LOCAL MENTION

George Howard, who is attending school in Raleigh at State College, returned to Concord Friday, being called home on account of the illness and death of his little sister.

Numbers of students of State College are planning to attend the State-Davidson football game this afternoon at Davidson.

Services at Central Methodist Church will be conducted tomorrow by Rev. R. M. Courtney, who has come to the city to take charge of the pastorate.

R. P. Benson, who suffered a stroke of paralysis several months ago, and who has recently been visiting at the home of his wife's father while recuperating, returned to the city this morning.

Cotton took another drop today after an early week slump in prices following an announcement that there would be a fifteen million bale crop this year.

Nevin Sappenfield, who returned to his home Wednesday after having been in the Charlotte Sanatorium for six weeks on account of a broken leg, returned to the Sanatorium for treatment Friday.

Tickets for the Pavley-Oukrainy Ballet Russe will be placed on sale Monday, according to H. W. Blanks, who has charge of their distribution.

Weather conditions today continued to be unsettled, although the downpour which started Friday afternoon and continued well into the night had stopped.

The State College football team, en route to Charlotte where the members spent the night prior to playing at Davidson today, stopped in Concord a short while Thursday evening and took a workout on Webb Field at the conclusion of the Spencer-Concord game.

TUBERCULOSIS BEING CHECKED IN STATE

However, Conditions Are Not as Good As They Should Be Yet.

Although Dr. McCain estimates that there are at least 15,000 cases of the disease in North Carolina, there are only 873 hospital beds in this state for tuberculous cases, he states.

Dr. McCain's estimate of the number of cases of tuberculosis in this state is based, he says, upon the number of deaths, and includes cases in all stages of the disease—arrested, quiescent, and active.

Two thousand three hundred fifty-five new cases were reported during the fiscal year ending June 30th, last, he states.

Death of L. White Busbey. Washington, Oct. 31.—(AP)—L. White Busbey, for four years a familiar figure in Washington political life, died here today at the age of 73.

Some of the islands off the coast of New Zealand are the home of curious creatures known as tuatara, which are supposed to be the oldest living type of animal.

ADJUTANT GENERAL ORDERED TO ASHEVILLE

Governor McLean Orders Troops to Be Held Ready.

Three cases of assault on white women by negroes have greatly aroused Asheville and while the governor's action is regarded as purely a precautionary measure it was felt that the situation fully justified such a step.

If an inch were cut off the bottom of every Chinaman's shirt it would reduce the price of cotton a cent a pound, it is said.

When the cylinders of your automobile become filled with carbon you have it removed. But when your range or heater burners clog with carbon, dust and lint, you often go on using them just the same.

Remove and boil gas range burners once each month. Thoroughly clean all gas heater burners before winter and several times during the heating season.
