TOM SIMS SAYS
This weather is so changeable the man in charge must be a woman. Being your brother's keeper doesn't mean keep his shirts. It is foolish to go around knocking people with the hope that you will be mistaken for opportunity. You will find the silver lining to most clouds tarnished from lack of use. Still your good or bad feelings long enough and they will escape so distorted you won't know them yourself. (Copyright, 1925, NEA Service, Inc.)

The Big Meetin' and Playing Bridge

A story is told of a Jew, who one summer day, slipped into a restaurant and ordered himself a pork chop. When he emerged from the dining room there was a keen clap of thunder from a gathering storm cloud. Whereupon the Israelite exclaimed, "Mine Gott! What a big fuss over a leedle piece of hog meat."

About every town there is a big meetin' in one of the Monroe churches some of the good ladies who love to play bridge, stop off altogether for the time being or switch off on to rook. Evidently these people are superstitious as was the Jew, and fearful of a calamity befalling them during the week of prayer.

Only recently I was asked by a member of one of Monroe's bridge clubs if I believed it wrong to play cards—that she rarely saw a report in "The Evening Post" of bridge club meetings. I told the lady that I saw no particular harm in shufflin' little pieces of pasteboard across a slick top table. What else could a mere man have said under the circumstances?

But I did withhold the mental reservation that if the sistern' could only find something better and more worth while to do, perhaps they would consider card-playing futile and a great waste of time.

For don't you know folks, that it's down on this earth that's going to damn our souls, but rather leaving off those things we should have done?

Give Ways Suggested to Prevent Gas Waste

Five don'ts by an experienced housekeeper that will help to prevent the waste of gas are suggested by the North and South Carolina public utility information bureau, as follows:

Don't start your meals at the last minute, making it necessary to run the gas flame up the side of the kettles. Cook your food slowly on a low gas, thus making it more nourishing and more economical.

Don't leave the gas burning with nothing on it while you are busy filling the teakettle or doing other household duties.

Don't heat the tank for a bath and then spend half an hour darning your husband's socks, or gossiping with the neighbors.

Don't allow a half-filled tea-kettle to boil while you are washing dishes. Keep it well filled or turn off the gas when you start washing them.

Don't allow even a slight leakage of gas.

The heaviest short shower on record occurred on the Isthmus of Panama at Porto Bello, May 1, 1908, when 2.47 inches of rain fell in three minutes.

TWO YEAR TREATMENT SHOWED NO IMPROVEMENT

Local Woman Then Began Using HERB JUICE.—Says She Now Feels Better Than She Has For Years.

Your HERB JUICE is the only medicine in the world that ever gave me any relief, and as I learned about it through the papers, I feel that I, too, should give a statement which I hope will help someone else.

Such was part of the statement received by the HERB JUICE man a few days ago from Mrs. R. V. Simpson, 37 Main St., Concord, who is well known here, having lived in Concord for the past 24 years. Mrs. Simpson said, "Before I used HERB JUICE I was sick all the time, seemed as though everything was wrong with me. I had terrible pains across my back and headaches that would make me sick all over; my nerves were also in bad shape, stomach out of order, and I felt miserable all the time. Could not rest or sleep at night, and was badly constipated. I think I took most everything for this trouble, but I got no relief. For two years I took treatments at a hospital, and when they did not restore my health, I was about ready to give up. In reading the paper one day I noticed an ad about HERB JUICE, that just seemed to fit my case, so I began using it at once. Much to my surprise the first bottle helped—so I continued using it with the result that I feel better now in every way than I have for years. My stomach is in fine shape—never have any trouble from gas or pains after eating, and have been relieved of those sick, nervous headaches. I have a fine appetite, sleep and rest well at night and have gained nine pounds. HERB JUICE has also proven to be a wonderful regulator and fine for constipation. In short, HERB JUICE is the best medicine I have ever used and I gladly recommend it."

HERB JUICE is sold and guaranteed to give satisfaction or money refunded, in Concord by Gibson Drug Store, Also F. L. Smith Drug Co., Kannapolis, N. C.

MISS MAUDE WALLACE GETS YEAR'S LEAVE

Will Spend Year With Family and in Travel and Study.
Raleigh, N. C., Nov. 9.—According to an announcement from Mrs. Jane S. McKimmon, state home demonstration agent for the State College of Agriculture, a leave of absence for one year has been granted Miss Maude Wallace, assistant state home agent.

"Miss Wallace has been granted a year's leave of absence beginning January first, 1926," says Mrs. McKimmon. "She will spend the entire year on vacation with her family though some time will be given over to travel and study. Miss Wallace began work for the College on May 13, 1919 when we secured her as home agent for Cabarrus County. She soon demonstrated that she had unusual executive ability, so she was promoted to district agent in charge of the piedmont district about six months later. She remained in this position for one year, when we again promoted her to be assistant state home demonstration agent with headquarters here at Raleigh. Miss Wallace has traveled constantly over the State working with home agents in combining their plans of work with the State program. She has always devoted much attention to organizing the work, in holding short courses for club girls in assisting with club encampments and in training and selecting demonstration teams from among the young ladies trained by the county agents."
