, is operated, played or patronized by paying money or other things of value therefor, shall constitute a separate violation of section four (4) as to operation thereunder.

Section 4. That each time said punch board, machine for vending merchandise, or other gambling device, by whatsoever name known or called, is operated, played, or patronized by the paying of money or other things of value therefor, shall constitute a separate violation of section four (4) as to operation thereunder.

Section 5. That a violation of any of the provisions of this act shall be a misdemeanor punishable by a fine or imprisonment, or, in the discretion of the court, by both.

Section 6. That all laws and clauses of laws in conflict with the provisions of this act are to the extent thereof hereby repealed.

Section 7. That this act shall be in force from and after its ratification.

Ratified this the 3rd day of March, A. D. 1923.

## BOARD OF EDUCATION IS PERFECTING PLANS

Getting Everything In Readiness to Begin Program Bigger and Better High Schools In County.

At their October meeting held in the court house here, members of the county board of education continued discussion of plans for a new system of high schools in the county, conferred with John J. Blair, of the State department of education, and took definite steps to secure money with which to begin the building program.

Mr. Blair, who is director of buildings and sites for the high school division of the State department of education, was given a detailed survey of the plans for the new buildings, his knowledge being sought due to his wide experience in such matters. It is understood that he gave his approval to the proposed plans.

The board members signed peti-

tions to be presented to the State asking for loans with which to start the building program, the petition seeking funds without delay so the work can be started as soon as practicable.

Those schools which have a six months term were ordered to begin work Monday, October 26th, under an order adopted by the board. The schools will comply with the order unless local conditions make it necessary to postpone the opening. Since the plan of conducting uniform tests during the spring term was started, it is possible for all of the six months schools to begin simultaneously now.
