Scott Sidney, who directs the Al Christie presentation, "Seven Days." which appears at the Concord Theatre for a two-day run, make it unroariously funny. In fact he-even makes the worried expression of Lillian Rich and Creighton Hale, who play the leading roles, objects of side-splitting All the same, such a combination, in any home, without Mr. Sydney to direct it to the successful and happy ending which terminates the two hours of laughter to be derived out of this screen comedy, would be a mear catastrophe.

"Seven Days" is based on the famous Broadway laugh success by Avery Hopwood, and Mary Roberts Rinehart. Supporting Miss Rich and Mr. Hale under Sidney's direction are Lilyan Tashman, Mabel Julienne Scott, Hallam Cooley, William Austin and Tom Wilson.

As the only way to secure a good ballet is to have all the members instructed after the same method and as the Chicago Company did not have such a school, Pavley and Oukrainsky established their own school wherein they could train and develop the talents of young American girls instead of having to look for dancers in foreign countries. From this schiol they could furnish the opera with dancers, trained according tatheir own special method and thus produce an ensemble of surpassing excellence. From this modest beginning grew the fannous organizaexcellence. From this modest be-ginning grew the famous organiza-tion and school which is known (aroughout the world.

EXHIBIT TENT BLOWS DOWN THIS MORNING

Almost Miraculous Escape From Injuries and Damage to Exhibits in Collapse.

The wind this morning, which blew in what almost approximated a gale.

at the Fair Grounds, the entire covering falling in a tangled mass on top of the numerous exhibits on display. That no one was injured and that very small damage was done was almost miraculous.

Few spectators in the tent at the time it fell probably accounted for the fact that there were no injuries. Warfing sounds from one of the upright poles gave opportunity for everyone to escape before the canvas, ropes and poles precipitated themselves.

As for the scanty damage done to the exhibits, there is no way to account. Only one pole in the total number fell on an automobile, an open Chevrolet, breaking the top covering so that a new one will probably have to be put on it. In the remainder of the tent, poles fell in most uncanny places, barely missing crushing automobiles and doing damage to the other exhibit.

The most startling "miss" occurred in the Concord Motor Company's exhibit, where a space of less than a yard separated an Overland and an Essex Coach. Into this harrow lane fell one of the larger posts as it hurtled its way downward.

According to persons in the tent at the time it blew down, the heavy wind during the morning had been rocking the tent but there was no thought that

The Better Buick is a Man-sized Motor Car

People appreciate a smart-driving, easily-handled, but full-sized, man-sized car. The Better Buick, for instance.

Each Buick model seats its capacity of full-grown people—in relaxed ease—without cramped legs or necks. Tall people, especially, enjoy its extra head-room and leg-room.

American men and women are above the average stature. And a smaller car than Buick is apt to be tight-fitting, low-ceilinged, crowded!

Drop in and try the ample, arm-chair comfort of a car that is right in size. Bring some of your six-footer friends. You will find another big reason why Buick is so widely considered a better motor car—another reason why there are a million and more enthusiastic Buick owners.

Or telephone, and we will send a Better Buick to your home or office for you to try.
